German Lion RMBS S.A.**DIRECTOR'S REPORT**

The Board of Directors (the "**Board**") of German Lion RMBS S.A. (the "**Company**") herewith submits its report for the period ended 31 December 2021.

General

The Company is a securitisation Company within the meaning of the Luxembourg Law of 22 March 2004 on securitisation, as amended (the "**Securitisation Law**") and has as its corporate purpose the securitisation of receivables including residential mortgages receivables and related receivables, notes, shares, partnership interests, government bonds, treasury bills, debt and equity securities, other financial instruments and other assets or liabilities of third parties or inherent to all or part of the activities carried out by third parties (the "**Permitted Assets**").

The Company may, in accordance with the terms of the Securitisation Law, and in particular its article 4, create one or more compartments. Each compartment shall, unless otherwise provided for in the resolution of the Board creating such compartment, correspond to a distinct part of the assets and liabilities in respect of the corresponding funding.

Summary of activitiesCompartment 2021-1

On 19 May 2021, the Company created one compartment named Compartment 2021-1 ("**Compartment 2021-1**"). Compartment 2021-1 purchased a pool of monthly paid residential mortgage receivables (the "**Mortgage Receivables**" or "**Permitted Assets**").

Portfolio of Permitted Assets

The underlying assets held by Compartment 2021-1 are solely comprised of a portfolio of mortgage loans originated by ING DiBa AG (the "Seller") and secured over residential properties located in Germany. The relevant mortgage loans as well as the mortgages relating to such mortgage loans have been entered into the refinancing register of the Seller with the Issuer as beneficiary.

The Initial Purchase Price for the acquisition of the Mortgage Receivables portfolio acquired by Compartment 2021-1 comprises an amount of EUR 8,732,977.263.75 as initial Aggregate Outstanding Principal Amount and an amount of EUR 110,456,700.00 as Issuance Bonification. The Issuance Bonification amount is amortised on a straight-line basis through profit and loss accounts.

During the period an amount of EUR 368,831,467.12 was collected by way of principal repayments/repurchases and EUR 635,854,202.60 reinvested into the portfolio.

As at 31 December 2021, the outstanding balance of the investment held by Compartment 2021-1, including the balance of Issuance Bonification and any impairment adjustments amounts to EUR 8,999,151,571.27.

Class A and Class B Mortgage Backed Floating Rate Notes due November 2109

On 24 November 2021, the Company acting on behalf of its Compartment 2021-1 entered into a Note Purchase Agreement whereby Company issued EUR 8,235,000,000 and EUR 765,000,000 interest bearing Class A and Class B Notes (the "**Notes**") respectively. The Class A Notes have been admitted to listing on the official list of the Luxembourg Stock Exchange (Bourse de Luxembourg) and to trading on its regulated market (segment for professional investors). The Class A Notes have been issued at a premium in the total amount of EUR 110,513,700 which is amortised on straight-line basis through profit and loss accounts.

As at 31 December 2021, the outstanding balance of Notes issued by Compartment 2021-1 are presented as follows:

Instrument	CCY	Outstanding amount	Maturity Date
Class A Notes	EUR	8,235,000,000.00	November 2109
Class B Notes	EUR	765,000,000.00	November 2109

The Notes are backed by substantially all of the assets of the Company consisting primarily of the Company's right, title and interest in the Mortgage Receivables which have been transferred to the Company.

Hedging instruments

The Company has entered into swap agreements for each class of Notes to hedge the interest rate risk deriving from the scheduled periodic payments payable by the borrowers to the Company and the floating rate interest payments owed by the Company under the Notes. The swap agreements entered by the Company have ING DiBa as counterparty.

German Lion RMBS S.A.

DIRECTOR'S REPORT (CONTINUED)

Audit committee

The Board duly notes that, based on Article 52 of the law of 23 July 2016 concerning the audit profession (the "Audit Law"), the Company is classified as a public-interest entity and is required to establish an audit committee.

However, the Company's sole business is to act as issuer of asset-backed securities as defined in point (5) of Article 2 of Commission regulation (EC) N° 809/2004. Therefore, it is exempted from the audit committee obligation based on Article 52 (5) c).

The Company has concluded that the establishment of a dedicated audit committee or an administrative or supervisory body entrusted to carry out the function of an audit committee is not appropriate for the nature and extent of the Company's business which consists merely of an interest in assets to which the limited recourse Notes issued are linked. Furthermore, the Company operates in a strictly defined regulatory environment (e.g. Securitisation Law, CSSF supervision, listing on EU-regulated market) and is subject to respective governance mechanisms.

Acquisition of own shares

The Company may, to the extent and under the terms permitted by law, purchase its own shares. During the year ended 31 December 2021, the Company has not purchased any of its own shares.

Research and development activities

The Company was neither involved nor participated in any kind of research or development activities in the year ended 31 December 2021.

Branches and participations of the Company

The Company does not have any branches or participations.

Related business risks

Credit risk:

The Company may be exposed to a credit risk with third parties with whom it trades and may also bear the risk of settlement default.

Counterparty risk:

Some of the assets and derivatives will expose the Company to the risk of Counterparty default.

Interest rate risk:

The Permitted Assets bear interest at fixed rates while the Notes bear interest at floating rates based on 3-months EURIBOR + Margin. The Company will hedge afore-described interest rate risk related to the Notes and will use payments made by the swap counterparties to make payments on the Notes on each Payment date. The Board considers however that the excess spread of the structure would cover any movements in the 3-months EURIBOR.

The liquidity risk, market risk, currency risk and the price risk are not defined as the directors of the Company believe that these risks are not applicable for the Company or are not deemed as principal risks to the Company as a whole.

Subsequent events

In February 2022, a number of countries (including the US, UK and EU) imposed sanctions against certain entities and individuals from Russia as a result of the official recognition of the Donetsk People Republic and Lugansk People Republic by the Russian Federation. Announcements of potential additional sanctions have been made following military operations initiated by Russia against the Ukraine on 24 February 2022.

Due to the growing geopolitical tensions, since February 2022, there has been a significant increase in volatility on the securities and currency markets, as well as a significant depreciation of the Ruble against the US dollar and the euro. It is expected that these events may affect the activities of Russian enterprises in various sectors of the economy.

The Company regards these events as non-adjusting events after the reporting period.

Although neither the Company's performance and going concern nor operations, at the date of this report, have been significantly impacted by the above, the Board continues to monitor the evolving situation and its impact on the financial position and results of the Company.

No other events have occurred subsequent to the year-end which would have a material impact on the financial statements as at 31 December 2021.

German Lion RMBS S.A.

CORPORATE GOVERNANCE STATEMENT

Voting rights

Each issued share holds one vote in a meeting of shareholders. No special voting rights exist, nor does the sole Shareholder has any special right of control.

Board

The Company is managed by a Board comprising at least three members. The directors, whether shareholders or not, are appointed for a period not exceeding six years by the sole Shareholder, who may at any time remove them.

The Board is vested with the powers to perform all acts of administration and disposition in compliance with the corporate objects of the Company. The Company will be bound in any circumstances by the joint signatures of two members of the Board unless special decisions have been reached concerning the authorised signature in case of delegation of powers or proxies.

As at 31 December 2021, Zamyra Cammans, H el ene Grine Siciliano and Meenakshi Mussai Ramassur were directors of the Company.

Internal control and risk management procedures

The Board is responsible for managing the Company and carefully managing the Company's system of internal control and risk management. Its members are jointly accountable for the management of the Company and ensure that the statutory and legal requirements and obligations of the Company are met and complied with.

The Board has the overall responsibility for the Company's system of internal control and for achieving its effectiveness. This system of internal control is designed to manage, rather than eliminate, risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. The Company operates a management structure with clear delegated authority levels and clear functional reporting lines and accountability. All relevant decisions are subject to appropriate authorisation procedures. The Board monitors financial and operational performance and compliance controls on a continuing basis and identifies and responds to business risks as they arise.

Instruments listed on regulated market

The Company has issued Class A Notes which are traded on the Luxembourg Stock Exchange, but no other instruments such as shares of the Company are traded on any regulated market.

As the Company has only issued securities other than shares to trading on a regulated market within the meaning of Article 4, paragraph (1), point 14), of Directive 2004/39/EC and has not issued shares which are traded on a multilateral trading facility within the meaning of Article 4, paragraph (1), point 15) of Directive 2004/39/EC, it is not under an obligation to subject itself to a corporate governance code and has not opted to voluntarily subject itself to any corporate governance code.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

Report on the audit of the annual accounts

Opinion

We have audited the annual accounts of German Lion RMBS S.A. (the "Company"), which comprise the balance sheet as at 31 December 2021, and the profit and loss account for the period from 18 May 2021 (date of incorporation) to 31 December 2021, and notes to the annual accounts, including a summary of significant accounting policies.

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of the Company as at 31 December 2021 and of the results of its operations for the period from 18 May 2021 (date of incorporation) to 31 December 2021 in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

Basis for opinion

We conducted our audit in accordance with the EU Regulation N° 537/2014, the Law of 23 July 2016 on the audit profession ("Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the EU Regulation N° 537/2014, the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the « Responsibilities of "réviseur d'entreprises agréé" for the audit of the annual accounts » section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts of the current period. These matters were addressed in the context of the audit of the annual accounts as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of financial fixed assets “other loans”

a) Why the matter was considered to be one of most significance in our audit of the annual accounts for the financial period from 18 May 2021 (date of incorporation) to 31 December 2021

The Company is a securitisation vehicle having as its corporate purpose the securitization of mortgage loan receivables (classified as “other loans”) acquired from ING-DiBa AG. The Company has no substantial assets (except cash and receivables) other than mortgage loan receivables amounting to EUR 9,109,665,271.27 and representing 99,8% of Total Assets as at 31 December 2021, and is mainly exposed to the valuation risk of those mortgage loans receivables due to the underlying credit risk of the borrowers.

Certain aspects of the valuation of mortgage loans receivables require significant management judgement, such as the identification of loans that are deteriorating, the assessment of objective evidence for impairment, the value of collateral and the estimation of the recoverable amount.

Due to the significance of “other loans” balance and the significant management judgement involved, we consider their valuation as a key audit matter.

We refer to the accounting policies in Note 2.2.2 and Note 3 “other loans” of the annual accounts.

b) How the matter was addressed in our audit

Our procedures over the valuation of mortgage loan receivables included but were not limited to:

- As the underlying processes for the valuation of mortgage loan receivables is located at the level of ING-DiBa AG, we involved KPMG Germany, the auditor of ING-DiBa AG (the Bank), to assist us with the following procedures:
 - to test the design and implementation and the operating effectiveness of relevant key controls on the valuation of the mortgage loan receivables as at 31 December 2021 and throughout the period from 18 May 2021 (date of incorporation) to 31 December 2021.
 - to test the collective valuation allowances based on the Bank’s credit risk models.
 - when impairment losses were identified by the Company, to assess as to whether the estimates made regarding the amount and timing of future customer cash flows are appropriate, and how, if relevant, deferrals of payments were taken into account.
- We assessed the procedures performed by and the reporting received from KPMG Germany and challenged them where deemed necessary.

Other information

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report including the Directors’ report and the Corporate Governance Statement but does not include the annual accounts and our report of the “réviseur d’entreprises agréé” thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the annual accounts

The Board of Directors is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the réviseur d'entreprises agréé for the audit of the annual accounts

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the EU Regulation N° 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the EU Regulation N° 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the annual accounts of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes public disclosure about the matter.

Report on other legal and regulatory requirements

We have been appointed as "réviseur d'entreprises agréé" by the Shareholders on 18 May 2021 and the duration of our uninterrupted engagement, including previous renewals and reappointments, is zero year.

The management report is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

The Corporate Governance Statement is included in the Directors' report. The information required by Article 68ter paragraph (1) letters c) and d) of the law of 19 December 2002 on the commercial and companies register and on the accounting records and annual accounts of undertakings, as amended, is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

We confirm that the prohibited non-audit services referred to in the EU Regulation N° 537/2014 were not provided and that we remained independent of the Company in conducting the audit.

German Lion RMBS S.A.

NOTES TO THE ANNUAL ACCOUNTS

Note 1 - General information

The Company is a Luxembourg limited liability company incorporated in Luxembourg on 18 May 2021 for an unlimited period under the legal form of "Société anonyme" having its corporate office at 22-24, Boulevard Royal, L-2449 Luxembourg, Grand-Duchy of Luxembourg. The Company is registered at the Registre de Commerce et des Sociétés of Luxembourg City under number B255534.

The accounting period of the Company begins on the 1st of January and terminates on the 31st of December, except for the first period of activity which began on 18 May 2021, date of incorporation, and terminated on 31 December 2021.

The purpose of the Company is the Securitisation, within the meaning of the Securitisation Law, of receivables including residential mortgages receivables and related receivables, notes, shares, partnership interests, government bonds, treasury bills, debt and equity securities, other financial instruments and other assets or liabilities of third parties or inherent to all or part of the activities carried out by third parties (the "**Permitted Assets**"). The Company may enter into any agreement and perform any action necessary or useful for the purposes of securitising Permitted Assets, including, without limitation, disposing of its assets in accordance with the relevant agreements.

The Company may only carry out the above activities if and to the extent that they are compatible with the Securitisation Law.

The Company may, in accordance with the terms of the Securitisation Law, and in particular its article 4, create one or more compartments. Each compartment shall, unless otherwise provided for in the resolution of the Board creating such compartment, correspond to a distinct part of the assets and liabilities in respect of the corresponding funding.

Each compartment shall correspond to a distinct part of the assets and liabilities in respect of the corresponding funding. The resolution of the Board, or in case of plurality of directors, the Board creating one or more compartments within the Company, as well as any subsequent amendments thereto, shall be binding as of the date of such resolutions against any third party.

As between investors, each compartment of the company shall be treated as a separate entity. Rights of creditors and investors of the Company that (i) have been designated as relating to a compartment or (ii) have arisen in connection with the creation, the operation or the liquidation of a compartment are strictly limited to the assets of that compartment which shall be exclusively available to satisfy such creditors and investors. Creditors and investors of the Company whose rights are not related to a specific compartment of the Company shall have no rights to the assets of any such compartment.

Unless otherwise provided for in the resolution of the Board, or in case of plurality of directors, the Board of the Company creating such compartment, no resolution of the Board of the Company may amend the resolution creating such compartment or to directly affect the rights of the creditors whose rights relate to such compartment without the prior approval of the creditors whose rights relate to such compartment. Any decision of the Board or in case of plurality of directors, the Board, taken in breach of this provision shall be void.

Fees, costs, expenses and other liabilities incurred on behalf of the Company as a whole shall be general liabilities of the Company and shall not be payable out of the assets of any compartment. If the aforementioned fees, costs, expenses and other liabilities cannot be otherwise funded, they shall be apportioned pro rata among the compartments of the Company upon a decision of the Board. Without prejudice to what is stated in the preceding paragraphs, each compartment of the Company may be separately liquidated without such liquidation resulting in the liquidation of another compartment of the Company or of the Company itself.

As the Company has only one active compartment as at 31 December 2021, no separate statement per compartment is made in these annual accounts. The subscribed capital of EUR 30,000 belongs to the capital compartment and is not disclosed separately.

The Company is included in the consolidated accounts of ING Groep N.V., forming the largest body of undertakings of which the Company forms a part as a subsidiary undertaking. The registered office of ING Groep N.V. is located at Bijlmerplein 888 Amsterdam, 1102 MG Netherlands and the consolidated accounts are available at the same address.

In addition, the Company is included in the consolidated accounts of ING Holding Deutschland GmbH, forming the smallest body of undertakings included in the body of undertakings referred to in the above-mentioned paragraph of which the Company forms a part as a subsidiary undertaking. The registered office of ING Holding Deutschland GmbH is located at Theodor-Heuss-Allee 2, 60486 Frankfurt am Main, Germany and the consolidated accounts are available at the same address.

Capitalised terms not defined within these audited annual accounts are defined in the respective Transaction Documents of each compartment of the Company.

German Lion RMBS S.A.

NOTES TO THE ANNUAL ACCOUNTS (CONTINUED)

Note 2 - Summary of significant accounting policies

2.1 Basis of preparation

These annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements under the historical cost convention. Accounting policies and valuation rules are, besides the ones laid down by the Law of 19 December 2002 (as amended), determined and applied by the Board.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. The Board believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Board makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

These annual accounts were prepared on a going concern basis as the Board did not identified any material uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as going concern.

2.2 Significant accounting policies

The main accounting policies applied by the Company are the following:

2.2.1 Formation expenses

The formation expenses of the Company are directly charged to the profit and loss account of the year in which they are incurred.

2.2.2 Financial assets

Permitted Assets included in financial assets are valued at the lower of carrying amount/cost and carrying amount/cost less value adjustment (valuation allowance).

Issuance Bonification amount on Permitted Assets is amortised on a straight-line basis through profit and loss accounts.

Valuation allowances are determined depending on the changes in credit quality since the time of initial recognition. They are calculated either in the amount of the 12-month expected credit loss or, if there is a significant deterioration in the default risk compared to the date of initial recognition or a default event, in the amount of the expected credit loss over the remaining term of the loan (lifetime expected loss).

2.2.3 Debtors

Debtors are recorded at their nominal value. They are subject to value adjustments where their recoverability is either uncertain or compromised. These value adjustments are not continued if the reason for which the value adjustments were made has ceased to apply.

2.2.4 Deferred Income

This liability item includes income received during the financial year but relating to a subsequent financial year.

2.2.5 Foreign currency translation

The annual accounts are stated in EUR. No transactions in other currencies have occurred.

2.2.6 Creditors

Non-convertible loans issued are stated at par value less any repayments made to their principal.

Creditors are recorded at their reimbursement value. Where the amount repayable on account is greater than the amount received, the difference may be accounted for in the profit and loss account when the debt is issued.

2.2.7 Interest receivable and payable

Interest receivable and payable are recorded on an accrual basis.

German Lion RMBS S.A.**NOTES TO THE ANNUAL ACCOUNTS (CONTINUED)****Note 2 - Summary of significant accounting policies (continued)****2.2.8 Equalisation Provision**

Losses during the year as a result from sales, default, lower market values or cost may cause a partial reduction on the assets. Such shortfalls will first be borne by the Noteholders in inverse order of the priority of payments.

Consequently, a provision for decrease in value will be made and deducted first from the amount repayable of the Notes and booked in the profit and loss account as "Other operating income".

In the case of a subsequent reversal of such value diminution, the increase in value will first be allocated as per the order of the priority of payments, up to the amount previously deducted.

Similarly, in case of profit made during the year, the Equalisation Provision booked in the profit and loss as "Other operating expenses" would result into an additional liability towards the Noteholders.

2.2.9 Derivative financial instruments

The Company may enter into derivative financial instruments such as swaps in order to reduce its exposure coming from the floating rate of the Notes against the fixed rate of the Permitted Assets. These derivative financial instruments are initially recorded at cost. At each balance sheet date, unrealised losses are recognised in the profit and loss account whereas gains are accounted for when realised. In the case of hedging of an asset or a liability that is not recorded at fair value, unrealised gains or losses are deferred until the recognition of the realised gains or losses on the hedged item. The interests linked to derivatives instruments are recorded on an accrual basis at the closing date. Commitments relating to swap transactions are recorded in the off-balance sheet accounts (see note 19).

Note 15 - Taxes

The Company is subject to all taxes applicable to commercial companies in Luxembourg incorporated under the Securitisation Law.

Note 16 - Staff

The Company did not employ any staff during the financial year.

Note 17 - Emoluments granted to the Board

No emoluments have been granted to the Board, nor have any obligations arisen or been entered into by the Company in respect of retirement pensions for former directors.

Note 18 - Loans or advances granted to the Board

No loans or advances have been granted to the Board.

German Lion RMBS S.A.**NOTES TO THE ANNUAL ACCOUNTS (CONTINUED)****Note 19 - Off-balance sheet commitments**

Compartment 2021-1 has entered into Swap Agreements to hedge the Compartment 2021-1's interest rate risk derived from floating interest rate on the Notes issued (see also note 7). The termination dates of the swap contracts is the earliest of (i) the Final Maturity Date and the date on which all (but not some only) of the Notes then outstanding are redeemed in full.

	Curr	Nominal amount	Fair value
<u>Swap with ING DiBa</u>			
Compartment 2021-1	EUR	9,000,000,000.00	56,009,994.70 (asset)

Note 20 - Audit and non-audit services

Fees that were recognized as other external expenses for services provided during the financial year to the Company by KPMG Luxembourg as Réviseur d'Entreprises agréé and as authorised Cabinet de révision agréé were as follows:

Amount excluding VAT	<u>2021</u>
	EUR
Audit fees	25,798.50
Other assurance services	-
Tax advisory services	-
Non-audit services	-
Total	<u><u>25,798.50</u></u>

Note 21 - Subsequent events

In February 2022, a number of countries (including the US, UK and EU) imposed sanctions against certain entities and individuals from Russia as a result of the official recognition of the Donetsk People Republic and Lugansk People Republic by the Russian Federation. Announcements of potential additional sanctions have been made following military operations initiated by Russia against the Ukraine on 24 February 2022.

Due to the growing geopolitical tensions, since February 2022, there has been a significant increase in volatility on the securities and currency markets, as well as a significant depreciation of the Ruble against the US dollar and the euro. It is expected that these events may affect the activities of Russian enterprises in various sectors of the economy.

The Company regards these events as non-adjusting events after the reporting period.

Although neither the Company's performance and going concern nor operations, at the date of this report, have been significantly impacted by the above, the Board continues to monitor the evolving situation and its impact on the financial position and results of the Company.

No other events have occurred subsequent to the year-end which would have a material impact on the financial statements as at 31 December 2021.

Luxembourg, 30 June 2022
