

BASE PROSPECTUS

This document constitutes a base prospectus in respect of non-equity securities within the meaning of Article 8 of Regulation (EU) 2017/1129 (the "**Base Prospectus**").

DRIVER UK Multi-Compartment S.A.

acting for and on behalf of its Compartment Private Driver UK 2020-1

(incorporated with limited liability in Luxembourg with registered number B 189.629)

as Issuer

GBP 1,000,000,000 Programme for the Issuance of Asset Backed Notes (the "**Programme**")

Under this Programme, Driver UK Multi-Compartment S.A., acting for and on behalf of its Compartment Private Driver UK 2020-1 (the "**Issuer**") may from time to time issue asset backed floating rate Class A Notes and asset backed floating rate Class B Notes (together, the "**Notes**") denominated in GBP (subject always to compliance with all legal and/or regulatory requirements).

The Issuer will issue the relevant Class of Notes in series with the same or different issue dates, interest rates and scheduled repayment dates (but having the same interest payment dates) (each a "**Series**"). For each Series of Class A Notes, the Issuer will deliver a global registered note to a Common Safekeeper for Clearstream, Luxembourg and Euroclear. For each Series of Class B Notes, the Issuer will deliver a global registered note to a Common Depository for Clearstream, Luxembourg and Euroclear.

For each issue of Notes, final terms to this Base Prospectus (each such final terms referred to as "**Final Terms**") will be provided as a separate document. The Final Terms must be read in conjunction with the Base Prospectus.

The proceeds of any Further Notes will be used to finance the purchase by the Issuer of receivables arising against Obligors under financing agreements for the acquisition of vehicles granted to such Obligors by Volkswagen Financial Services (UK) Limited ("**VWFS**" or the "**Seller**") pursuant to the terms and under the conditions of the Receivables Purchase Agreement. The proceeds of the Initial Notes were used to finance the purchase by the Issuer of receivables from VWFS under the terms of the Receivables Purchase Agreement.

Each Note entitles the holder to demand the payment of a particular amount of interest and/or principal only, if and to the extent such amounts have been received by the Issuer as Collections, from the Cash Collateral Account, from the enforcement of the Security with respect to the Receivables and from the Swap Agreements. In case of payment in full by the respective Obligors in accordance with the underlying Financing Contract and/or utilisation of the Cash Collateral Account to the extent any shortfall of Receivables is fully covered thereby, and subject to receipt in full of the amounts payable under the Swap Agreements each holder of a Note is entitled to payment of the principal amount plus interest calculated at a percentage rate per annum being the sum (subject to a floor of zero) of Compounded Daily SONIA plus the applicable Margin, in each case with reference to the principal amount of each Note remaining outstanding immediately prior to the time of each payment and published pursuant to Condition 12 (*Notices*). Payments of principal and interest on each Class of Notes and Series of Notes will be made monthly in arrear on the 25th day of each month in each year or, if such date is not a Business Day, on the next following Business Day unless that day falls in the next calendar month in which case the date will be the first preceding day that is a Business Day.

This Base Prospectus has been approved by the Commission de Surveillance du Secteur Financier (the "**CSSF**") of Luxembourg in its capacity as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and the Luxembourg law dated 16 July 2019 on prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Luxembourg Prospectus Law**"). Such approval should not be considered as an endorsement of the quality of the Notes that are subject to this Base Prospectus or an endorsement of the Issuer that is subject to this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. In the context of such approval, the CSSF neither

assumes any responsibility nor gives any undertaking as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer in line with Article 6(3) of the Luxembourg Prospectus Law. Application will be made to the Luxembourg Stock Exchange for the Notes to be listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange's regulated market upon their issuance. The Luxembourg Stock Exchange's regulated market is a regulated market for the purpose of Directive 2014/65/EU. This Base Prospectus constitutes, a Base Prospectus for the purpose of Article 8 of the Prospectus Regulation, and, will be published in electronic form on the website of the Luxembourg Stock Exchange (www.bourse.lu).

The validity of this Base Prospectus will expire on 22 April 2021. After such date there is no obligation of the Issuer to issue supplements to this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies. This Base Prospectus is published on the website of Circumference FS (Luxembourg) S.A. (<https://circumferencefs-luxembourg.com>).

Any websites referred to in this Base Prospectus does not form part of this Base Prospectus and has not been scrutinised or approved by the CSSF, except for any website referred to in the section of this Base Prospectus headed "DOCUMENTS INCORPORATED BY REFERENCE".

Each of the Notes will be in the denomination of GBP 100,000 and will be governed by the laws of Germany and will be represented by a global registered note (the "**Global Note**"), without interest coupons, issued in respect of each Series of Class A Notes and each Series of Class B Notes. The Global Note representing each Series of Class A Notes, will be deposited with a Common Safekeeper for Clearstream Luxembourg and Euroclear under the new safekeeping structure ("**NSS**") whereas the Global Note representing each Series of Class B Notes will be deposited with a Common Depository for Clearstream Luxembourg and Euroclear in the form of a classical Global Note ("**CGN**"). The Notes represented by the Global Notes will not be exchangeable for definitive Notes. The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This does not mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life and the Class A Notes will not satisfy all of the applicable criteria that are currently in force to be recognised as Eurosystem eligible collateral on issue. Such recognition will depend upon, *inter alia*, satisfaction of the Eurosystem eligibility criteria. See "**ABSTRACT OF THE CONDITIONS OF THE NOTES – Global Notes**" and see "**RISK FACTORS – Eurosystem Eligibility**".

Ratings will be assigned to the Class A Notes by Fitch Ratings Limited ("**Fitch**") and Creditreform Rating AG ("**Creditreform**"). In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union "**EU**" and registered under Regulation (EC) No 1060/2009 of the European Parliament (the "**CRA Regulation**"), as amended by Regulation (EU) No 513/2011 and by Regulation (EU) No 462/2013 ("**CRA3**"). Each of Fitch and Creditreform is established in the European Union or the United Kingdom and according to the press release from European Securities Markets Authority ("**ESMA**") dated 31 October 2011, each of Fitch and Creditreform is registered under the CRA Regulation. Reference is made to the list of registered or certified credit rating agencies published by ESMA on the webpage <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> as last updated on 14 November 2019. The assignment of ratings to the Class A Notes or an outlook on these ratings is not a recommendation to invest in the Notes and may be revised, suspended or withdrawn at any time.

SONIA

Amounts payable under the Notes are calculated by reference to Compounded Daily SONIA, which is provided by Bank of England (the "**SONIA Administrator**"). As at the date of this Base Prospectus, the SONIA Administrator does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmark Regulation**"). As far as the Issuer is aware, Article 2 of the Benchmark Regulation applies, such that the SONIA Administrator, is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

Securitisation Regulation and U.S. Risk Retention Rules

Securitisation Regulation

VWFS is the "originator" for the purposes of Article 2(3) of the Securitisation Regulation. All Receivables included in the Portfolio have been originated by VWFS and are sold to the Issuer by VWFS in its capacity as Seller.

The Seller shall, whilst any of the Notes remain outstanding retain for the life of such Notes a material net economic interest of not less than 5 per cent. with respect to the Transaction in accordance with Article 6(3)(c) of the Securitisation Regulation and undertakes that it will not reduce, hedge or otherwise mitigate its credit exposure to the material net economic interest for the purposes of Article 6(1) of the Securitisation Regulation and Article 12 of the Commission Delegated Regulation (EU) 625/2014 (the "**Commission Delegated Regulation**") specifying the risk retention requirements pursuant to the Securitisation Regulation and, pursuant to Article 43(7) of the Securitisation Regulation, until regulatory technical standards are adopted by the Commission pursuant to Article 6(7) of the Securitisation Regulation, provided that the level of retention may reduce over time in compliance with Article 10(2) of the Commission Delegated Regulation or any successor delegated regulation. As at the Closing Date, such interest will, in accordance with Article 6(3)(c) Securitisation Regulation, and, pursuant to Article 43(7) of the Securitisation Regulation, until regulatory technical standards are adopted by the Commission pursuant to Article 6(7) of the Securitisation Regulation, be comprised of an interest in randomly selected exposures equivalent to no less than 5 per cent. of the nominal amount of the securitised exposures.

After the Closing Date, the Servicer, on behalf of the Issuer, has prepared and will continue to prepare Servicer Reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller for the purposes of which the Seller will provide the Issuer with all information reasonably required in accordance with Article 7 of the Securitisation Regulation.

Each prospective investor is required to independently assess and determine the sufficiency of the information described in the preceding paragraphs of this section and in this Base Prospectus generally for the purposes of complying with Article 5 of the Securitisation Regulation and any corresponding national measures which may be relevant and none of the Issuer, the Seller (in its capacity as the Seller and the Servicer), the Arranger, the Swap Counterparties, nor the Transaction Parties makes any representation that the information described above or in this Base Prospectus generally is sufficient in all circumstances for such purposes. In addition, each prospective investor should ensure that it complies with the implementing provisions in respect of the Securitisation Regulation as applicable in its relevant jurisdiction. Prospective investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator and/or independent legal advice on the issue.

None of the Lead Manager, the Arranger, their respective Affiliates nor any other person makes any representation, warranty or guarantee that the information provided by any party with respect to the transactions described in the Base Prospectus are compliant with the requirements of the Securitisation Regulation and no such person shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated by the Base Prospectus to satisfy or otherwise comply with the requirements of the Securitisation Regulation.

Pursuant to Article 27(1) of the Securitisation Regulation, the Seller intends to notify the European Securities Markets Authority ("**ESMA**") that the Transaction will meet the requirements of Articles 20 to 22 of the Securitisation Regulation (the "**STS Notification**"). The purpose of the STS Notification is to set out how in the opinion of the Seller each requirement of Articles 19 to 22 of the Securitisation Regulation has been complied with. Where the Transaction is classified STS, the STS Notification would then be available for download on the website of ESMA. ESMA has, in accordance with Articles 27(6) and (7) of the Securitisation Regulation developed and published on 16 July 2018 a final draft regulatory technical standard specifying the information that the originator, sponsor and SSPE are required to provide in order to comply with their STS notification requirements. On 12 November 2019, the European Commission adopted the RTS on STS notifications. The RTS on STS notifications are now subject to the scrutiny of the European Parliament and the Council before they can be published in the Official Journal and enter into force. ESMA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the STS Requirements in accordance with Article 27(5) of the

Securitisation Regulation. For this purpose, ESMA has set up a register on an interim basis under <https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>. According to ESMA, a more established register is to be launched in due course and placed on the dedicated section of its website under <https://registers.esma.europa.eu/publication/>.

The Seller has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation. The policies and procedures of the Seller in this regard broadly include the following:

(a) criteria for the granting of credit and the process for approving, amending, renewing and re-financing credits, as to which please see further the section of the Base Prospectus headed "BUSINESS PROCEDURES OF VOLKSWAGEN FINANCIAL SERVICES (UK) LIMITED" and "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT";

(b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures, as to which we note that the Portfolio will be serviced in line with the usual servicing procedures of the Seller – please see further the section of the Base Prospectus headed "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT";

(c) diversification of credit portfolios given the Seller's target market and overall credit strategy, as to which, in relation to the Portfolio, please see the section of the Base Prospectus headed "THE PURCHASED RECEIVABLES POOL"; and

U.S. Risk Retention Rules

The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section __20 of the U.S. Risk Retention Rules and no other steps have been taken by the Issuer, the Seller, the Arranger, the Lead Manager or any of their Affiliates or any other party to accomplish such compliance.

The Seller accepts responsibility for the information set out in this section "*Securitisation Regulation and U.S. Risk Retention Rules*".

MIFID II PRODUCT GOVERNANCE AND PRIIPS REGULATION

The Class A Notes and the Class B Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") or in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or UK may be unlawful under the PRIIPS Regulation.

Solely for the purpose of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For a discussion of certain significant factors affecting investments in the Notes, see "RISK FACTORS".

For reference to the definitions of capitalised terms appearing in this Base Prospectus certain interpretation rules, see "THE MASTER DEFINITIONS SCHEDULE".

The Lead Manager accepts full responsibility for the information contained in "WEIGHTED AVERAGE LIFE OF THE NOTES", except that to the extent there is any inaccuracy resulting from information provided by VWFS to the Lead Manager, in which case VWFS is solely responsible for such information.

The Arranger and the Lead Manager do not constitute an underwriting syndicate or otherwise take responsibility for the subscription, sale or other matters in connection with the issue of any Notes under this Base Prospectus except to the extent that any of the Arranger, the Swap Counterparties or the Lead Manager takes part in such issue as manager, underwriter, selling agent or in similar capacity. The delivery of this Base Prospectus does not imply any assurance by the Issuer, Volkswagen Financial Services (UK) Limited, the Security Trustee, the Servicer, the Swap Counterparties, the Lead Manager or by the Arranger shown on the cover page or any other parties described in this Base Prospectus that this Base Prospectus will continue to be correct at all times during the one-year period of validity except that the Issuer will publish a supplement to this Base Prospectus if and when required pursuant to Article 23 of the Prospectus Regulation. Any such supplement will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) and on the website of Circumference FS (Luxembourg) S.A. (<https://circumferencefs-luxembourg.com>).

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended from time to time (the "**Securities Act**"). Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to U.S. persons (within the meaning of Regulation S under the Securities Act).

The Notes sold on the Closing Date may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of "U.S. person" in Regulation S. Each Purchaser of Notes, including beneficial interests therein will be deemed, and in certain circumstances will be required, to represent and agree that it (1) is not a Risk Retention U.S. Person (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules. Each prospective investor will be required to make these representations (a) on or about the time of the announcement of the securitisation transaction involving the issuance of the Notes and (b) if such

This does not affect the obligation of the Issuer to file a supplement in accordance with Article 23 of the Prospectus Regulation. Any such supplement will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) and on the website of Circumference FS (Luxembourg) S.A. (<https://circumferencefs-luxembourg.com>).

No action has been taken by the Issuer the Lead Manager or the Arranger other than as set out in this Base Prospectus that would permit a public offering of the Notes, or possession or distribution of this Base Prospectus, any Final Terms or any other offering material in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus (nor any part hereof) or any Final Terms nor any information memorandum, Base Prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in compliance with applicable laws, orders, rules and regulations, and the Issuer and the Lead Manager have represented that all offers and sales by them have been made on such terms. Neither this Base Prospectus nor any Final Terms constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities to which it relates or an offer to sell or the solicitation of any offer to buy any of the securities offered hereby or thereby in any circumstances in which such offer or solicitation is unlawful. The distribution of this Base Prospectus (or of any part thereof) or any Final Terms and the offering and sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus (or any part thereof) comes are required by the Issuer and the Lead Manager to inform themselves about and to observe any such restrictions. Neither this Base Prospectus nor any Final Terms not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. For a further description of certain restrictions on offerings and sales of the Notes and distribution of this Base Prospectus (or of any part thereof) or any Final Terms see "SUBSCRIPTION AND SALE".

THE NOTES REPRESENT OBLIGATIONS OF THE ISSUER ONLY AND DO NOT REPRESENT AN INTEREST IN OR OBLIGATION OF ANY OF THE ARRANGER, THE LEAD MANAGER, THE SELLER, THE SERVICER (IF DIFFERENT), THE SWAP COUNTERPARTIES, THE SECURITY TRUSTEE, THE ACCOUNT BANK, THE CASH ADMINISTRATOR, THE REGISTRAR, THE PAYING AGENT, THE INTEREST DETERMINATION AGENT, THE CORPORATE SERVICES PROVIDER, THE DATA PROTECTION TRUSTEE, OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY OTHER PARTY (OTHER THAN THE ISSUER) TO THE TRANSACTION DOCUMENTS. IT SHOULD BE NOTED FURTHER THAT THE NOTES WILL ONLY BE CAPABLE OF BEING SATISFIED AND DISCHARGED FROM THE ASSETS OF THE ISSUER. NEITHER THE NOTES NOR THE UNDERLYING PURCHASED RECEIVABLES WILL BE INSURED OR GUARANTEED BY ANY GOVERNMENTAL AUTHORITY OR BY ANY OF THE ARRANGER THE LEAD MANAGER, THE SELLER, THE SERVICER (IF DIFFERENT), THE SWAP COUNTERPARTIES, THE SECURITY TRUSTEE, THE ACCOUNT BANK, THE CASH

ADMINISTRATOR, THE REGISTRAR, THE PAYING AGENT, THE INTEREST DETERMINATION AGENT, THE CORPORATE SERVICES PROVIDER, THE DATA PROTECTION TRUSTEE, OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY OTHER PARTY (OTHER THAN THE ISSUER) TO THE TRANSACTION DOCUMENTS OR BY ANY OTHER PERSON OR ENTITY EXCEPT AS DESCRIBED HEREIN.

THE NOTES OFFERED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY STATE SECURITIES LAWS, NOR HAS THE ISSUER BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940 (THE "INVESTMENT COMPANY ACT"). THE ISSUER WILL BE RELYING ON AN EXCLUSION OR EXEMPTION FROM THE DEFINITION OF "INVESTMENT COMPANY" UNDER THE INVESTMENT COMPANY ACT CONTAINED IN SECTION 3(C)(1) OF THE INVESTMENT COMPANY ACT, ALTHOUGH THERE MAY BE ADDITIONAL STATUTORY OR REGULATORY EXCLUSIONS OR EXEMPTIONS AVAILABLE TO THE ISSUER. THE ISSUER IS BEING STRUCTURED SO AS NOT TO CONSTITUTE A "COVERED FUND" FOR PURPOSES OF REGULATIONS ADOPTED UNDER SECTION 13 OF THE BANK HOLDING COMPANY ACT OF 1956, AS AMENDED, COMMONLY KNOWN AS THE "VOLCKER RULE."

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, legal advisor, accountant or other financial adviser.

An investment in these Notes is only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such investment and who have sufficient resources to be able to bear any losses which may result from such investment (including the total loss of the amount invested in the Notes together with the expenses incurred for purchasing and holding the Notes).

It should be remembered that the price of securities and the expected income from them may decrease.

Neither the Arranger nor the Lead Manager have verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any of the Arranger or the Lead Manager as to the accuracy or completeness of the information contained in this Base Prospectus. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved.

No person has been authorised to give any information or to make any representation concerning the issue of the Notes other than those contained in this Base Prospectus. Nevertheless, if any such information is given by any broker, seller or any other person, it must not be relied upon as having been authorised by the Issuer, the Arranger, the Lead Managers or any other Transaction Party.

Neither the delivery of this Base Prospectus nor any offer, sale or solicitation made in connection herewith shall, in any circumstances, imply that the information contained herein is correct at any time subsequent to the date of this Base Prospectus.

Certain of the Arranger, the Lead Manager and their Affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their Affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, the Lead Manager and their Affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's Affiliates. Certain of the Arranger, the Lead Manager and their Affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Arranger, the Lead Manager and their Affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Arranger, the Lead Manager and their Affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

RISK FACTORS

THE PURCHASE OF THE NOTES MAY INVOLVE SUBSTANTIAL RISKS AND BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS BASE PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER THE LEAD MANAGER OR THE ARRANGER.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. These factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the risks described in this section are the material risks inherent in investing in Notes but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons. Accordingly, prospective investors should consider the detailed information set out elsewhere in this Base Prospectus. Although the Issuer believes that the various structural elements described in this document mitigate some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all. Additional risks and uncertainties not presently known to the Issuer or that the Issuer currently believes to be immaterial could also have a material impact on the Issuer's financial strength.

1. RISK FACTORS WHICH ARE SPECIFIC AND MATERIAL TO THE ISSUER

No Recourse to other Compartments and Non-Petition Clause

The Notes are limited recourse contractual obligations of the Issuer solely in respect of Compartment Private Driver UK 2020-1 within the meaning of the Luxembourg Securitisation Law. Pursuant to Article 62(2) of the Luxembourg Securitisation Law, where an individual compartment's assets are insufficient for the purpose of meeting the Issuer's obligations under a respective issuance, it is not possible for the noteholders in that compartment's issuance to obtain the satisfaction of the debt owed to them by the Issuer from assets belonging to another compartment. Recourse of the Noteholders in respect of claims against the Issuer under or in relation to the Notes will be strictly limited to the net assets allocated to Compartment Private Driver UK 2020-1 (the "**Private Driver UK 2020-1 Assets**") and shall not extend to the remainder of the Issuer's estate. Furthermore, the other parties to the Transaction Documents are not liable for the obligations of the Issuer and no third party guarantees the fulfilment of the Issuer's obligations under the Notes. Consequently, the Noteholders have no rights of recourse against such third parties.

In this context, it is possible that any proceeds from the realisation by the Security Trustee of the security upon the occurrence of a Foreclosure Event prove insufficient to enable the Issuer to meet all payments due in respect of the Notes, taking into account the Order of Priority and the Noteholders will then have no further claim against the assets of any other compartment or any non-compartmental assets of the Issuer.

Consequently, in case of enforcement of the claims under the Notes, to the extent that the proceeds from the liquidation of the Private Driver UK 2020-1 Assets proves insufficient to make all payments due in respect of the Notes (the "**Shortfall**"), any claims arising against the Issuer due to such Shortfall shall be extinguished and neither the Noteholders nor any person on their behalf shall have the right to petition for the winding up of the Issuer to recover the Shortfall amount.

If the Issuer is declared bankrupt, certain preferred creditors of Driver UK Multi-Compartment S.A. (including the Luxembourg tax authorities) may have a privilege that ranks senior to the rights of the Noteholders in such circumstances. This may further reduce the available assets of Private Driver UK 2020-1, therefore increasing the risk of the Issuer not being able to meet in full its payment obligations against the Noteholders under Luxembourg law.

As a result, the Noteholders may face the risk of not being able to receive any income in respect of their investment or, at worst, of being unable to recover their initial investment.

Furthermore, the enforcement of the payment obligations under the Notes shall solely be effected by the Security Trustee in accordance with the Trust Agreement. By subscribing the Notes and in accordance with Article 64 of the Luxembourg Securitisation Law, the Noteholders agree to a non-petition clause. This means that none of the Noteholders (or any persons acting on behalf of any of them) shall be entitled at any time until the expiry of one year and one day after the Final Maturity Date, to take any action or other steps or legal proceedings for the winding-up, dissolution or reorganization or for the appointment of a receiver, administrator, administrative receiver, agent, liquidator or similar officer of the Issuer or of any or all of the revenues and assets of the Issuer, or have any right to take any steps, except in accordance with the provisions of this Base Prospectus, for the purpose of recovering any debts whatsoever owing to it by the Issuer.

Risk in respect of payments made and Security provided during the "suspect period"

Driver UK Multi-Compartment S.A. is a public limited liability company (*Société Anonyme*) incorporated under the laws of Luxembourg, has its registered office in Luxembourg and is managed by its Board of Directors, professionally residing in Luxembourg. Accordingly, bankruptcy proceedings with respect to Driver UK Multi-Compartment S.A. would likely proceed under, and be governed by, the bankruptcy laws of Luxembourg. Driver UK Multi-Compartment S.A. can be declared bankrupt upon petition by a creditor of Driver UK Multi-Compartment S.A. or at the initiative of the court or at the request of Driver UK Multi-Compartment S.A. in accordance with the relevant provisions of Luxembourg insolvency law. Under Luxembourg law, a company is bankrupt ("*en faillite*") when it is unable to meet its current liabilities and when its creditworthiness is impaired. The conditions for opening bankruptcy proceedings are the cessation of payments ("*cessation des paiements*") and the loss of commercial creditworthiness ("*ébranlement du crédit commercial*"). The failure of controlled management proceedings may also constitute grounds for the opening of bankruptcy proceedings. Other insolvency proceedings under Luxembourg law include controlled management and moratorium of payments ("*gestion contrôlée et sursis de paiement*") of the Issuer, composition proceedings ("*concordat*") and judicial liquidation proceedings ("*liquidation judiciaire*").

Under Luxembourg bankruptcy law, certain acts deemed to be abnormal if carried out by the bankrupt party during the so-called "suspect period" or ten days preceding the "suspect period" may be unenforceable against the bankruptcy estate of such party. Whilst the unenforceability is compulsory in certain cases, it is optional in other cases. The "suspect period" is the period that lapses between the date of cessation of payments ("*cessation de paiements*"), as determined by the bankruptcy court, and the date of the court order declaring the bankruptcy. The "suspect period" cannot exceed six months.

Under Article 445 of the Luxembourg Code of Commerce, (a) a contract for the transfer of movable or immovable property entered into or carried out without consideration, or a contract or transaction entered into or carried out with considerably insufficient consideration for the insolvent party; (b) a payment, whether in cash or by transfer, assignment, sale, set-off or otherwise for debts not yet due, or a payment other than in cash or bills of exchange for debts due or (c) a contractual or judiciary mortgage, pledge, or charge on the debtor's assets for previous debts, would each be unenforceable against the bankruptcy estate if carried out during the "suspect period" or ten days preceding the "suspect period".

Under Article 448 of the Luxembourg Code of Commerce, transactions entered into by the bankrupt debtor with the intent to deprive its creditors are null and void, regardless of the date on which they were made.

Under Article 446 of the Luxembourg Code of Commerce, any payments made by the bankrupt debtor in the "suspect period" may be rescinded if the creditor was aware of the cessation of payment of the debtor.

If the Issuer is declared bankrupt, a competent court in Luxembourg may consider that the Issuer's entry into the Transaction and the Transaction Documents has been carried out within the so-called "suspect period". In such case, any payment of principal or interest in respect of the Notes could be unenforceable against the Issuer, in application of sub (b) of Article 445 of the Luxembourg Code of Commerce and Noteholders could face the risk of non-recovery of payments due under the Notes.

According to Article 61(4) second paragraph of the Luxembourg Securitisation Law and without prejudice to the provisions of the law of 5 August 2005 on financial collateral arrangements, the validity and perfection of each of the security interests mentioned under item (c) of Article 445 of the Luxembourg Code of

Commerce cannot be challenged by a bankruptcy receiver with respect to Article 445 of the Luxembourg Code of Commerce and such security interests are enforceable even if they were granted by the company during the suspect period. However, Article 61(4) second paragraph of the Luxembourg Securitisation Law is only applicable if (i) the articles of incorporation of the company granting the security interests are governed by the Luxembourg Securitisation Law and (ii) the company granted the respective security interest no later than the issue date of the securities or at the conclusion of the agreements secured by such security interest. Consequently, security entered into in accordance with Article 61(4) second paragraph of the of the Luxembourg Securitisation Law and no later than the date of the issue of the Notes or the conclusion of the agreements secured by the security could not be challenged by a bankruptcy receiver even if granted by the Issuer during the "suspect period" or ten days preceding such "suspect period".

2. RISKS RELATED TO THE NATURE OF THE NOTES

Liability and Limited Recourse under the Notes and the Subordinated Loan

All payment obligations of the Issuer under the Notes and the Subordinated Loan Agreement constitute limited recourse obligations to pay only the respective Available Distribution Amount which includes, *inter alia*, amounts received by the Issuer from the Purchased Receivables and under the Transaction Documents. The Available Distribution Amount may not be sufficient to pay amounts accrued under the Notes, which may result in an Interest Shortfall as defined in the Incorporated Terms Memorandum, however, only an Interest Shortfall on the most senior Class of Notes when the same becomes due and payable, and such default continues for a period of five (5) Business Days will constitute a Foreclosure Event in accordance with Clause 17.1 of the Trust Agreement. The Notes shall not give rise to any payment obligation in addition to the foregoing. A Foreclosure Event will, following the service of an Enforcement Notice, result in the enforcement of the collateral held by the Security Trustee. If the Security Trustee enforces the claims under the Notes and/or the Subordinated Loan, such enforcement will be limited to the assets which were transferred to the Security Trustee and to any other assets of the Issuer. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all respective Noteholders in full, then any shortfall arising shall be extinguished and neither any Noteholder, nor the Security Trustee shall have any further claims against the Issuer. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

For the avoidance of doubt, the recourse of the Transaction Creditors is limited to the assets of the Issuer allocated to its Compartment Private Driver UK 2020-1.

Subordination of Notes

Holders of a Series of Class B Notes will bear more credit risk with respect to the Issuer than holders of a Series of Class A Notes and will incur losses, if any, prior to holders of a Series of Class A Notes because of the subordination of the Series of Class B Notes in relation to the Series of Class A Notes.

No payment of interest will be made on each Series of Class B Notes until all of the Issuer's expenses (including applicable fees for Agents), and all interest on each Series of Class A Notes are paid in full, and no payment of principal will be made on a Series of Class B Notes until the principal amount of each Series of Class A Notes is paid in full.

Following the end of the Revolving Period, the Issuer shall pay, from the remaining Available Distribution Amount on each Payment Date (provided that, prior to the occurrence of a Foreclosure Event) the payment of interest due and payable on each Series of Class B Notes has been paid the Class A Amortisation Amount, which comprises a payment of principal in respect of a Series of Class A Notes until the Note Principal Amount Outstanding of such Series of Class A Notes equals the Targeted Remaining Class A Note Balance. Thereafter, payments of principal on each Series of Class B Notes will be made from any amounts remaining from the Available Distribution Amount after the payment of principal on each Series of Class A Notes until the Note Principal Amount Outstanding of each Series of Class B Notes equals the Targeted Remaining Class B Note Balance.

A Foreclosure Event will occur *inter alia* if Issuer defaults in the payment of any interest on the most senior Class of Notes when the same becomes due and payable, and such default continues for a period of five (5) Business Days. If a Foreclosure Event has occurred, the Issuer will not pay interest or principal on any Notes other than the Class A Notes until all of the Issuer's expenses and all interest and principal on the Class A Notes are paid in full.

No gross up of payments

The Issuer will not provide for gross-up of payments in the event that the payments on the Notes become subject to withholding taxes. If the Issuer is required to withhold or deduct amounts on account of tax from payments due under the Notes, the Noteholders would receive reduced payments only.

Change of Law

The structure of the issue of the Notes and this Transaction is based on German and Luxembourg law (including tax law) in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or changes to any relevant law, the interpretation thereof or administrative practice after the date of this Base Prospectus.

Risks in connection with the application of the German Debenture Act (Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG))

A Noteholder is subject to the risk to be outvoted and to lose rights towards the Issuer against his will in the case that the Noteholders agree pursuant to the Conditions to amendments of the Conditions by majority vote according to the *Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)* (German Debenture Act). In the case of an appointment of a Noteholder's representative for all Noteholders a particular Noteholder may lose, in whole or in part, the possibility to enforce and claim his rights against the Issuer regardless of other Noteholders.

Modification of Conditions of the Notes

Risks in connection with the application of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen*)

The German Debenture Act provides for a majority of 50 per cent of the aggregate outstanding principal amount of the outstanding notes of a given class, unless such vote relates to:

- (a) amendments to the due dates, reduction or waiver of interest payable on the notes,
- (b) amendments to the maturity of the principal of the notes,
- (c) a reduction of the principal of the notes,
- (d) the subordination of the notes in insolvency proceedings against the Issuer,
- (e) the conversion of the notes into equity, other securities or other undertakings,
- (f) the replacement or release of security,
- (g) amendments to the currency of the notes,
- (h) a waiver or limitation of a noteholder's termination rights,
- (i) a replacement of the Issuer, and
- (j) amendments to the Trust Agreement,

in which case a majority requires 75 per cent of the aggregate outstanding principal amount of the outstanding notes of a given class. In the case of an appointment of a Noteholder's representative for all Noteholders a particular Noteholder may lose, in whole or in part, the possibility to enforce and claim his rights against the Issuer regardless of other Noteholders.

The Security Trustee may in certain circumstances agree to amendments to the Conditions and/or the Trust Agreement for the purpose of effecting a Benchmark Rate Modification (a "**Proposed Amendment**"), subject to and in accordance with the detailed provisions of provisions of Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*).

In relation to any such Proposed Amendment, the Issuer is required to give at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 12 (*Notices*). However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10 per cent. of the aggregate Note Principal Amount Outstanding of the relevant Class of Notes have contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Security Trustee that such Noteholders do not consent to the modification, the modification in respect of such Class of Notes will be passed without Noteholder consent.

The Issuer is also required to obtain the consent of any other Transaction Creditors whose consent is required to be obtained in order to make the Benchmark Rate Modification in accordance with the provisions of the Incorporated Terms Memorandum.

If Noteholders representing at least 10 per cent. of the aggregate Note Principal Amount Outstanding of a Class of Notes have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the Benchmark Rate Modification, then such Benchmark Rate Modification will not be made in respect of that Class of Notes unless a Majority of the Noteholders in respect of each Class of Notes then outstanding provide consent in favour of the Benchmark Rate Modification.

The Issuer will also be entitled to amend any term or provision of the Conditions with the consent of the Security Trustee, but without the consent of any Noteholder, any Swap Counterparty, the Subordinated Lender, the Arranger, the Lead Manager or any other Person if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards authorised under the Securitisation Regulation. Any such amendment shall only become valid, by giving ten (10) Business Days prior notice to the Noteholders and the Rating Agencies in writing, including by email.

There is no guarantee that any changes made to the Transaction Documents, and the Conditions pursuant to the obligations imposed on the Security Trustee, as described above, would not be prejudicial to the Noteholders.

Ratings of Class A Notes

The Issuer has not requested a rating of any Class of Notes by any rating agency other than the Rating Agencies. However, rating organisations other than the Rating Agencies may seek to rate any Class of Notes and, if such "shadow ratings" or "unsolicited ratings" are lower than the comparable ratings assigned to such Class of Notes by the Rating Agencies, such shadow or unsolicited ratings could have an adverse effect on the value of any Class of Notes.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organisation. There is no assurance that the ratings will continue for any period of time or that they will not be lowered, reviewed, suspended or withdrawn by the Rating Agencies. In the event that the ratings initially assigned to any Class of Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement to the Notes.

Responsibility of Prospective Investors

The purchase of the Notes is only suitable for investors (i) that possess adequate knowledge and experience in structured finance investments and have the necessary background and resources to evaluate all relevant risks related with such investments; (ii) that are able to bear the risk of loss of their investment (up to a total loss of the investment) without having to prematurely liquidate the investment; and (iii) that are able to assess the tax aspects and implications of such investment independently.

Furthermore, each potential investor should base its investment decision on its own and independent investigation and on the advice of its professional advisors (with whom the investor may deem it necessary to consult), be able to assess if an investment in the Notes (i) is in compliance with its financial requirements, its targets and situation (or if it is acquiring the Notes in a fiduciary capacity, those of the beneficiary); (ii) is in compliance with its principles for investments, guidelines for or restrictions on investments (regardless of whether it acquires the Notes for itself or as a trustee); and (iii) is an appropriate investment for itself (or for any beneficiary if acting as a trustee), notwithstanding the risks of such investment.

Interest Rate Risk / Risk of Swap Counterparty Insolvency

- (a) Noteholders may be subject to interest rate risk

Payments in respect of the Purchased Receivables made to the Seller by an Obligor under a Financing Contract comprise monthly amounts calculated with respect to a fixed interest rate which may be different to Compounded Daily SONIA plus margin, which is the interest rate (being subject to a floor of zero) payable on the Class A Notes and the Class B Notes.

The Issuer will hedge afore-described interest rate risk and will use payments made by the Swap Counterparties to make payments on the Notes on each Payment Date, in each case calculated with respect to the swap notional amount which is equal to the outstanding Series Nominal Amount on the relevant Series of Notes, following payment on the immediately preceding Payment Date.

During those periods in which the floating rate payable by a Swap Counterparty under the Swap Agreement is substantially greater than the fixed rate payable by the Issuer under a Swap Agreement, the Issuer will be more dependent on receiving payments from a Swap Counterparty in order to make interest payments on the Notes. If a Swap Counterparty fails to pay any amounts when due under a Swap Agreement, the Collections from Purchased Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

During periods in which the floating rate payable by a Swap Counterparty under a Swap Agreement (including periods in which the floating amount payable a the Swap Counterparty is a negative number as a result of the quoted negative floating rate exceeding the spread), is less than the fixed rate payable by the Issuer under a Swap Agreement, the Issuer will be obliged to make a payment to the Swap Counterparty. A Swap Counterparty's claims for payment (including certain termination payments required to be made by the Issuer upon a termination of a Swap Agreement) under a Swap Agreement will be higher in priority than all payments on the Notes. If a payment under a Swap Agreement is due to a Swap Counterparty on any Payment Date, the Purchased Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments under the Notes.

(b) Termination of Swap Agreement

A Swap Counterparty may become insolvent or may suffer from a rating downgrade, in which case it would have to be replaced or, in case of a certain rating downgrade would have to provide collateral. A Swap Agreement may also be terminated by either party due to an event of default or a termination event. However, there can be no assurance that a guarantor or replacement Swap Counterparty will be found or that the amount of collateral will be sufficient to meet the Swap Counterparty's obligations. In such events the Noteholders may experience delays and/or reductions in the interest and principal payments due in respect of such Notes.

The enforceability of a contractual provision which alters the priorities of payments to subordinate the claim of a Swap Counterparty (to the claims of other creditors of its counterparty) upon the occurrence of an insolvency of or other default by a Swap Counterparty has been challenged in the English and U.S. courts. However this is an aspect of cross border insolvency law which remains untested. Whilst the priority issue is considered largely resolved in England and Wales, concerns still remain that the English and U.S. courts will diverge in their approach which, in the case of an unfavourable decision in the U.S., may adversely affect the Issuer's ability to make payments on the Notes. If a creditor of the Issuer (such as the Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any Insolvency Official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the Transaction Documents (such as a provision of the relevant Order of Priority which refers to the ranking of the Swap Counterparty's rights in respect of certain amounts under the Swap Agreements). In particular there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy law. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as a Swap Counterparty, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S.

state). In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, such actions may adversely affect the rights of the Noteholders, the rating and/or the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

3. RISKS RELATED TO THE PURCHASED RECEIVABLES

Credit Risk of the Parties

The ability of the Issuer to make any principal and interest payments in respect of the Notes depends to a large extent upon the ability of the parties to the Transaction Documents to perform their contractual obligations. In particular, and without limiting the generality of the foregoing, the timely payment of amounts due in respect of the Notes depends on the ability of the Servicer to collect the Purchased Receivables and on the maintenance of the level of interest rate protection offered by the Swap Agreements.

Risk of Late Payment of Monthly Instalments

In the event of late payment (which could be caused by the Obligor's financial or personal reasons, including loss or reduction of earnings, illness (including any illness arising in connection with an epidemic or a pandemic (for example COVID-19)), divorce and other similar factors, which may, individually or in combination lead to in change in the economic situation of such Obligor) made in relation to Purchased Receivables becoming due in the respective Monthly Period, the risk of late payment under the Notes is in part mitigated for the Noteholders by payments from the General Cash Collateral Amount to the extent that funds are available therein. See also "RISK FACTOR – Risks related to the Purchased Receivables – The Corona Pandemic may have a material negative impact on the performance of the Issuer under the Notes".

The Corona Pandemic may have a material negative impact on the performance of the Issuer under the Notes

In December 2019, a novel strain of coronavirus which causes a respiratory disease in humans ("**COVID-19**") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a global pandemic. Governments worldwide have implemented measures to contain the spread of the virus including domestic and international travel bans, quarantines and restrictions on public gatherings and commercial activity. The precise impacts of the COVID-19 pandemic (the "**Corona Pandemic**") on the Issuer, the Servicer, the other Transaction Parties and/or any Obligor in respect of an underlying Finance Contract are wide ranging and difficult to determine and may include, but are not limited to, the matters set out below. Such matters may adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market.

Impact on VWFS's ability to act as Servicer

The Corona Pandemic may pose a risk to the operational business of VWFS. For example, due to company workplaces being no longer usable, only limited services might be available for customers or even no services at all. Possible bottlenecks in IT permissions, missing or inadequate hardware and / or software in the home office workplace could develop into an IT risk for VWFS. During a pandemic situation, customer care intensity could increase, because due to the existing uncertainty, significantly more inquiries could occur at the back office / service area compared to the usual operation. This could exacerbate the situation with possibly restricted IT permissions. A loss of key personnel could result in essential business processes not being carried out or being significantly delayed. All of this could have a negative impact on VWFS's ability to perform its obligations as Servicer and, as a result may have an adverse impact on the timing and amount of Collections received from the Purchased Receivables and thereby on the ability of the Issuer to make payments in full when due on the Notes.

Risk of late payment or non-payment of monthly instalments and Residual Values

A: UK Government initiatives

In response to the Corona Pandemic a number of governments have taken steps to mandate or encourage payment holidays or provide other relief for consumers in direct or indirect financial difficulty as a result of COVID-19. In the UK on 17 April 2020 the FCA announced proposed guidance for regulated firms that issue regulated motor finance agreements including hire purchase and personal contract purchase agreements (the "**FCA Guidance**") which would apply additional forbearance measures for a temporary period where a customer is already experiencing or reasonably expects to experience temporary payment difficulties as a result of the Corona Pandemic. The FCA Guidance includes proposals for payment deferrals for a temporary period without the agreement being considered in arrears, proposals regulating the treatment of customers in respect of maturing PCP Agreements wishing to retain their vehicle and

proposals regulating enforcement action. The FCA Guidance is not expected to apply to business customers and does not prevent regulated firms from providing more favourable assistance. The FCA Guidance is expected to be finalised by 24 April 2020 and enter into force shortly thereafter. VWFS is required to comply with the FCA Guidance once finalised. The possibility of further UK Government intervention in this area cannot be excluded and such initiatives may result in the Issuer not receiving sufficient Collections to make payments in full when due on the Notes.

B: VWFS initiatives

VWFS is regulated by the FCA and in servicing the Purchased Receivables is required to comply with the Consumer Credit Sourcebook ("**CONC**") which includes, at CONC 7.3.4, a requirement to treat customers in default or in arrears with forbearance and due consideration.

In the context of COVID-19 and in respect of Obligor's in financial difficulty during the term of their Financing Contract, VWFS has expanded the scope of its customary forbearance activities by changing its Customary Operating Practices to include the following which may be offered depending upon the circumstances of the Obligor:

- Arrangements to Pay: VWFS may offer Arrangements to Pay plans for up to 12 months (currently 3 months) depending upon the Obligor's circumstances. The Obligor may potentially be allowed to break the Arrangement to Pay up to a maximum of three times (currently 2 times);
- Token Payments: VWFS may accept one-off payments from the Obligor in an attempt to prevent the Financing Contract falling into arrears;
- Breathing Space: VWFS may agree to a period in which it will not actively pursue arrears of up to 60 days (currently 30 days); and
- Delay Terminations: VWFS may agree to a delay between the date the Financing Contract is placed into arrears and the date the Vehicle is repossessed

(together the "**Forbearance Amendments**"). The Forbearance Amendments may result in the Issuer not receiving sufficient Collections to make payments in full when due on the Notes.

Following the disruption to VWFS's dealer network and customary auction channels, VWFS has proposed to offer its customers in respect of maturing PCP Agreements an informal extension to the term of their PCP Agreement of up to 6 months where it is appropriate to do so.

VWFS will pay a deemed collection to the Issuer in an amount equal to the COVID-19 Settlement Amount on the Payment Date following the end of the Monthly Period in which such COVID-19 Extension has occurred. Following payment of the COVID-19 Settlement Amount such Purchased Receivable shall be treated as discharged with no further payments or recoveries in respect of such Purchased Receivable being transferred to the Issuer.

In the event that VWFS is replaced as Servicer due to the occurrence of a Servicer Termination Event (including as a result of an Insolvency Event which occurs in respect of VWFS), VWFS will no longer grant COVID-19 Extensions and will therefore no longer be required to pay COVID-19 Settlement Amounts to the Issuer. The realisation proceeds relating to Vehicles may be lower than the COVID-19 Settlement Amount paid by VWFS under the Servicing Agreement and may result in the Issuer not receiving sufficient Collections to make payments in full when due on the Notes.

VWFS will include in its Servicer Report details of Purchased Receivables which are subject to arrangements to pay or payment holidays agreed in the context of the Corona Pandemic.

Financing Contracts

The Issuer does not have any rights in, over or to the vehicles that are financed by the Financing Contracts - it only has rights in connection with the sale proceeds of those vehicles. Accordingly, in the event of any insolvency of VWFS, the Issuer is reliant on any administrator or liquidator of VWFS taking appropriate steps to sell such vehicles. Because the sale proceeds have been transferred to the Issuer, this will be of no value to VWFS's creditors as a whole and therefore an administrator or liquidator will not have any financial

incentive to take such steps. This risk is mitigated by the inclusion of a provision in the Servicing Agreement providing that the Issuer (or the Servicer on behalf of the Issuer) will pay, in accordance with the Order of Priority, any administrator or liquidator's costs and expenses in selling such vehicles and an Administrator Recovery Incentive fee; however there can be no certainty that any administrator or liquidator would take such actions and no contractual obligations on VWFS to do so that would be enforceable against VWFS or an administrator or liquidator thereof after the commencement of the administration or liquidation of VWFS.

Furthermore, following an Insolvency Event which occurs in respect of VWFS it will no longer be required to repurchase Redelivery Purchased Receivables pursuant to the Redelivery Repurchase Agreement. The realisation proceeds relating to Vehicles which are the subject of Redelivery Financing Contracts may be lower than the Redelivery Repurchase Price paid by VWFS under the Redelivery Repurchase Agreement.

Termination for Good Cause (*Kündigung aus wichtigem Grund*)

As a general principle of German law, a contract may always be terminated for good cause (*Kündigung aus wichtigem Grund*) and such right may not be totally excluded nor may it be subject to unreasonable restrictions or consent from a third party. This may also have an impact on several limitations on the right of the parties to terminate any of the German Transaction Documents for good cause.

Right to Vehicles and reliance on residual value

Under Financing Contracts which are PCP Agreements, at the end of the term of the PCP Agreement, an Obligor may either settle the contract by paying the balloon payment (and thereby purchase the Vehicle) or, subject to the Vehicle being in a condition acceptable to VWFS and within the agreed mileage, return the Vehicle to VWFS in full and final settlement of the PCP Agreement. Where the Obligor chooses to return the Vehicle, title in the Vehicle passes to the Obligor when the Obligor pays the additional "option to purchase" fee to VWFS (which does not form part of the Receivables). VWFS then acts as the Obligor's agent in selling the Vehicle and the sale proceeds of the Vehicle are applied to settle the Final Rental Amount. The Issuer will be exposed to the risk that due to dynamics in the used vehicle market the residual value of the Vehicle may be less than anticipated at the outset of the Financing Contract and thus less than the Final Rental Amount.

Market Value of Purchased Receivables

There is no assurance that the market value of the Purchased Receivables will at any time be equal or greater than the principal amount of the then outstanding Notes.

Commingling Risk

VWFS, as the Servicer, is entitled to commingle funds representing Collections with its own funds during each Monthly Period in accordance with the following procedure:

- (a) if and so long as the Monthly Remittance Condition is satisfied, VWFS, will be entitled to commingle funds representing Collections with its own funds during each Monthly Period and will be required to make a single deposit of such monthly Collections to the Distribution Account on each Payment Date; and
- (b) if and so long as the Monthly Remittance Condition is not satisfied, VWFS, will be entitled to commingle funds representing Collections with its own funds during each Monthly Period only in accordance with the procedure outlined in detail in "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT - Commingling".

Commingled funds may be used or invested by VWFS at its own risk and for its own benefit until the next relevant Payment Date. If VWFS were unable to remit those funds or were to become insolvent, losses or delays in distributions to Noteholders may occur.

Risk of Change of Servicer

In the event VWFS is replaced as Servicer, there may be losses or delays in processing payments or losses on the Purchased Receivables due to a disruption in servicing during a transfer to a successor Servicer, or because the successor Servicer is not as experienced as VWFS. This may cause delays in payments or

losses under the Notes. There is no guarantee that a successor Servicer will provide the servicing at the same level as VWFS. The Servicer will, however, not be released from its obligations under the Servicing Agreement until a successor Servicer has entered into a new servicing agreement with the Issuer. A successor Servicer is under no obligation to effect advances on expected Collections as outlined below under "Commingling Risk".

Risk of Non-Existence of Receivables

If any of the Receivables have not come into existence at the time of their transfer to the Issuer under the Receivables Purchase Agreement or belong to another Person other than the Seller, such transfer would not result in the Issuer acquiring title to such Receivable. The Issuer would not receive adequate value in return for its purchase price payment. This risk, however, will be mitigated by contractual representations and warranties and the contractual obligation that: (i) if such Receivable had not come into existence, VWFS shall pay to the Issuer an amount equal to the amount paid by the Issuer for such non-existent Receivable on the relevant Purchase Date or (ii) if such Receivable belongs to another person, VWFS shall pay to the Issuer an amount equal to the Settlement Amount for such non-existing Receivable on the Repurchase Date. Such Settlement Amount will be equal to the present value of the Purchased Receivable on the last calendar day of the month prior to the Repurchase Date in which the buying back shall become effective using, as applicable, the Discount Rate on the basis of one year of 360 days being equivalent to 12 months, each month consisting of 30 days.

Equitable Assignment

Assignment by VWFS to the Issuer of the benefit of the Receivables derived from Financing Contracts governed by the laws of England and Wales will take effect in equity only because no notice of the assignment will be given to Obligors.

The giving of notice to the Obligor of the assignment (whether directly or indirectly) to the Issuer would have the following consequences:

- (a) notice to the Obligor would "perfect" the assignment so that the Issuer would take priority over any interest of a later encumbrance or assignee of VWFS's rights who has no notice of the assignment to the Issuer;
- (b) notice to an Obligor would mean that the Obligor should no longer make payment to VWFS as creditor under the Financing Contract but should make payment instead to the Issuer. If the Obligor were to ignore a notice of assignment and pay VWFS for its own account, the Obligor might still be liable to the Issuer for the amount of such payment. However, for so long VWFS remains the Servicer under the Servicing Agreement, VWFS also is the agent of the Issuer for the purposes of the collection of the Receivables and will, accordingly, be accountable to the Issuer for any amount paid to VWFS in respect of the Receivables;
- (c) notice to the Obligor would prevent VWFS and the Obligor amending the relevant Financing Contract without the involvement of the Issuer. However, VWFS will undertake for the benefit of the Issuer that VWFS will not waive any breach under, or amend the terms of, any of the Financing Contracts, other than in accordance with VWFS's Customary Operating Practices; and
- (d) lack of notice to the Obligor means that the Issuer will have to join VWFS as a party to any legal action which the Issuer may want to take against any Obligor. VWFS as Seller will, however, undertake for the benefit of the Issuer that VWFS will lend its name to, and take such other steps as may be required by the Issuer or the Security Trustee in relation to any action in respect of the Purchased Receivables and VWFS grants the Issuer a power of attorney in this regard.

Until notice is given to the Obligor, equitable set-off rights (such as for misrepresentation or breach of contract as referred to in "Liability For Misrepresentations And Breach Of Contract" below) may accrue in favour of an Obligor in respect of his obligation to make payments under the relevant Financing Contract. Exercise of such rights by the Obligor may, therefore, result in the Issuer receiving less money than anticipated from the Receivables, which may in turn lead to reduced amounts being available to pay the Noteholders. The assignment of any Receivables to the Issuer will be subject both to any prior equities which have arisen in favour of the Obligor and to any equities which may arise in the Obligor's favour after the assignment until such time (if ever) as he receives actual notice of the assignment.

Notification Events have been put in place in the transaction to mitigate the risk deriving from the equitable assignment but there can be no certainty as to the timing and effectiveness of such Notification Events.

Financing Contracts regulated by the Consumer Credit Act 1974 (as amended)

Changes to the UK regulatory structure

The way in which providers of credit and related companies are licensed was recently changed in the United Kingdom. The Financial Services Act 2012, which received royal assent in December 2012, contains provisions which (among other things) on 1 April 2013 replaced the FSA with the Prudential Regulation Authority (the "**PRA**"), which is responsible for micro-prudential regulation of financial institutions that manage significant risks on their balance sheets, and the Financial Conduct Authority (the "**FCA**"), which is responsible for conduct of business ensuring that business across financial services and markets is conducted in a way which advances the interests of all users and participants. The FCA has power to render unenforceable contracts made in contravention of its product intervention rules, and formalises cooperation between the FCA and the Financial Ombudsman Service, particularly where issues identified potentially have wider implications. The Financial Services Act 2012 also contained provisions enabling the transfer of regulation of credit agreements regulated by the CCA from the Office of Fair Trading (the "**OFT**") to the FCA. The relevant secondary legislation was enacted in 2013 and 2014 and the transfer was effected on 1 April 2014.

FCA has been the regulator since April 2014 and it is still evolving its practices in connection with the consumer credit regime and the businesses it now regulates. In light of this it is possible that it will take further action to impose stricter rules on current practices of regulated firms and so it is possible that this change in regulatory structure will have an effect on the Financing Contracts, the Seller, and the Issuer and their respective businesses and operations, which may, in turn, affect the Issuer's ability to make payments in full on the Notes when due.

(a) Regulatory framework

The regulatory framework for consumer credit in the UK consists of the Financial Services and Markets Act 2000 ("**FSMA**") and its secondary legislation, including the Financial Services and Markets Act (Regulated Activities) Order 2001 (the "**RAO**"), retained provisions in the Consumer Credit Act 1974, as amended by the Consumer Credit Act 2006, and its retained associated secondary legislation (the "**CCA**"), and rules and guidance in the FCA Handbook, including the Consumer Credit Sourcebook ("**CONC**"). Article 60B of the RAO defines a regulated credit agreement as an agreement between an individual ("**A**") and any other person ("**B**") under which B provides A with credit of any amount (the historic limit of £25,000 has been abolished) and which is not an exempt agreement under articles 60C to 60HA of the RAO. Article 60C of the RAO contains an exemption for consumer credit contracts exceeding the value of £25,000, which are entered into wholly or predominantly for the debtor's business purposes.

The application of the CCA to the Financing Contracts which are regulated by the CCA (the "**Regulated Financing Contracts**") will have several consequences including the following:

(b) 1. Voluntary Terminations

At any time before the last payment falls due in respect of the relevant Regulated Financing Contract, the Obligor may, pursuant to sections 99 and 100 of the CCA, terminate the relevant Regulated Financing Contract. Obligors do not have to state a reason for exercising their rights under this section. Generally Obligors may take advantage of the right of voluntary termination when they are in financial difficulty, or when the residual value of the Vehicle on part-exchange is less than the amount that would be payable on Early Settlement. In order to terminate the Regulated Financing Contract, the Obligor is required to notify VWFS. On and upon notification the Obligor must return the vehicle, at its own expense, to an address as reasonably required by VWFS, together with everything supplied with the vehicle.

In such a case VWFS is entitled to:

- (c) all arrears of payments due and damages incurred for any other breach of the Regulated Financing Contract by the Obligor prior to such termination;
- (d) the amount (if any) by which one half of the total amount which would have been payable under the Regulated Financing Contract if it had run its course exceeds the aggregate of sums already paid by the Obligor and amounts due from the Obligor under the Regulated Financing Contract immediately before exercise by the Obligor of its statutory right of termination;
- (e) possession of the relevant vehicle subject to the Regulated Financing Contract being terminated; and
- (f) any other sums due but unpaid by the Obligor under the Regulated Financing Contract.

Following the Voluntary Termination of a Financing Contract, VWFS will take possession of the relevant vehicle and will sell such Vehicle in accordance with its Customary Operating Practices. VWFS will apply (a) any amounts received per paragraphs (i) and (ii) above and (b) any proceeds from the sale of the vehicle to reduce the receivables balance of the Financing Contract that remains outstanding following the Voluntary Termination. Following such application, any remaining amounts of receivables balance on the Financing Contract that has been the subject of the Voluntary Termination will be written-off and reduced to zero.

Following the end of the Revolving Period, if an Obligor exercises its rights to terminate a Financing Contract pursuant to sections 99 and 100 of the CCA, it is possible that the Notes may be redeemed earlier than anticipated.

Furthermore, if an Obligor terminates a Financing Contract pursuant to sections 99 and 100 of the CCA, it is possible that the Issuer will not receive the full amount of the principal amount outstanding on the relevant Purchased Receivable and an amount of principal will accordingly be written-off. This in turn could trigger losses in respect of the Notes.

See also "RISK FACTOR – Regulatory Framework – Right to Vehicles and reliance on residual value" which will apply equally to any Vehicles to be disposed of following the exercise by an Obligor of its right to voluntarily terminate any Financing Contract.

- (g) Early Settlement of Regulated Financing Contracts

The Obligor has a statutory right to discharge his payment liability, and obtain title to the Vehicle, under the Regulated Financing Contract in advance of its scheduled final repayment date by paying VWFS all unpaid scheduled payments through to the scheduled final repayment date together with all other amounts due and payable under the relevant Regulated Financing Contract less a rebate calculated pursuant to the provisions of the Consumer Credit (Early Settlement) Regulations 2004 (the "**Early Settlement Regulations**") (see sub-paragraph (d) below).

In addition, from 1 February 2011 the Obligors under a Regulated Financing Contract entered into after 11 June 2010 have a right to make partial early repayments of the Regulated Financing Contract. One or more partial early repayment(s) may be made at any time during the life of the relevant Regulated Financing Contract, subject to the Obligor taking certain steps as outlined in Section 94 of the CCA. The provisions on partial early settlement are largely the same as those for full early settlement and the framework operates in much the same way.

- (h) Termination of Regulated Financing Contracts

VWFS has the right to terminate the Regulated Financing Contract in the event of an unremedied material breach of agreement by the Obligor. In such case VWFS is entitled to repossess the vehicle (however, where the Obligor has paid at least one-third of the total amount payable, the vehicle becomes "protected" under the CCA with the consequences described in "Protected Goods" below) and recover either:

- (i) all arrears of payments due and damages incurred for any breach of the Regulated Financing Contract by the Obligor prior to such termination;
- (ii) all VWFS's expenses of recovering or trying to recover the Vehicle, storing it and tracing the Obligor and any shortfall relating to the sale or other disposal of vehicle (including all expenses of sale); and
- (iii) any other sums due but unpaid by the Obligor under the Regulated Financing Contract less a rebate calculated pursuant to the provisions of the Early Settlement Regulations (see below).
- (iv) or such lesser amount as a court considers will compensate VWFS for its loss.

Court decisions have conflicted on whether the amount payable by the obligors on termination by the lender (for example, for repudiatory breach by the Obligor) is restricted to the amount calculated by the one-half formula for termination by the Obligor. The Financing Contracts provide that the amount payable by the Obligor on termination by VWFS is the outstanding balance of the total amount payable under the Financing Contract less any statutory rebate for early settlement and less any proceeds of sale or estimated value of the vehicle so the Financing Contracts reflect those court decisions favourable to VWFS on this point.

- (i) Rebate on Early Settlement or on Termination of a Regulated Financing Contract by VWFS

In the case of Regulated Financing Contracts, a rebate of credit charges may be due on early settlement. The amount of the rebate is calculated in accordance with the Early Settlement Regulations. The rebate is available only in the circumstances specified in the Early Settlement Regulations. No such rebate is required where the Obligor exercises his right to terminate a Regulated Financing Contract as described in (a) above, as the Obligor may terminate the relevant Regulated Financing Contract, without discharging in full the total amount payable under the Regulated Financing Contract.

- (j) Time Orders

If, with regards to a Regulated Financing Contract, certain default or enforcement proceedings are taken or notice of early termination is served on an Obligor, the Obligor can apply to the court for a time order to change the timing of payments under his Regulated Financing Contract or to repay the outstanding sum by lower instalments than provided for in his Regulated Financing Contract. Under the provisions of the CCA the court has a wide discretion to make an order incorporating such amendments to the relevant Regulated Financing Contract as it considers fit, in order to achieve the objectives of the time order.

- (k) *Bona fide* purchaser

A disposition of the vehicle by the Obligor to a bona fide private purchaser without notice of the Financing Contract will transfer to the purchaser VWFS' title to the vehicle.

- (l) Interpretation of technical rules

VWFS has interpreted certain technical rules under the CCA in a way common with many other lenders in the vehicle finance market. If such interpretation were held to be incorrect by a court or other dispute resolution authority, then the Financing Contract would be unenforceable without a court order. If such interpretation were challenged by a significant number of Obligors, then this could lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA against certain lenders, but such decisions are very few and are generally county court decisions which are not binding on other courts. Where agreements are unenforceable without a court order due to minor documentary defects, lenders have historically pursued such debts as though they are simply enforceable, until such time as those defects were raised

by the borrower and/or the court in any claim. To mitigate the risks associated with this approach, lenders currently rely on the decision in *McGuffick v Royal Bank of Scotland* [2010] 1 All ER 634, in which the High Court ruled that, in relation to agreements which were unenforceable by reason of failures to provide copies under sections 77 and 78 of the CCA, steps which fell short of obtaining a court judgment against the borrower were not "enforcement" within the meaning of the CCA.

(m) Enforcement of improperly executed or modified Regulated Financing Contracts

If a Regulated Financing Contract has been "improperly executed" (as such term is used in the CCA) or improperly modified in accordance with the provisions of the CCA, it may be unenforceable unless a court order has been obtained.

(n) "Unfair relationship"

The court has power under section 140A of the CCA to determine that the relationship between a lender and a customer arising out of the credit agreement (whether alone or with any related agreement) is unfair to the consumer. In applying the new unfair relationship test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the lender's conduct before and after making the agreement. There is no statutory definition of "unfair" as the intention is for the test to be flexible and subject to judicial discretion. The Supreme Court has given general guidance in respect of unfair relationships in *Plevin v Paragon Personal Finance Ltd* [2014] 1 WLR 4222. Whilst the court acknowledged that it is not possible to state a precise or universal test for an unfair relationship, which must depend on the court's judgment of all the relevant facts, the court did give the guidance on the nature of the test which should be applied. The Supreme Court acknowledged that what must be unfair is the relationship between the debtor and the creditor. Although the court is concerned with hardship to the debtor, there may be features which operate harshly against the debtor but it does not necessarily follow that the relationship is unfair because the features in question may be required in order to protect a legitimate interest of the creditor. The FCA principles are also relevant and apply to the way contract terms are used in practice and not just the way they are drafted. Once an Obligor alleges that an unfair relationship exists, the burden of proof is on the lender to prove the contrary.

(o) Financial Ombudsman Service

The Financial Ombudsman Service is an out-of-court dispute resolution scheme with jurisdiction to determine complaints against authorised persons under the FSMA relating to conduct in the course of specified regulated activities including in relation to consumer credit.

Under FSMA, the Financial Ombudsman Service is required to make decisions on, among others, complaints relating to the terms in agreements on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all the circumstances of the case, taking into account, among others, law and guidance. Complaints brought before the Financial Ombudsman Service for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. The Financial Ombudsman Service may order a money award to an Obligor, which may adversely affect the value at which the Financing Contracts in the Receivables could be realised and accordingly the ability of the Issuer to meet its obligations under the Notes. The jurisdiction of the Financial Ombudsman Service has applied since 6 April 2007.

(p) Private rights of action under the FSMA

An Obligor who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an FCA authorised person of a rule under the FSMA. From 1 April 2014, such rules include rules in the FCA Consumer Credit Sourcebook (CONC),

which transposes certain requirements previously made under the CCA and in OFT guidance. The Obligor may set off the amount of the claim for contravention of CONC against the amount owing under the Regulated Financing Contract or any other credit agreement he has taken with the authorised person (or exercise analogous rights in Scotland). Any such set-off may adversely affect the Issuer's ability to make payments in full when due on the Notes.

(q) Enforcement action by the FCA

The FCA has a broad range of enforcement powers under the FSMA which it can take against authorised firms where the firm breaches a requirement of the FSMA. These powers include the ability to order restitution and implement consumer redress schemes under Section 404 of FSMA. In addition where a lender or broker does not have the relevant permission an agreement will be unenforceable against the customer without an order of the FCA.

(r) Servicing Requirements

VWFS has to comply with certain post-contract information requirements under the CCA. Failure to comply with these requirements can have a significant impact. For example: (a) the credit agreement is unenforceable against the customer for any period when the lender fails to comply with requirements as to periodic statements, arrears notices or default notices (although any such unenforceability may be cured prospectively by the lender complying with requirements as to periodic statements, arrears notices and default notices); (b) the customer is not liable to pay interest or default fees for any period when the lender fails to comply with requirements as to periodic statements or arrears notices; and (c) interest on default fees is restricted to nil until the 29th day after the day on which a notice of default fees is given and then to simple interest (i.e. interest may only be calculated on the principal amount of the default fee).

Liability for misrepresentations and breach of contract

Regulated Financing Contracts

Under section 75 of the CCA, an Obligor may make a claim against VWFS as well as a supplier in respect of any misrepresentations made by the supplier in a transaction between the supplier and the Obligor during negotiations between them before execution of the relevant Regulated Financing Contract or for a breach of contract. This liability arises in relation to, for example, insurance products where the creditor can be liable to the Obligor for misrepresentation or breach of contract by an insurer (or a dealer on its behalf) in relation to an insurance contract between the insurer and the Obligor and financed by a Regulated Finance Contract.

In all the above circumstances, VWFS normally has a right to be reimbursed by the supplier for any amount paid to the Obligor in respect of the Obligor's claim and any costs (including legal costs) incurred in defending the claim.

Equitable (or equivalent or analogous) set-off rights (such as for misrepresentation or breach of contract) may accrue in favour of an Obligor in respect of its obligation to make payments under the relevant Financing Contract. Exercise of such rights by the Obligors may, therefore, result in the Issuer receiving less money than anticipated from the Receivables, which may in turn lead to reduced amounts being available to pay the Noteholders.

In addition under section 56 of the CCA where a credit broker, such as a dealer, carries out antecedent negotiations with an Obligor those negotiations will be deemed to be carried out in the capacity of agent of the creditor as well as in his actual capacity. As a result VWFS will be potentially liable in respect of any misrepresentations made by any credit broker involved in introducing an Obligor to VWFS. This liability arises in relation to the Vehicle, and applies for example, to the dealer's promise to the Obligor on the quality or fitness of the Vehicle, and can extend, for example, to the dealer's promise to apply a part-exchange allowance to discharge an existing credit agreement. If any such pre-contractual statement is a misrepresentation or implied condition in the regulated consumer credit contract, then the Obligor is entitled to, amongst other things, rescind the contract and return the goods, and to treat the contract as repudiated

by VWFS and accept such repudiation by notice, and is not liable to make any further payments, and may claim repayment of the amounts paid by the Obligor under the contract and damages such as the cost of hiring an alternative vehicle. The Obligor may set-off the amount of any such money claim against the amount owing by the Obligor under the credit agreement or any other credit agreement he has taken with VWFS (or exercise analogous rights in Scotland).

All Financing Contracts including Regulated Financing Contracts

Under the Supply of Goods (Implied Terms) Act 1973 an Obligor may also make a claim for breach of contract against VWFS or, potentially, terminate the Financing Contract for repudiatory breach if the vehicle the subject of the Financing Contract is not of satisfactory quality (which includes an assessment of whether it is fit for its intended purpose) or as described. Under the terms of each Financing Contract, there is one clause which purports to restrict VWFS's liability for any loss, injury or damage (other than death or personal injury) caused by VWFS's negligence or breach of contract. This clause is expressly stated to be subject to the relevant implied terms of the Supply of Goods (Implied Terms) Act 1973 in relation to title, conformity of the vehicles in question as to description, sample, quality and fitness for a particular purpose.

For Financing Contracts entered into on or after 1 October 2015 by Obligors acting wholly or mainly outside that Obligor's trade, business, craft or profession) equivalent protections are contained in the Consumer Rights Act 2015 (the "CRA15"). Where the Obligor makes the contract other than in the course of a business this exclusion does not affect the Obligor's statutory rights, either under the Supply of Goods (Implied Terms) Act 1973 or the CRA15, that the goods be of satisfactory quality fit for their intended purpose and as described. Where the Obligor makes the contract in the course of a business the exclusion of liability will only be binding if it meets a statutory test of reasonableness.

In the above circumstances, VWFS will normally have a right to claim against the dealer or supplier for any amount paid to the Obligor in respect of the Obligor's claim and any costs (including legal costs) incurred in defending the claim. If any such case arises and the Obligor's claim is successful, VWFS would also ordinarily seek to sell the Vehicle back to the dealer.

Protected Goods

If, under a Regulated Financing Contract, the Obligor has paid VWFS one-third or more of the total amount payable under the relevant Regulated Financing Contract, the vehicle becomes "protected" pursuant to section 90 of the CCA and VWFS is not entitled to repossess it, unless VWFS first obtains an order from the court to this effect. If, however, the Obligor terminates the Regulated Financing Contract, the vehicle ceases to be "protected" and VWFS may effect repossession unless the court grants the Obligor a "time order" rescheduling the Obligor's outstanding liabilities under the Regulated Financing Contract, or otherwise exercises any other discretion which it may have under the CCA. In the event any of the vehicles owned by Obligors are protected, this could potentially cause delays in recovering amounts due from the Obligors and consequently may reduce amounts available to Noteholders.

Other Risks Resulting from Consumer Legislation

Unfair Terms in Consumer Contracts Regulations 1999

The Unfair Terms in Consumer Contracts Regulations 1999 (the "**UTCC Regulations**") apply in relation to the Financing Contracts involving consumers entered into prior to 1 October 2015. An Obligor may challenge a term in an agreement on the basis that it is "unfair" within the meaning of the UTCC Regulations and therefore not binding on the Obligor.

A term shall be regarded as unfair if, contrary to the requirement of good faith, it causes a significant imbalance in the parties' rights and obligations arising under the contract to the detriment of the consumer. It should be noted that there is no strict definition as to what will constitute an "unfair" term, although Schedule 2 to the UTCC Regulations provides a (non-exhaustive) list of terms that may potentially be deemed to be unfair. The assessment of unfairness will take into account all the circumstances attending the conclusion of the contract.

Ultimately, only a court can decide whether a term is fair; however, it will take into account any relevant guidance published by the Competition and Markets Authority or the FCA. The FCA had previously published guidance on how it would interpret the UTCC Regulations. This guidance was withdrawn in

March 2015 following a number of decisions by the Court of Justice of the European Community and the then impending enactment of the CRA15 on 1 October 2015 and the repeal on that date of the UTCC Regulations. The FCA will also consider the terms of agreements, and how the terms are applied in light of their "Treating Customers Fairly" principle. In particular, they will look at whether satisfactory outcomes have been achieved for customers.

For transactions entered into on and after 1 October 2015, the CRA15 will apply in place of the UTCC Regulations. The CRA15 continues to provide consumers with substantially the same rights as they enjoyed under the UTCC Regulations and also extends protection to announcements or other communications, whether or not in writing, that may be seen by the consumer that are related to the Financing Agreement. The CRA15 makes both consumer contracts and consumer notices unenforceable if they fail the fairness test; introduces a more stringent test for fairness by making main subject matter of the contract or terms which set the price subject to the fairness test if they are not both transparent and prominent; and introduces new terms into the list of potentially unfair clauses in consumer contracts.

No assurance can be given that the implementation of the CRA15 or changes to guidance will not have an adverse effect on the Receivables, VWFS, the Servicer, the Issuer and their respective businesses and operations. The broad and general wording of the UTCC Regulation and the CRA15 makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a court would find a term to be unfair. It is therefore possible that any agreements made with consumers may contain unfair terms, which may result in the possible unenforceability of those unfair terms. This may adversely affect the ability of the Issuer to dispose of Receivables, or any part thereof, in a timely manner and/or the realisable value of the Receivables, or any part thereof, and accordingly affect the ability of the Issuer to meet its obligations under the Notes when due.

No assurance is given that future changes to the CRA15, the manner in which the CRA15 is applied, interpreted or enforced or changes to guidance relating to the CRA15 will not have an adverse effect on the Receivables, VWFS, the Servicer, the Issuer and their respective businesses and operations. This may adversely affect the ability of the Issuer to dispose of Receivables, or any part thereof, in a timely manner and/or the realisable value of the Receivables, or any part thereof, and accordingly affect the ability of the Issuer to meet its obligations under the Notes when due.

Unfair Commercial Practices Directive 2005

On 11 May 2005, the European Parliament and the Council adopted the Unfair Commercial Practices Directive (SI 2005/29/EC) (the "**UCPD**"). The UCPD is a maximum harmonisation Directive, which means that (except for financial services and immoveable property) Member States may not impose more stringent provisions than those provided for by the UCPD.

The UCPD seeks to harmonise unfair trading laws in all Member States by: (i) introducing a general prohibition on traders not to treat consumers unfairly; (ii) obliging businesses not to mislead consumers through acts or omissions or through subjecting them to aggressive commercial practices such as high pressure selling techniques; and (iii) introducing a prohibition of specified practices that will be deemed unfair in all circumstances. The UCPD has a wide scope in that it prohibits unfair business-to-consumer practices in all sectors, however, it only focuses on the protection of economic interests. Other interests such as health, safety, taste or decency are outside its scope.

The UCPD is intended to protect only the collective interests of consumers; it does not seek to provide individual consumers with a private right of action.

The Consumer Protection from Unfair Trading Regulations 2008 (SI 2008/1277) (the "**Consumer Protection Regulations**"), which implement the UCPD, came into force on 26 May 2008.

The Consumer Protection Regulations are comprised of three key restrictions:

- (a) Regulation 3 sets out a general prohibition of unfair commercial practices, so as to catch all practices which do not fall into the specific prohibitions of misleading and aggressive practices or the specifically banned practices. In accordance with Regulation 3, a commercial practice is "unfair" if:

- (i) the practice contravenes the requirements of "professional diligence" (which is the special skill and care a trader may be reasonably expected to exercise commensurate with honest market practice or the general principle of good faith in its field of activity; and
 - (ii) the practice materially distorts or is likely to materially distort the economic behaviour of the average consumer with regard to the product in question.
- (b) Regulations 5 to 7 set out specific prohibitions in respect of misleading actions or omissions, and aggressive practices, respectively.
- (c) Schedule 1 to the Consumer Protection Regulations contains a list of 31 specified commercial practices that are in all circumstances to be deemed unfair. Evidence of their effect, or likely effect, on the average consumer is not required in order to prove a breach under the Consumer Protection Regulations.

Enforcers (such as the Competition Markets Authority and local trading standards authorities) may take civil enforcement action in respect of a breach of the Consumer Protection Regulations and consumers also have a right to redress for prohibited practices, including a right to unwind agreements, claim damages or obtain a discount.

The Consumer Protection Regulations require the Competition and Markets Authority and local trading standards authorities to enforce the Consumer Protection Regulations by prosecution or by seeking an enforcement order to prevent a business from carrying on unfair practices. In addition, the FCA addresses unfair practices in its regulation of consumer finance. No assurance can be given that any regulatory action or guidance in respect of the Consumer Protection Regulations will not have a Material Adverse Effect on the Financing Contracts and accordingly on the Issuer's ability to make payments in full when due on the Notes.

FCA ongoing work in the motor finance market sector

The FCA has been looking at the motor finance market to develop its understanding of the relevant products and how they are sold, and to assess whether the products cause harm to consumers and if the market is functioning as well as it could. The FCA published its final findings in March 2019. In particular, the FCA found that commission models allowing broker discretion on interest rates have the potential for significant customer harm in terms of higher interest charges. The FCA refers in particular to Increasing Difference in Charges (DiC) and Reducing Difference in Charges commission models, which 'can provide strong incentives' for brokers to arrange finance at higher interest rates. With DiC models, brokers are paid a fee which is linked to the interest rate payable by the customer. The contract between the lender and broker sets a minimum (for Increasing DiC) or maximum (for Decreasing DiC) interest rate and the fee is a proportion of the difference in interest charges between the actual interest rate and the minimum/maximum interest rate. On 15 October 2019, the FCA published a consultation paper (CP 19/28) proposing a ban on motor finance discretionary commission models where the amount of the commission is linked to the interest rate the customer pays and which the dealer or broker has the power to set. This includes Increasing DiC and Reducing DiC models, as well as scaled commission models. Such a prohibition aims to address consumer harm by removing the financial incentive for brokers or dealers to increase a customer's interest rate. The FCA has also prepared draft amendments to its rules and guidance on commission disclosure to customers. The FCA expects to finalise its rule changes at the beginning of Q2 2020 with a likely 3 month implementation period for the ban and immediate implementation of certain of the changes to commission disclosure rules and guidance. In addition, the FCA published a "Dear CEO" letter on 20 January 2020 entitled "Portfolio Strategy: Motor Finance Providers" setting out its supervisory strategy for the period to August 2021.

No assurance can be given that changes will not be made to the regulatory regime and developments described above in respect of the vehicle finance market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller, whether arising from the FCA review into the motor finance industry or otherwise. Should new rules be introduced, a different interpretation of existing rules be endorsed by the FCA (in particular, but not limited to the cost of compliance), or should enforcement action be taken by the FCA, this may have a Material Adverse Effect on the Seller, the Issuer and/or the Servicer and their respective businesses and operations and may in turn adversely affect the Issuer's ability to make payments in full when due on the Notes.

Scottish Receivables

Certain of the Financing Contracts have been entered into with Obligors who are (a) consumers and (b) located in Scotland and certain of the vehicles financed pursuant to the Financing Contracts are located in Scotland. In such circumstances, there is a risk that the Scottish courts could apply Scots law based on regulations 5 and 8 of the Unfair Terms in Consumer Contracts Regulations 1999 and from 1 October 2015 the CRA15.

If a Scottish court were to declare that a Financing Contract was in fact governed by Scots law (a "**Scottish Financing Contract**"), the Scots court may declare that such Scottish Financing Contract had always been governed by Scots law, and that the Scottish Financing Contract should therefore be interpreted as a matter of Scots law. There is therefore a risk that the transfer under English law of Receivables derived from Scottish Financing Contracts ("**Scottish Receivables**") sold by VWFS to the Issuer may not be considered to be a valid transfer by the Scots courts.

To mitigate this risk, VWFS will declare trusts (each a "**Scottish Trust**") in favour of the Issuer over the Scottish Receivables and the Vehicles relating thereto and the Issuer will be the beneficiary under each Scottish Trust. To the extent a Scots court considers the Financing Contract to be governed by Scots law, legal title to the relevant Scottish Receivable will remain with VWFS because no formal assignment of the Scottish Receivable duly intimated to the relevant Obligor(s) will have been made. The legal position of the Issuer under each Scottish Trust is substantially in accordance with that set out above in relation to the holding of an equitable interest in the Purchased Receivables governed by the laws of England and Wales.

The fixed charge granted by the Issuer in favour of the Security Trustee over the Issuer's assets provides for, among other things, an Assignment in Security of the Issuer's interest in Scottish Trusts.

Reliance on Warranties

If the warranties given by the Seller in the Receivables Purchase Agreement in respect of the Purchased Receivables are breached on (i) the Initial Cut-Off Date in respect of the Initial Receivables or (ii) the relevant Additional Cut-Off Date in respect of the Additional Receivables and such failure materially and adversely affects the interests of the Issuer or the Noteholders, the Seller shall have until the end of the Monthly Period which includes the sixtieth (60th) day (or, if the Seller so elects, an earlier date) after the date that the Seller became aware or was notified of such breach to cure or correct such breach (the "**Cure Period**"). The Issuer's sole remedy will be to require the Seller to take one of the following remedial actions:

- remedy the matter giving rise to such breach if such matter is capable of remedy provided that, if a remedy within the relevant Cure Period (as defined above) is not practicable, the Seller may remedy such breach by the last day of the following calendar month; or
- repurchase the relevant Purchased Receivable at a price equal to, or, in case of a breach of clause 9.1(h) (Warranties and Representations) of the Receivables Purchase Agreement, pay to the Issuer, the Settlement Amount of such Purchased Receivable as at the end of the calendar month immediately preceding such repurchase provided that, if it is not practicable to repurchase such Purchased Receivable within the relevant Cure Period (as defined above), the Seller may repurchase such Purchased Receivable on the immediately following Payment Date.

The Servicer shall immediately notify the Issuer and the Security Trustee if the Servicer becomes aware of any breach of the Seller's representations and warranties set out in clause 9.1 (Warranties and Representations) of the Receivables Purchase Agreement set out in the section "PURCHASED RECEIVABLES – Eligibility Criteria" below.

Each of the Issuer and Security Trustee agree to notify VWFS promptly upon becoming aware of any breach of representation or warranty set out in clause 9.1 (*Warranties and Representations*) of the Receivables Purchase Agreement of a Purchased Receivable. This will not constitute an obligation of the Issuer and/or the Security Trustee to investigate whether any such breach has occurred.

If the Seller breaches any warranty given in respect of itself in the Receivables Purchase Agreement (i) as at the Closing Date, and (ii) as at each Additional Purchase Date and the breach materially and adversely affects the interests of the Issuer and Noteholders, the Issuer may require VWFS to remedy the matter giving rise to such breach if such matter is capable of remedy provided that, if a remedy within the relevant

Cure Period (as defined above) is not practicable, the Seller may remedy such breach by the last day of the following calendar month. The Seller also agrees, subject to certain exclusions and limitations, to indemnify the Issuer and the Security Trustee for any breach of its obligations under the Receivables Purchase Agreement and the other Transaction Documents to which it is a party, its failure to comply with any applicable law, rule or regulation imposed upon it by the laws of England and Wales or Scotland or the non-conformity of any Financing Contract with such law, rule or regulation or any product liability claim for damages for personal injury or damage to property or other similar or related claim, liability or action proceedings in respect of which are commenced in the courts of England and Wales or Scotland, arising in connection with any Receivable or Vehicle related thereto or Financing Contract.

Reliance on Servicing and Collection Procedures

VWFS, in its capacity as Servicer, will carry out the servicing, collection and enforcement of the Purchased Receivables, including foreclosure on the Purchased Receivables, in accordance with the Servicing Agreement (see "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT"). Accordingly, the Noteholders are relying on the business judgment and practices of VWFS as they exist from time to time, in its capacity as Servicer to collect and enforce claims against the Obligors.

Accordingly, the Noteholders are relying on the business judgment and practices of VWFS as they exist from time to time, in its capacity as Servicer to collect and enforce claims against the Obligors.

See also "RISK FACTOR – Risks related to the Purchased Receivables – The Corona Pandemic may have a material negative impact on the performance of the Issuer under the Notes".

Conflicts of Interest

VWFS, the Arranger, the Lead Manager, the Security Trustee and the Swap Counterparties are acting in a number of capacities in connection with the transaction. These parties will have only those duties and responsibilities expressly agreed to by them in the relevant agreement and will not, by virtue of their or any of their Affiliates' acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each agreement to which they are a party. The aforementioned parties in their various capacities in connection with the Transaction may enter into business dealings from which they may derive revenues and profits without any duty to account therefore in connection with the transaction.

VWFS, in particular, may hold and/or service claims against the Obligors other than the Purchased Receivables. The interests or obligations of the aforementioned parties in their respective capacities with respect to such other claims may in certain aspects conflict with the interests of the Noteholders.

The aforementioned parties may engage in commercial relationships, in particular, be lender, provide general banking, investment and other financial services to the Obligors and other parties. In such relationships the aforementioned parties are not obliged to take into account the interests of the Noteholders. Accordingly, because of these relationships, potential conflicts of interest may arise out of the transaction.

Fixed Charges may take effect as Floating Charges

Pursuant to the terms of the Deed of Charge and Assignment, the Issuer has purported to grant fixed charges over, among other things, its interests in the Purchased Receivables and their Ancillary Rights, its rights and benefits in the Accounts from time to time.

English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than by way of assignment in security) may take effect under English law as floating charges only if, for example, it is determined that the Security Trustee has not been provided sufficient control over the charged assets (although it should be noted that there is no equivalent concept of recharacterisation of fixed security as floating security under Scots law). If the charges take effect as floating charges instead of fixed charges, then, as a matter of law, certain claims would have priority over the claims of the Security Trustee in respect of the floating charge assets.

The interest of the Transaction Creditors in property and assets over which there is a floating charge will rank behind the expenses of any administrator or liquidator and the claims of certain preferential creditors

on enforcement of the Security. Section 250 of the Enterprise Act 2002 abolishes Crown Preference in relation to all insolvencies (and thus reduces the categories of preferential debts that are to be paid in priority to debts due to the holder of a floating charge) but a new Section 176A of the Insolvency Act 1986 requires a "prescribed part" (up to a maximum amount of £600,000) of the floating charge realisations available for distribution to be set aside to satisfy the claims of unsecured creditors and from 1 December 2020 it is expected, assuming the Finance Bill 2020 is granted royal assent in its the form as at the date of this Base Prospectus and following the then-Finance Act 2020 coming into force, that HMRC's preferential status in respect of other taxes (eg, VAT, PAYE and employee NICs) will be reintroduced. This means that the expenses of any administration, the claims of preferential creditors and the beneficiaries of the prescribed part will be paid out of the proceeds of enforcement of the floating charge ahead of amounts due to Noteholders. The prescribed part will not be relevant to property subject to a valid fixed security interest or to a situation in which there are no unsecured creditors.

Employees

Some Obligors may be employees of VWFS. Consequently, they may have a right of set-off against amounts due under the Purchased Receivables against unpaid wages or other cash benefits. Any such set-off may adversely affect the Issuer's ability to make payments in full when due on the notes.

Historical and other Information

The historical information set out in particular in "DESCRIPTION OF THE PORTFOLIO" is based on the historical experience and present procedures of the Seller. None of the Issuer, the Swap Counterparties, the Arranger, the Lead Manager, the Security Trustee, the Principal Paying Agent, or the Corporate Services Provider has undertaken or will undertake any investigation or review of, or search to verify the historical information. There can be no assurances as to the future performance of the Purchased Receivables. Any deterioration of the future performance of the Purchased Receivables may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

4. LEGAL, MACRO-ECONOMIC AND REGULATORY RISKS RELATING TO THE NOTES

General market volatility and post-UK referendum uncertainty

Concerns relating to credit risk (including that of sovereigns and of those entities which have exposure to sovereigns) persist, in particular with respect to current economic, monetary and political conditions in the Eurozone. If such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any exit(s) by any member state(s) from the European Union and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the UK automobile market, the Issuer, one or more of the other parties to the Transaction Documents (including the Seller, the Servicer, the Account Bank and/or the Swap Counterparties) and/or any Obligor in respect of the Financing Contracts.

On 23 June 2016, the UK held a referendum with respect to its continued membership of the EU (the "**Referendum**"). The result of the Referendum was a vote in favour of leaving the EU. This result did not have any legal effect on the UK's membership of the EU. On 29 March 2017 the UK gave formal notice under Article 50 of the Treaty on European Union ("**Article 50**") of its intention to leave the EU. On 31 January 2020, the UK formally left the EU and the UK's relationship with the EU is now governed by the terms of the 'Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community' (the "**Withdrawal Agreement**").

Under the terms of the ratified Withdrawal Agreement, a transition period has now commenced which will last until 31 December 2020. During this period, most European Union rules and regulations will continue to apply to and in the UK and negotiations in relation to a free trade agreement will be ongoing. Under the Withdrawal Agreement, the transition period may, before 1 July 2020, be extended once by up to two years. However, the UK legislation ratifying the Withdrawal Agreement (the European Union (Withdrawal) Act 2018, as amended by the European Union (Withdrawal Agreement) Act 2020 (as so amended, the "**EUWA**") contains a prohibition on agreeing any extension to the transition period. While this does not entirely remove the prospect that the transition period will be extended (as UK Parliament could pass legislation that would override the effect of the prohibition in the EUWA), the likelihood of a further extension is significantly reduced and the risk is increased that by 31 December 2020 no trade agreement on future relationship between the UK and the European Union is reached at all or a significantly narrower agreement is reached than that envisaged by the political declaration by the European Commission and the UK Government.

The UK Government is continuing preparations for a "hard" Brexit or "no-deal" Brexit to minimise the risks for firms and businesses associated with an exit without agreement as to the EU-UK future trade relationship at the end of the transition period. This includes enacting secondary legislation under powers provided in the EUWA to ensure that the UK has a functioning statute book at the end of the transition period. The European authorities have not provided UK firms and businesses with similar assurances in preparation for a 'hard' Brexit. Due to the on-going political uncertainty as regards the terms of the UK's withdrawal from the EU and the structure and the terms of the future relationship between the EU and the UK, the precise impact on the business of the Issuer and the Transaction Parties is difficult to determine.

It is possible that the UK will leave the EU without any agreement on the terms of its withdrawal and/or an agreement on the terms of the future trading relationship between the UK and the EU. In such circumstances, it is possible that a high degree of political, legal, economic and other uncertainty may result.

There are a number of areas of uncertainty in connection with the future of the UK and its relationship with the European Union and the negotiation of the UK's exit terms and related matters may take several years. Given this uncertainty and the range of possible outcomes, it is not currently possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on general economic conditions in the UK, including the performance of the UK automobile market. It is also not possible to determine the precise impact that these matters will have on the business of the Issuer (including the performance of the Purchased Receivables), the Transaction Parties and/or any Obligor in respect of the underlying Financing Contract, or on the regulatory position of any such entity or of the transactions contemplated by the Transaction Documents under EU regulation or more generally.

No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market.

Absence of secondary market liquidity and market value of the Notes

Presently, there is not an active and liquid secondary market for the Notes and there is no guarantee that an active and liquid secondary market will be established in the near future. Although the Lead Manager could establish a secondary market for the Notes, this does not necessarily mean that they are obliged to do so and any market activity which has been there in the past can be easily terminated without prior notice. If there are no market activities (i.e. bids and offers) by the Lead Manager, it is unlikely that a liquid secondary market will be established. It is therefore not guaranteed that a secondary market will be established and even if such market is established that it provides sufficient liquidity to absorb any bids or that any Noteholder will be able to find a buyer for Notes held by it. Accordingly investors should be prepared to be invested in the Notes until final maturity of the relevant Note.

Noteholders should be aware of the prevailing and widely reported global credit market conditions which continue at the date hereof, and the general lack of liquidity in the secondary market for instruments similar to the Notes. Specifically, the secondary markets have experienced disruptions resulting from reduced investor demand for asset-backed securities and increased investor yield requirements for those securities. As a result, the secondary market for asset-backed securities has experienced extremely limited liquidity which has had a severe adverse effect on the market value of asset-backed securities such as the Notes. Limited liquidity in the secondary market for asset-backed securities may continue to have a severe adverse effect on the market value of asset-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, any purchaser of the Notes must be prepared to hold such Notes for an indefinite period of time or until final redemption or maturity of such Notes. The market values of the Notes are likely to fluctuate and may decrease. Any such fluctuation may be significant and could result in significant losses to investors in the Notes. In addition, the forced sale into the market of asset-backed securities held by structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are currently experiencing funding difficulties could adversely affect an investor's ability to sell, and/or the price an investor receives for, the Notes in the secondary market.

The market continues to develop in relation to SONIA as a reference rate in the capital markets

Investors should be aware that the market continues to develop in relation to the Sterling Overnight Index Average ("**SONIA**") as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). In this respect, the Bank of England released a discussion paper in February 2020 entitled "Supporting Risk-Free rate transition through the provision of compounded SONIA" pursuant to which the Bank stated its intention to publish a daily SONIA compounded index and a set of compounded SONIA period averages, an approach similar to that already taken by the Federal Reserve bank of New York in respect of SOFR. This means that a screen rate based on an observable publicly available average rate or index may evolve over time but there is no guarantee of this. As a result, the market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Notes that reference a SONIA rate issued under this Base Prospectus. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes.

Changes or uncertainty in respect of SONIA may affect the value and payment of interest under the Notes

Various interest rates and other indices which are deemed to be "benchmarks", including SONIA, are the subject of recent national and international regulatory reforms and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented including the Benchmark Regulation.

Under the Benchmark Regulation, which applied as from 1 January 2018 in general, new requirements apply with respect to the provision of a wide range of benchmarks (including LIBOR), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmark Regulation will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevent certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, deemed equivalent or recognised or endorsed). The scope of the Benchmark Regulation is wide and applies to many interest rates, foreign exchange rate indices and other indices where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue (EU regulated market, EU multilateral trading facility, EU organised trading facility) or via a systematic internaliser, certain financial contracts and investment funds. Based on the foregoing, investors should be aware that any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be, or may cause such benchmarks to be discontinued entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

The Class A Notes Interest Rate and the Class B Notes Interest Rate will be determined on the basis of Compounded Daily SONIA (as defined in the Conditions). Compounded Daily SONIA differs from LIBOR for Sterling deposits in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and SONIA may behave materially differently as interest reference rates for the Notes and under the Swap Agreement. The use of Compounded Daily SONIA as a reference rate for debt securities is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing Compounded Daily SONIA.

These reforms, benchmarks reforms at a European level and other pressures may cause one or more interest rate benchmarks to disappear entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted. In particular, investors should be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) if SONIA is discontinued and an amendment as described in paragraph (3) below has not been made, then the rate of interest on the Notes will be determined for each applicable interest period by the fall-back provisions provided for under the definition of SONIA, although such provisions, being dependent in part upon the provision by the Bank of England's Bank Rate (the "**Bank Rate**"), may not operate as intended (depending on market circumstances and the availability of rates information at the relevant time) and may result in the effective application of a fixed rate based on the rate which applied in the previous period when SONIA was available;
- (c) while an amendment may be made under Condition 14 (*Amendments to Conditions and Benchmark Rate Modification*) to change the SONIA rate on the Notes to an alternative base rate under certain circumstances broadly related to SONIA disruption or discontinuation and subject to certain conditions, there can be no assurance that any such amendment will be made or, if made, that it (i) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes or (ii) will be made prior to any date on which any of the risks described in this risk factor may become relevant; and
- (d) if SONIA is discontinued or is otherwise unavailable, and whether or not an amendment is made under Condition 14 (*Amendments to Conditions and Benchmark Rate Modification*)

to change the SONIA rate on the Notes as described in paragraph (2) above there can be no assurance that the applicable fall-back provisions under the Swap Agreements would operate to allow the transactions to effectively mitigate interest rate risk in respect of the Notes and may in certain circumstances result in the effective application of a fixed rate based on the rate which applied in the previous period when SONIA was available.

Investors should note the various circumstances under which a Benchmark Rate Modification may be made, which are specified in Condition 14 (*Amendments to Conditions and Benchmark Rate Modification*). As noted above, these events broadly relate to SONIA's disruption or discontinuation, but also include, inter alia, any public statements by the regulatory supervisor of the administrator of the Applicable Benchmark Rate to that effect, and a Benchmark Rate Modification may also be made if the Issuer (or the Servicer) reasonably expects any of these events to occur. Investors should also note the various options permitted as an Alternative Benchmark Rate as set out in Condition 14 (*Amendments to Conditions and Benchmark Rate Modification*).

Moreover, any of the above matters (including an amendment to change the SONIA rate as described in paragraph (2) above) or any other significant change to the setting or existence of SONIA could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a Material Adverse Effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of SONIA could result in adjustment to the Conditions, early redemption, delisting or other consequences in relation to the Notes. No assurance may be provided that relevant changes will not occur with respect to SONIA or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

Risk retention and due diligence requirements

Investors, to which the Securitisation Regulation is applicable, should make themselves aware of the requirements of Articles 5 of the Securitisation Regulation, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

The Securitisation Regulation replaced the former risk retention requirements by one single provision, Article 6 of the Securitisation Regulation, which provides for a new direct obligation on originators to retain risk. Article 5 (1)(c) of the Securitisation Regulation requires institutional investors as defined in Article 2 (12) of the Securitisation Regulation (which term also includes an insurance or reinsurance undertaking as defined in the Solvency II Regulation and an alternative investment fund manager as defined in the AIFM Regulation) to verify that, if established in the European Union, the originator, sponsor or original lender retains on an ongoing basis a material net economic interest in accordance with Article 6 of the Securitisation Regulation and the risk retention is disclosed to the institutional investor in accordance with Article 7(1)(e) of the Securitisation Regulation.

With respect to the commitment of the Seller to retain a material net economic interest with respect to the Transaction, following the issuance of Notes as contemplated by Article 6(3)(c) of the Securitisation Regulation, the Seller will retain, for the life of the Transaction, such net economic interest through an interest in randomly selected exposures (i.e. Receivables). Such interest in randomly selected exposures has been and will be equivalent to no less than 5 per cent. of the nominal value of the securitised exposures on an ongoing basis *provided that* the level of retention may reduce over time in compliance with Article 10(2) of the Commission Delegated Regulation (EU) 625/2014 or any successor delegated regulation. The Seller has prepared a table as set out in the section "THE PURCHASED RECEIVABLES POOL" of this Base Prospectus with a view to reflect that it complies with Article 6(3)(c) of the Securitisation Regulation. The pool of exposures (being Receivables) to be randomly selected and retained by the Seller will have the characteristics set out in the table titled "Retention according to Article 6(3)(c) of the Securitisation Regulation" in the section "THE PURCHASED RECEIVABLES POOL".

The outstanding balance of the retained exposures may be reduced over time by, amongst other things, amortisation and allocation of losses or defaults on the underlying Purchased Receivables. The Servicer Reports will also set out monthly confirmation as to the Seller continued holding of the original retained exposures.

It should be noted that there is no certainty that references to the retention obligations of the Seller in this Base Prospectus will constitute explicit disclosure (on the part of the Seller) or adequate due diligence (on the part of the Noteholders) for the purposes of Article 5 of the Securitisation Regulation.

Article 5 of the Securitisation Regulation places an obligation on institutional investors (as defined in the Securitisation Regulation) before investing in a securitisation and thereafter, to analyse, understand and stress test their securitisation positions and monitor on an ongoing basis in a timely manner performance information on the exposures underlying their securitisation positions. After the Issue Date, the Servicer (on behalf of the Issuer), will prepare Servicer Reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller in accordance with Article 7 of the Securitisation Regulation.

Where the relevant retention requirements are not complied with in any material respect and there is negligence or omission in the fulfilment of the due diligence obligations on the part of a credit institution that is investing in the Notes, a proportionate additional risk weight of no less than 250 per cent. of the risk weight (with the total risk weight capped at 1250 per cent.) which would otherwise apply to the relevant securitisation position will be imposed on such credit institution, progressively increasing with each subsequent infringement of the due diligence provisions.

If the Seller does not comply with its obligations under Article 6 of the Securitisation Regulation, the ability of the Noteholders to sell and/or the price investors receive for, the Notes in the secondary market may be adversely affected.

Following the issuance of the Initial Notes and Further Notes, as applicable, relevant investors, to which the Securitisation Regulation is applicable, are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 5 of the Securitisation Regulation.

Noteholders should take their own advice and/or seek guidance from their regulator on compliance with, and the application of, the provisions of Article 6 of the Securitisation Regulation in particular.

Securitisation Regulation and simple, transparent and standardised securitisation

On 17 January 2018, as part of the implementation of the European Commission's Action Plan on Building a Capital Markets Union, Regulation (EU) 2017/2402 (the "**Securitisation Regulation**") came into force which will harmonise rules on risk retention, due diligence and disclosure across the different categories of European institutional investors which will apply to all securitisations (subject to grandfathering provisions) and will introduce a new framework for simple, transparent and standardised securitisations.

Although the Transaction has been structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in Articles 20, 21 and 22 of the Securitisation Regulation and is expected to be certified as such by Prime Collateralised Securities ("**PCS**") Limited on the Closing Date, in its capacity as third party verification agent authorised pursuant to Article 28 of the Securitisation Regulation, no guarantee can be given that it maintains this status throughout its lifetime. Noteholders and potential investors should verify the current status of the Programme on the website of ESMA. Non-compliance with such status may result in higher capital requirements for investors as an investment in the Notes would not benefit from Articles 243, 260, 262 and 264 of the CRR. Furthermore, non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer which may be payable or reimbursable by the Issuer. As the Order of Priority does not foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures the repayment of the Notes may be adversely affected.

On 28 December 2017 Regulation (EU) 2017/2401 amending Regulation (EU) 575/2013 was published in the Official Journal of the European Union which implements the revised securitisation framework developed by Basel Committee on Banking Supervision into the CRR (the "**CRR Amendment Regulation**").

Notably, the risk weights applicable to securitisation exposures for credit institutions and investment firms will in general substantially increase under the new securitisation framework implemented under the CRR Amendment Regulation and the Securitisation Regulation and these new risk weights apply since 1 January 2019 or since 1 January 2020, depending on the features of the particular securitisation exposure.

The Servicer (on behalf of the Seller as the originator for the purposes of the Securitisation Regulation), and the Issuer, (as SSPE for the purposes of the Securitisation Regulation), have used the services of PCS, a third party authorised pursuant to Article 28 of the Securitisation Regulation, to verify whether the

securitisation transaction described in this Base Prospectus complies with Articles 19 to 22 of the Securitisation Regulation and the compliance with such requirements is expected to be verified by PCS on the Closing Date. However, none of the Issuer, VWFS (in its capacity as the Seller and the Servicer), the Arranger, the Lead Manager or the Swap Counterparties gives any explicit or implied representation or warranty as to (i) inclusion in the list administered by ESMA within the meaning of Article 27 of the Securitisation Regulation, (ii) that the securitisation transaction described in this Base Prospectus does or continues to comply with the Securitisation Regulation, (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of Article 18 of the Securitisation Regulation after the date of this Base Prospectus.

The verification by PCS does not affect the liability of the Seller, as originator and the Issuer, as SSPE in respect of their legal obligations under the Securitisation Regulation. Furthermore, the use of such verification by PCS shall not affect the obligations imposed on institutional investors as set out in Article 5 of the Securitisation Regulation. Notwithstanding PCS' verification of compliance of a securitisation with Articles 19 to 22 of the Securitisation Regulation, such verification by PCS does not ensure the compliance of a securitisation with the general requirements of the Securitisation Regulation. A verification does not remove the obligation placed on investors to assess whether a securitisation labelled as 'STS' or 'simple, transparent and standardised' has actually satisfied the criteria. Investors must not solely or mechanically rely on any STS notification or PCS' verification to this extent.

The Servicer (on behalf of the Seller, as originator) will include in its notification pursuant to Article 27(1) of the Securitisation Regulation, a statement that compliance of the securitisation described in this Base Prospectus with Articles 19 to 22 of the Securitisation Regulation has been verified by PCS.

Various parties to the securitisation transaction described in this Base Prospectus (including the originator and the Issuer) are also subject to the requirements of the Securitisation Regulation. However, there is at present some uncertainty in relation to some of these requirements and what is or will be required to demonstrate compliance to national regulators, including in particular with regard to the transparency obligations imposed under Article 7 of the Securitisation Regulation and the final position on the new disclosure templates to be applied under the new technical standards. Please note that the European Commission-adopted texts of Article 7 technical standards were published in October 2019, representing the near final position on the applicable reporting templates, but these are yet to be approved by the European Parliament and the Council of the European Union and the date for publication of the final European Commission-adopted texts is unclear. Prospective investors are referred to the section entitled "EU RISK RETENTION AND SECURITISATION REGULATION REPORTING" for further details and should note that there can be no assurance that the information in this Base Prospectus or to be made available to investors in accordance with Article 7 of the Securitisation Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the Securitisation Regulation.

Prospective investors should carefully consider (and, where appropriate, take independent advice) in relation to the capital charges associated with an investment in the Notes, especially during this transition period. In particular, investors should carefully consider the effects of the change (and likely increase) to the capital charges associated with an investment in the Notes for credit institutions and investment firms, depending on the particular exposure. These effects may include, but are not limited to, a decrease in demand for the Notes in the secondary market, which may lead to a decreased price for the Notes. It may also lead to decreased liquidity and increased volatility in the secondary market. Prospective investors are themselves responsible for monitoring and assessing changes to the EU risk retention rules and their regulatory capital requirements.

As at the date of this Base Prospectus, there can be no assurance as to the regulatory consequences of the UK leaving the European Union as a result of the UK Referendum see "*Risk Factors – General market volatility and post-UK referendum uncertainty*" above.

Litigation in connection with the NOx issue in the UK

Volkswagen Financial Services (UK) Limited ('VWFS') and other Volkswagen Group entities face legal proceedings from a number of firms of solicitors based in the UK acting on behalf of affected owners or lessees, of which some had financial agreements with VWFS in respect of their vehicle. On 28 October 2016 one of the claimant law firms representing a number of claimants applied to the High Court for a Group Litigation Order ('GLO') for claims relating to the NOx issue. At present in the English group litigation,

there are approximately 91,000 Claimant entries in the Group Register with 13 claimant law firms representing these Claimants. The first Case Management Conference ("CMC") following the making of the Group Litigation Order in March 2018 took place on 5-6 March 2019 before the Managing Judge, Mr Justice Waksman.

At the CMC, Mr Justice Waksman ordered that a trial take place in respect of two preliminary issues. The trial of those preliminary issues commenced on 2 December 2019 and concluded on 13 December 2019. Judgment was handed down on the preliminary issues on 7 April 2020 in which the Judge held the following in respect of each of the preliminary issues:

Preliminary issue 1

- The courts in England and Wales (and other member state courts) are bound by the decision of the German Federal Motor Vehicle Transport Authority's findings that the affected vehicles contained a defeat device;
- It was an abuse of process for the Defendants to seek to attack that finding collaterally by denying the vehicles contained a defeat device;
- The English Courts are not bound by the determination in the Vehicle Certification Agency ("VCA") letters that the affected vehicles contained a defeat device because the VCA had not made a formal finding. Nor was it an abuse of process to raise this issue in these proceedings.

Preliminary issue 2

- As a matter of English law (applying EU law) the software in the vehicles did amount to a defeat device within the meaning of Article 3(10) of Regulation 715/2007.

The Defendants are considering whether to make an application for permission to appeal the Judge's decision.

As for the timetable for the main group litigation (i.e. the determination of all issues of liability and quantum), a further CMC will be held at some point in the first half of 2020, it is anticipated that this will set out the timetable for the rest of the litigation.

As against VWFS, each of the claimants that entered into a financial contract with VWFS alleges that they have a claim under the Consumer Credit Act 1974 ("CCA") on the basis that the vehicles under the financial contract were not of satisfactory quality and/or an 'unfair relationship' under the terms of the CCA existed between VWFS as a result of actions and/or omissions alleged against other Volkswagen Group entities. The claimants seek compensatory and exemplary damages for these alleged breaches of the CCA and other relief for the losses they are alleged to have suffered.

VWFS continues to dispute the allegations being made and intends to vigorously defend this litigation and believes that there are still good defences to the Claims as it understands them.

The Issuer has been advised by VWAG that, based on both VWAG's data and leading market data and opinion, the residual values of the EA 189 engine vehicles affected by the NOx emissions issue have not been adversely affected as a result of the issue. However, there is evidence of a general degradation in residual values in the UK used car market as a result of the existing economic cycle. This is likely to impact the residual values of VWFS's portfolio in the short term and beyond. VWFS is continually monitoring the residual values of its portfolio through robust, well-established and business as usual monitoring processes, with the appropriate level of provisioning being maintained.

See the section "RISK FACTORS – Other Risks Resulting from Consumer Legislation – (2) Unfair Commercial Practices Directive 2005", and "RISK FACTORS – Unfair Relationship" and "RISK FACTORS – Liability for misrepresentations and breach of contract".

U.S. Risk Retention

The Transaction will not involve risk retention by the Seller for the purposes of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided for in Section __.20 of the U.S. Risk

Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Base Prospectus as "Risk Retention U.S. Persons"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned Affiliate or branch of the sponsor or issuer organised or located in the United States.

There can be no assurance that the exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure of the offering of the Notes to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

Basel Capital Accord and regulatory capital requirements

The European authorities have now incorporated the Basel III framework into EU law, primarily through Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directive 2006/48/EC and 2006/49/EC (Capital Requirements Directive – "**CRD**"), as amended by Directive (EU) 2019/878 of 20 May 2019 (the "**CRD V**"), and the CRR, as amended by Regulation (EU) 2019/876 of 20 May 2019 (the "**CRR II**"). The changes under CRD V and CRR II which recently entered into force may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

Additionally, Regulation (EU) No 2015/61 of 10 October 2014 (the "**LCR Regulation**") sets out assumed asset inflow and outflow rates to better reflect actual experience in times of stress. On 19 November 2018, Delegated Regulation (EU) 2018/1620 amending the LCR Regulation (the "**Delegated Regulation**") entered into force, pursuant to which, *inter alia*, (i) the calculation of the expected liquidity outflows and inflows on repurchase agreements, reverse repurchase agreements and collateral swaps shall be aligned with the international liquidity standard developed by Basel Committee on Banking Supervision; (ii) the treatment of certain reserves held with third-country central banks shall be amended and (iii) transactions exposures of securitisations, which qualify as simple, transparent and standardised securitisations in accordance with the Securitisation Regulation, shall qualify as Level 2B high quality liquid assets, if they additionally fulfil the conditions laid down in Article 13 of the LCR Regulation. The Delegated Regulation will apply as from 30 April 2020.

The above changes to the CRD, the LCR Regulation and the Delegated Regulation may have negative implications on the cost of regulatory capital for certain investors and thereby on the overall return from an investment of the Notes and the liquidity of the Notes. Therefore, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes by the CRD V and CRR II in particular and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

There can be no guarantee that the regulatory capital treatment of the Notes for investors will not be affected by any future implementation of and changes to the CRD V, or other regulatory or accounting changes.

Recovery and Resolution Proceedings

As a result of the Banking Recovery and Resolution Directive 2014/59/EU of 15 May 2014 (the "**BRRD**"), which establishes an EEA-wide (which, for these purposes includes the UK) framework for recovery and resolution of credit institutions and investment firms, it is possible that a credit institution or investment firm with its head office in an EEA state other than the UK and/or certain group companies (such institution,

investment firm or group company could encompass any Swap Counterparty) could be subject to certain resolution actions in that state. Any such action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents (including the Swap Agreements) and there can be no assurance that Noteholders will not be adversely affected as a result.

On 23 November 2016, the European Commission presented a comprehensive package of reforms in order to further strengthen the resilience of banks resident in the European Union, to improve banks' lending capacity and to improve liquidity of the markets, including a proposal to amend the BRRD ("**BRRD II**"). To fast-track selected parts of the proposal, the Directive (EU) 2017/2399 amending the BRRD (the "**BRRD Amending Directive**") as regards the ranking of unsecured debt instruments entered into force on 28 December 2017. In May 2018, the European Council published its recommended amendments to the Commission's November 2016 BRRD II proposal and the Committee on Economic and Monetary Affairs ("**ECON**") followed in July 2018. On 5 December 2018, the European Parliament announced that it had reached agreement with the European Council of the EU on the BRRD II. On 16 April 2019 the European Parliament endorsed the provisional agreement reached during the political trilogues at the beginning of December 2018. On 14 May 2019 the agreement has been adopted by the European Council. At this stage it cannot be predicted when and in which form the remaining parts of the proposal may be implemented, nor the impact of the BRRD Amending Directive and future amendments on the Noteholders.

5. RISKS RELATED TO TAXATION

The Common Reporting Standard

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("**DAC II**") implements the Common Reporting Standard ("**CRS**") in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

For the purposes of complying with its obligations under CRS and DAC II, if any, the Issuer shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the relevant tax authorities who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by the Issuer to comply with its CRS and DAC II obligations, if any, may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed as a result under applicable law. Such monetary penalties may lead to an inability of the Issuer to pay fully or partially interest on the Notes and or to redeem part or all of the Notes.

Transactions on the Notes could be subject to the European financial transaction tax, if adopted

On 14 February 2013, the EU Commission adopted a proposal (the "**Commission's Proposal**") for a Council Directive) on a common financial transaction tax ("**FTT**") in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Spain, Slovakia and Slovenia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT is still subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

U.S. Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions (including the United Kingdom) have entered into, or agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of the IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such

as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register, and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for the purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

Prospective holders of the Notes should consult their own tax advisors with respect to the FATCA rules and the application of FATCA to such holder in light of such holder's individual circumstances.

ATAD Laws

The Issuer is liable to Luxembourg corporate income tax on its worldwide net profits. The Luxembourg laws of 21 December 2018 and of 20 December 2019 (collectively, the "ATAD Laws"), which respectively implement the Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market and Council Directive (EU) 2017/952 of 29 May 2017 amending the latter directive as regards hybrid mismatches with third countries, introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules. Whilst certain exemptions and safe harbor provisions (for example, exceeding borrowing costs up to 3 million euro will always remain deductible) exist in relation to the limitation of exceeding borrowing costs, these new rules may in certain situations result in the limitation respectively the denial of the deduction of payments to investors for Luxembourg tax purposes, which may adversely affect the income tax position of the Issuer and as such affect generally its ability to make payments to the holders of the Notes. Clarifications as regards the ATAD Laws and their interpretation may be enacted after the date of this Base Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD Laws which may depend on legal conclusions not yet resolved by the courts. Should any such positions be successfully challenged by the applicable tax authority, there could be a materially adverse effect on the Issuer and its ability to make payments to the holders of the Notes.

Therefore, prospective holders of the Notes should make an investment decision only after careful consideration, with its independent advisers, as to the consequences of the ATAD Laws.

6. RISK RELATING TO THE CHARACTERISTICS OF THE NOTES

Eurosystem Eligibility

The Notes are not currently Eurosystem eligible. However, the Class A Notes are intended to be held in a manner which would allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper, but does not necessarily mean that the Class A Notes in the future will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem ("**Eurosystem eligible collateral**") at any or all times during their life. Such recognition will depend upon such satisfaction of all of the other Eurosystem eligibility criteria set out in the Guideline (EU) 2015/510 of the European Central Bank (the "**ECB**") of 19 December 2014 on the implementation of the Eurosystem monetary policy framework (ECB/2014/60) (recast), which applies since 1 May 2015, as amended by Guideline (EU) 2019/1032 of the ECB of 10 May 2019 (ECB/2019/11). It is not expected that the Class A Notes and the Class B Notes will satisfy the Eurosystem eligibility criteria.

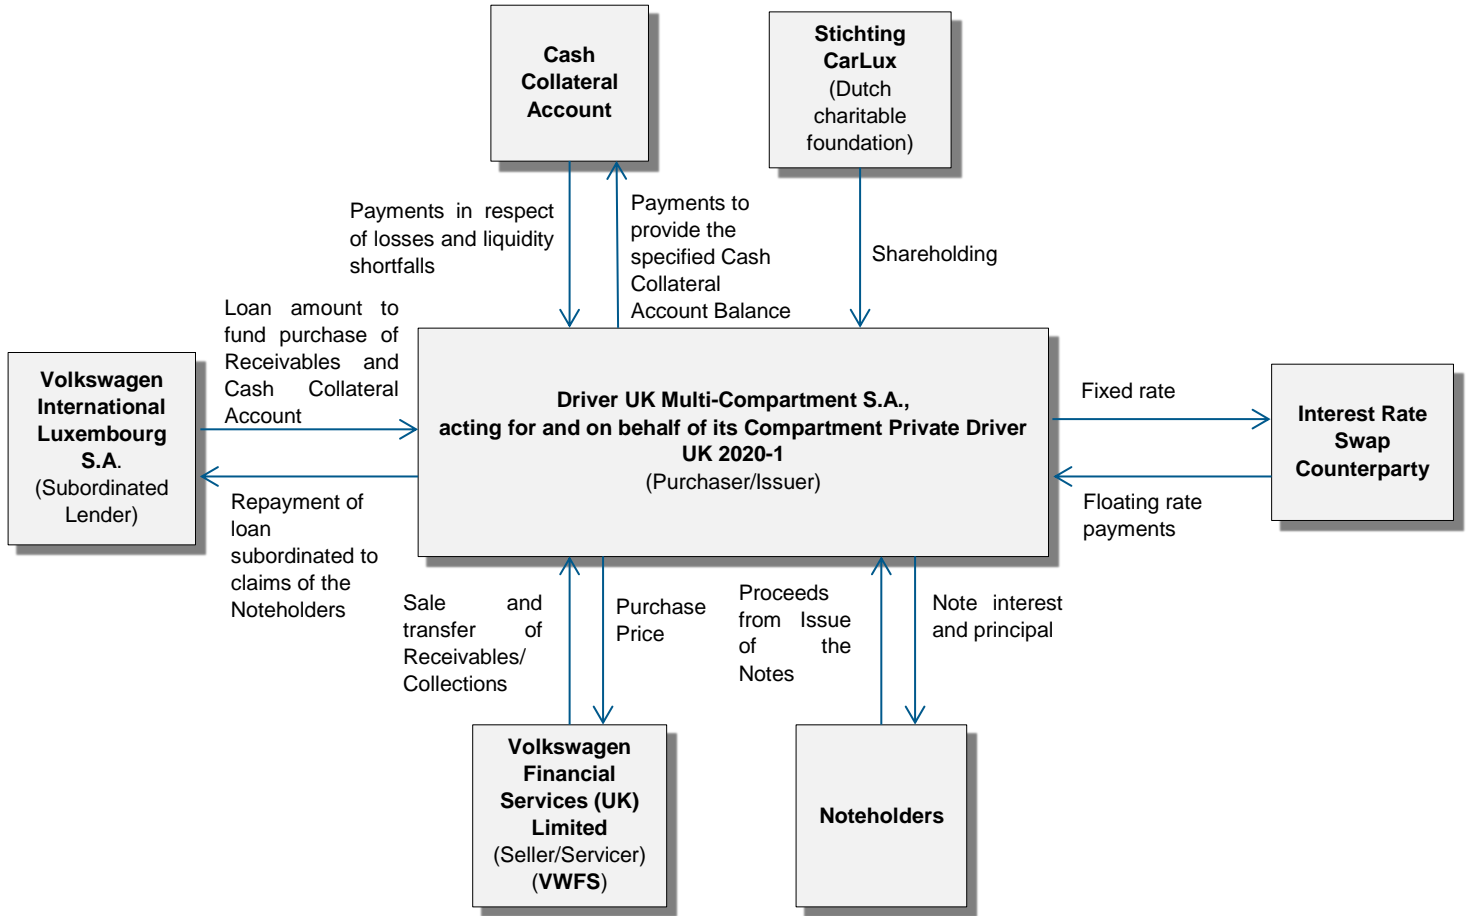

Neither the Issuer, the Lead Manager nor the Arranger gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or any or at all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. Any prospective investor in the Class A Notes should consult its professional advisers with respect to whether or not the Class A Notes may constitute Eurosystem eligible collateral at any point of time during the life of the Class A Notes.

Bank of England Eligibility

Certain investors in the Class A Notes may wish to consider the use of the Class A Notes as eligible securities for the purposes of the Bank of England's Discount Window Facility ("**DWF**") and the Term Funding Scheme with additional incentives for small and medium sized enterprises ("**TFSME**"). Recognition of the Class A Notes as eligible securities for the purposes of the DWF will depend upon satisfaction of the eligibility criteria as specified by the Bank of England. If the Class A Notes do not satisfy the criteria specified by the Bank of England, there is a risk that the Class A Notes will not be eligible DWF or TFSME collateral. In addition, whilst central bank schemes such as, amongst others, the Bank of England's Sterling Monetary Framework, the Funding for Lending Scheme, the Term Funding Scheme or the European Central Bank's liquidity scheme have provided an important source of liquidity in respect of eligible securities, as at the date of this Base Prospectus, use of such schemes (other than TFSME) is now restricted to the maintenance of existing drawings by participants.

None of the Issuer, the Arranger or the Lead Manager gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at any or all times during their life, satisfy all or any requirements for the DWF or TFSME eligibility and be recognised as eligible DWF or TFSME collateral. Any potential investor in the Class A Notes should make its own determinations and seek its own advice with respect to whether or not the Class A Notes constitute eligible DWF or TFSME collateral.

PURCHASED RECEIVABLES

Sale of Receivables The Receivables are sold by the Seller pursuant to the Receivables Purchase Agreement and arise from hire purchase agreements (including personal contract plans) granted to Obligor for the financing of the vehicles under the Financing Contracts.

The Issuer will purchase and accept on the Closing Date the Initial Receivables as of the Initial Cut-Off Date.

The Receivables Purchase Agreement provides that the Issuer will, during the Revolving Period, on any Payment Date (each an "**Additional Purchase Date**") apply the amount standing to the credit of the Accumulation Account to purchase from the Seller any Additional Receivables if and to the extent offered by the Seller subject to the fulfilment of certain conditions. Such conditions include, inter alia, the requirement that the Additional Receivables meet the Eligibility Criteria set forth in the Receivables Purchase Agreement. Where the Additional Receivables include Scottish Receivables, pending perfection under Scots law of such sale by duly intimated assignation, the Seller will hold the benefit of the Scottish Receivables and the other Scottish Trust Property in trust for the benefit of the Issuer on the terms of a Scottish Trust.

In addition, at the same time as completion of such sale of Receivables originated by the Seller:

- (a) the Seller will execute a Scottish Declaration of Trust in respect of, inter alia, those of the relevant Receivables which are Scottish Receivables and VWFS will intimate and deliver such Scottish Declaration of Trust to the Issuer; and
- (b) the Issuer will assign the benefit of the Scottish Trust so created to the Security Trustee substantially in the form of the Assignment in Security as set out in the Deed of Charge and Assignment and the Issuer will procure that that assignation is intimated to the Seller and delivered to the Security Trustee.

The Seller will further make certain representations and warranties on each such Additional Purchase Date (as further described under "DESCRIPTION OF THE PORTFOLIO - Representations and Warranties in relation to the Sale of the Receivables"). After the Revolving Period, the Issuer will no longer purchase and accept assignments of Additional Receivables.

The Seller will warrant to the Issuer in the Receivables Purchase Agreement (i) as at the Initial Cut-Off Date in respect of the Initial Receivables and (ii) as at each Additional Cut-Off Date in relation to the Additional Receivables, acquired on such Additional Purchase Date that all Receivables sold under the Receivables Purchase Agreement at the Closing Date and the Additional Cut-Off Date (as applicable) meet the Eligibility Criteria set forth in the Receivables Purchase Agreement and were selected prior to or on the Closing Date or the Additional Cut-Off Date (as applicable).

Assignment by the Seller to the Issuer of the benefit of the Receivables derived from Financing Contracts governed by the laws of England and Wales will take effect in equity only because no notice of the assignment will be given to Obligors. The assignment will be perfected following the occurrence of certain Notification Events.

Purchased Receivables

The Initial Receivables purchased by the Issuer from the Seller on the Closing Date and Additional Receivables purchased by the Issuer from the Seller on each Additional Purchase Date (the "**Purchased Receivables**") comprise claims against Obligors in respect of payments due under Financing Contracts (excluding Excluded Amounts) for the provision of credit for the purchase of motor vehicles.

Although the borrower ("**Obligor**") is the registered keeper of the vehicle, the Seller retains title to the vehicles. The Financing Contracts contain provisions entitling, but not obliging, the Obligor to purchase the vehicle at the end of the hire period, normally on payment of a specified purchase fee.

Remedy for breach of representation and warranty

Under the Receivables Purchase Agreement in the event of a breach of warranty given by the Seller in respect of a Receivable (i) as at the Initial Cut-Off Date in respect of the Initial Receivables or (ii) as at the relevant Additional Cut-Off Date in respect of the Additional Receivables and such breach materially and adversely affects the interests of the Issuer or the Noteholders, the Seller shall have until the end of the Monthly Period which includes the sixtieth (60th) day (or, if the Seller elects, an earlier date) after the date that the Seller became aware or was notified of such breach to cure or correct such breach (the "**Cure Period**"). The Issuer's sole remedy will be to require the Seller to take one of the following remedial actions:

- (a) remedy the matter giving rise to such breach if such matter is capable of remedy provided that, if a remedy within the relevant Cure Period (as defined above) is not practicable, the Seller may remedy such breach by the last day of the following calendar month; or
- (b) repurchase the relevant Purchased Receivable at a price equal to, or, in case of a breach of clause 9.1(h) (*Warranties and Representations*) of the Receivables Purchase Agreement, pay to the Issuer, the Settlement Amount of such Purchased Receivable as at the end of the calendar month immediately preceding such repurchase provided that, if it is not practicable to repurchase such Purchased Receivable within the relevant Cure Period (as defined above), the Seller may repurchase such Purchased Receivable on the immediately following Payment Date.

The Servicer shall immediately notify the Issuer and the Security Trustee if the Servicer becomes aware of any breach of the Seller's representations and warranties set out in clause 9.1 (*Warranties and Representations*) of the Receivables Purchase Agreement as set out in section "PURCHASED RECEIVABLES – Eligibility Criteria" below.

Each of the Issuer and the Security Trustee agrees to notify the Seller promptly upon becoming aware of any breach of representation or warranty set out in clause 9.1 (*Warranties and Representations*) of the Receivables Purchase Agreement of a Purchased Receivable. This will not constitute an obligation of the Issuer and/or the Security Trustee to investigate whether any such breach has occurred.

If the Seller breaches any warranty given in respect of itself in the Receivables Purchase Agreement (i) as at the Closing Date, and (ii) as at each Additional Purchase Date and the breach materially and adversely affects the interests of the Issuer and Noteholders, the Issuer may require VWFS to remedy the matter giving rise to such breach if such matter is capable of remedy provided that, if a remedy within the relevant Cure Period (as defined above) is not practicable, the Seller may remedy such breach by

the last day of the following calendar month. The Seller also agrees, subject to certain exclusions and limitations, to indemnify the Issuer and the Security Trustee for any breach of its obligations under the Receivables Purchase Agreement and the other Transaction Documents to which it is a party, its failure to comply with any applicable law, rule or regulation imposed upon it by the laws of England and Wales or Scotland or the non-conformity of any Financing Contract with such law, rule or regulation or any product liability claim for damages for personal injury or damage to property or other similar or related claim, liability or action proceedings in respect of which are commenced in the courts of England and Wales or Scotland, arising in connection with any Receivable or Vehicle related thereto or Financing Contract.

Initial Cut-off Date	31 March 2020.
Applicable Law	The Financing Contracts are governed by English law, the laws of Wales or Scottish law.
Form of Financing Contracts	The Financing Contracts take the form of hire purchase agreements (" HP Agreements ") or " HP No Balloon ") and personal contract purchase agreements (" PCP Agreements " or " PCP ") between VWFS and Obligors.
HP Agreements	Mainly entered into with retail Obligors, HP Agreements are available for both new and used vehicles. HP Agreements contain standard rental terms where an initial payment is made and then the balance is typically amortised in equal monthly instalments. At the end of the term of the HP Agreement, after an additional "option to purchase" fee is paid, the Obligor owns the vehicle.
PCP Agreements	<p>PCP Agreements are used for the financing of new and used vehicles in the retail market. PCP Agreements are similar to HP Agreements but with an additional larger "balloon" final rental payment at the end of the term of the PCP Agreement, where the Obligor can either settle the contract by paying the balloon payment (and thereby purchase the vehicle) or, subject to the vehicle being in a condition acceptable to VWFS and within agreed mileage, return the vehicle to VWFS in full and final settlement of the PCP Agreement.</p> <p>Where the Obligor chooses not to return the vehicle, title in the vehicle passes to the Obligor when the Obligor pays the additional "option to purchase" fee to VWFS (which fee does not form part of the Receivables). Where the Obligor chooses to return the vehicle, VWFS then acts as the Obligor's agent in selling the vehicle and the sale proceeds of the vehicle are applied to settle the Final Rental Amount. Any surplus on sale in excess of the Final Rental Amount is retained by VWFS as a fee for acting as the Obligor's agent and is not passed back to the Obligor. The sale proceeds of the vehicle, including any surplus on sale in excess of the Final Rental Amount, are transferred to the Issuer as PCP Recoveries and Enforcement Proceeds. Any shortfall between the sale proceeds and the Final Rental Amount is not recovered from the Obligor.</p>
Initial Receivables Purchase Price	GBP 332,893,364.72 (equal to the Aggregate Discounted Receivables Balance of the Purchased Receivables as of the Initial Cut-Off Date less (i) an amount of GBP 13,720,000 for overcollateralisation purposes less (ii) the Initial Cash Collateral Amount).
Eligibility Criteria	<p>The Seller represents and warrants to the Issuer and to the Security Trustee, in respect of the Receivables sold by it under the Receivables Purchase Agreement, (i) as at the Initial Cut-Off Date in relation to the Initial Receivables, and (ii) as at each Additional Cut-Off Date in relation to the Additional Receivables, acquired on such Additional Purchase Date that each Receivable meets a number of conditions comprising (for the avoidance of doubt, when applying the conditions below the Receivables have been selected randomly and not with the intention to prejudice the Noteholders):</p> <p>(a) that the purchase of the Receivables may not have the result that the Aggregate Discounted Receivables Balance of all Purchased Receivables exceeds the following</p>

concentration limits with respect to the percentage of Discounted Receivables Balance generated under Financing Contracts for (i) used vehicles (concentration limit: 50 per cent.); (ii) PCP used contracts (concentration limit: 40 per cent) and (iii) under Financing Contracts for non-VW group brand vehicles (concentration limit: 10 per cent.);

- (l) that such Purchased Receivable arises under a Financing Contract that (a) contains an obligation to pay a specified sum of money and is subject to no contingencies (other than an obligation to pay interest on overdue amounts), (b) does not require the Obligor under such Financing Contract to consent to the transfer, sale or assignment of the rights and duties of the Seller under such Financing Contract or to the sale to a third party of the Vehicle the subject thereof, and (c) does not contain a confidentiality provision that purports to restrict the Purchaser's or the Security Trustee's exercise of rights under the Receivables Purchase Agreement, including, without limitation, the right to review such

However, at the discretion of the Servicer and in accordance with its Customary Operating Practices, the Obligor may be given an option to reschedule repayments in a manner that increases or decreases the term of such Financing Contract and the consequential finance income; provided, that the total capital repayment shall not be impacted by any such measure;
- (q) that the Seller had at the time of origination of the Financing Contract under which such Purchased Receivable arises the necessary licences pursuant to the CCA, the necessary interim permissions pursuant to the Financial Services and Markets Act 2000 and as at the date of the Receivables Purchase Agreement has the necessary permissions pursuant to the Financial Services and Markets Act 2000, and each Financing Contract that is regulated by the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 complies with the CCA, any statutory instrument or regulation made thereunder and the rules in the Consumer Credit Sourcebook within the FCA Handbook, and the Seller has not done anything that would cause such Purchased Receivable to be unenforceable under the CCA;
- (r) that on the relevant Cut-Off Date at least one instalment has been paid in respect of each of the Purchased Receivables and that the Purchased Receivables require substantially equal monthly payments to be made within seventy two (72) months of the date of origination of the Financing Contract and may also provide for a final balloon payment;

After the Closing Date, the Servicer, on behalf of the Issuer, has prepared and will continue to prepare Servicer Reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller for the purposes of which the Seller will provide the Issuer with all information reasonably required in accordance with Article 7 of the Securitisation Regulation.

ABSTRACT OF THE CONDITIONS OF THE NOTES

General Abstract of the Conditions of the Notes

The Notes do not represent obligations of VWFS or any other party other than the Issuer.

Denomination

The issue in the aggregate Nominal Amount of up to GBP 1,000,000,000 consists of transferable Notes with a Nominal Amount of GBP 100,000 each, ranking equally among themselves. The Notes rank senior to the Subordinated Loan.

Registered Global Notes

Each Series of Notes will be represented by a global registered note signed by two duly authorised directors of the Issuer (each a "**Global Note**") without coupons as described in further detail in Condition 1(b) of the terms and conditions applicable to such Series.

Each Global Note for any Series of Class A Notes shall be deposited with a Common Safekeeper for Clearstream, Luxembourg and Euroclear and be held in book-entry form only. Each Global Note for any Series of Class B Notes shall be deposited with a Common Depository for Clearstream, Luxembourg and Euroclear and be held in book-entry form only (each such nominee, respectively, the "**Registered Holder**"). The Registered Holder will be registered as Noteholder in the Register and holds such Notes on behalf of the actual Noteholders. The interests in the Notes are transferable according to applicable rules and regulations of Clearstream, Luxembourg and Euroclear. None of the Global Notes will be exchangeable for definitive Notes.

The Issuer will cause to be kept at the specified office of the Registrar a register (the "**Register**") on which will be entered the names and addresses of the Noteholders (as specified below) and the particulars of such Notes held by them and all transfers and payments (of interest and principal) of such Notes. The rights of the Noteholders evidenced by the Global Note and title to the respective Global Note itself (held on behalf of the Noteholders by the Registered Holder) pass by assignment and registration in the Register.

Each person (other than Euroclear or Clearstream Luxembourg) who is for the time being shown in the records of Euroclear and/or Clearstream Luxembourg, as the holder of a particular nominal amount of such Notes shall be treated by the Issuer and any paying agent as the holder of such nominal amount of the Notes for all purposes.

No transfer of Notes will be valid unless entered into the Register, provided that the interests in the Notes represented by a Global Note are transferable only according to applicable rules and regulations of Clearstream Luxembourg, and Euroclear, as the case may be. The Global Note will not be exchangeable for definitive Notes.

Payments of Principal and Interest

Payments of principal and interest, if any, under the Notes shall be made by the Paying Agent on the Issuer's behalf for further payment to Clearstream Luxembourg and Euroclear or to its order for credit to the relevant account holders of Euroclear and Clearstream Luxembourg. All Payments in respect of any Note made by, or on behalf of, the Issuer to, or to the order of Euroclear or Clearstream Luxembourg shall discharge the liability of the Issuer under such Note to the extent of sums so paid.

The Issuer shall have the right to request, by notice to the holders of any Series of the Class A Notes or any Series of Class B Notes, as applicable, to be delivered in accordance with Condition 12 not later than one month prior to the then current revolving period expiration date applicable to such Series of Class A Notes or such Series of Class B Notes (each a "**Series Revolving Period Expiration Date**", where the first such date for each Series will be set out in the relevant Final Terms), the extension of such current Series Revolving Period Expiration Date together with an amendment to the Margin with respect to such extension period (if relevant) and the extension of the relevant Series Final Maturity Date for a period specified in the notice which shall equal to the period specified in such notice for the extension of the current Series Revolving Period Expiration Date. The extended relevant Series Revolving Period Expiration Date and the new Margin, if any, for the period for which such Series Revolving Period Expiration Date has been

extended shall become effective only if (A) the Issuer received confirmation from the Rating Agencies that the rating of the relevant Series of Class A Notes or Series of Class B Notes, as applicable and to the extent rated will not be affected by such amendments, or the Rating Agencies have confirmed that the assignment of new ratings are not lower than for the then outstanding Notes before the Series Revolving Period Expiration Date was extended, or, as applicable, the Issuer has received a new rating confirmation stating the same rating for the relevant Series of Class A Notes or Series of Class B Notes as applicable and to the extent rated prior to the amendments and (B) by no later than the third Business Day prior to the then current Series Revolving Period Expiration Date, the Issuer acting for and on behalf of its Compartment Private Driver UK 2020-1 has confirmed by notice to the holders in the form prescribed in Condition 12 that it has received such reaffirmation and that it agrees to the requested amendments and (C) the Notes have the benefit of an interest rate swap with an Eligible Swap Counterparty under which the interest payments due under the relevant Series of Notes are hedged to the extended Final Maturity Date of the Notes.

Each Series of Notes is scheduled to be redeemed in full on the Payment Date specified to be the scheduled repayment date for such Series in the relevant Final Terms (each a "**Scheduled Repayment Date**"), provided that whenever with respect to a Series of Notes the relevant Series Revolving Period Expiration Date is extended, the relevant Scheduled Repayment Date shall be extended automatically for the same period as the relevant Series Revolving Period Expiration Date applicable to such Series of Notes.

Subject to the occurrence of an Enforcement Event all payments of interest on and principal of each Series of Notes will be due and payable at the latest in full on the respective Final Maturity Date of such Series of Notes as set out in the relevant Final Terms (each a "**Final Maturity Date**") provided that whenever the Series Revolving Period Expiration Date is extended in accordance with the Conditions, the relevant Final Maturity Date shall be extended automatically for the same period as the Series Revolving Period Expiration Date applicable to such Series of Notes.

In addition, as continuing security for the payment or discharge of the Secured Obligations, the Issuer has granted and will grant Assignations in Security in favour of the Security Trustee, for itself and on trust for the Transaction Creditors relative to Scottish Declarations of Trust, under which VWFS holds and will hold in trust for the Issuer, inter alia, all its present and future rights, title and interest in, to and under the Scottish Receivables.

Servicer

Subject to revocation by the Issuer after a Servicer Replacement Event, the Issuer has appointed VWFS as the Servicer to provide the Services to the Issuer in relation to the Financing Contracts and the Receivables, and also to exercise certain of the Issuer's rights in respect of the Financing Contracts and the Receivables, all as further described below under "*ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT*".

Dismissal and Replacement of the Servicer

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer as outlined in the Servicing Agreement.

Replacement of Issuer

Subject to certain preconditions the Issuer is entitled to appoint another company (the "**New Issuer**") in place of itself as debtor for all obligations arising from and in connection with the Notes, as further described in Condition 11 of the Class A Notes and the Class B Notes "*CONDITIONS OF THE NOTES*".

Taxes

Payments shall only be made after the deduction and withholding of current or future taxes, levies or government charges, regardless of their nature, which are imposed, raised or collected (hereinafter collectively referred to as "taxes") on the basis of the applicable laws of, or for the account of, an authority or government agency authorised to levy taxes or of any country which claims fiscal jurisdiction, to the extent that such a collection is prescribed by applicable law (or pursuant to FATCA). The Issuer shall render an account of the deducted or withheld taxes accruing to the competent government agencies and shall,

upon a Noteholder's request, provide proof thereof. It is not obliged to pay any additional amounts as a result of the deduction or withholding.

Limited Recourse and Non-petition

The Notes and the Subordinated Loan represent obligations of the Issuer only, and do not represent obligations of the Lead Manager, the Arranger, the Security Trustee, VWFS or any of its Affiliates (together the "**Volkswagen Group**") or any Affiliate of the Issuer or any other third person or entity. Neither the Lead Manager, nor the Arranger, nor the Security Trustee, nor VWFS, nor the Volkswagen Group, nor any Affiliate of the Issuer, nor any other third person or entity, assume any liability to the Noteholders if the Issuer fails to make a payment due under the Notes or the Subordinated Loan.

All payment obligations of the Issuer under the Notes and the Subordinated Loan constitute limited recourse obligations to pay only the Available Distribution Amount which includes, *inter alia*, amounts received by the Issuer under the Purchased Receivables and under the other Transaction Documents. The Available Distribution Amount may not be sufficient to pay amounts accrued under the Notes, which may result in an Interest Shortfall as defined in the Master Definitions Schedule, however, an Interest Shortfall other than non-payment of interest on the most senior Class of the Notes (subject to the expiry of the 5 Business Day grace period) will not constitute a Foreclosure Event. The Notes shall not give rise to any payment obligation in addition to the foregoing. The enforcement of the payment obligations under the Notes and the Subordinated Loan shall only be effected by the Security Trustee in accordance with the Trust Agreement. A Foreclosure Event will, following the service of an Enforcement Notice by the Security Trustee, result in the enforcement of the collateral held by the Security Trustee. If the Security Trustee enforces the claims under the Notes and/or the Subordinated Loan, such enforcement will be limited to those assets which were transferred to the Security Trustee and to any other assets of the Issuer. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all Noteholders the Subordinated Lender or a Swap Counterparty in full, then any shortfall arising shall be extinguished and neither any Noteholder, nor the Security Trustee shall have any further claims against the Issuer. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

If any of the events which require the Security Trustee to take action should occur, the Security Trustee will have legal access to the Security (see the section "TRUST AGREEMENT" below) only. The Security Trustee itself is not a guarantor, nor have any guarantees been given by other parties, with respect to which the Security Trustee could assert claims on behalf of the Noteholders and/or the Subordinated Lender.

None of the Noteholders (nor any other Person acting on behalf of any of them) shall be entitled at any time until the expiry of at least one year and one day after the Final Maturity Date, to institute against the Issuer; or join in any institution against the Issuer of, any insolvency proceedings in connection with any obligations of the Issuer relating to the Notes, save for lodging a claim in the liquidation of the Issuer which is initiated by another Person who is not a Noteholder or a party to any Transaction Document.

Notices

Notices to the Noteholders will be validly given if transmitted individually to the address set out in the Register for such Noteholder.

As long as a Global Note is registered in the name of the Registered Holder notices to each respective Noteholder may be validly given if transmitted to Euroclear and Clearstream Luxembourg for further communication to the persons shown as holders of the Notes in their records. Any notice so given shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream Luxembourg.

In addition, as long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of such exchange so require, all notices to the Noteholders regarding the Notes shall be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). Any notice referred to above shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was published on the website of the Luxembourg Stock Exchange (www.bourse.lu). Should an official listing be absent, then such notices shall be published in the German Federal Gazette (*Bundesanzeiger*)

Applicable Law, Place of Performance and Place of Jurisdiction

The form and content of the Notes and all of the rights and obligations of the Noteholders, the Issuer, the Principal Paying Agent and the Servicer under the Notes shall be subject in all respects to the laws of Germany. The provisions of articles 470-1 to 470-19 of the Luxembourg Companies Act relating to the noteholders' representations and the noteholder register are expressly excluded.

Place of performance and venue for legal proceedings is Frankfurt am Main, Germany.

For any litigation in connection with the Conditions of the Notes, which will be initiated against the Issuer in a court of Germany, the Issuer has appointed Intertrust (Deutschland) GmbH, Eschersheimer Landstraße 14, 60322 Frankfurt am Main, Germany, to accept service of process.

Claims arising from the Notes including claims for payment of interest and principal shall be prescribed in accordance with general prescription rules under German law, i.e. either (i) upon the expiry of three years after the end of the year in which the respective claim has come into existence and in which the creditor of such claim had knowledge of such claim (or did not have such knowledge due to its own gross negligence) or (ii) in any event upon the expiry of ten years.

Modification

Save in respect of a Benchmark Rate Modification undertaken in accordance with Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*) the Conditions of any Series of Notes may only be modified through contractual agreement to be concluded between the Issuer and all Noteholders of each Series of the relevant Class of Notes as provided for in Sec. 4 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*) with a prior notification to the Rating Agencies (to the extent such Series of Notes is rated) or by a Noteholder's resolution adopted with unanimous consent of the Noteholders of such Series of the relevant Class of Notes pursuant to Sections 5 to 22 of aforementioned act.

The Conditions and any Transaction Document may be amended for the purposes of effecting a Benchmark Rate Modification without the consent of the Noteholders (subject to and in accordance with the mechanism in Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*)). The Issuer is required to provide the Transaction Creditors (including the Swap Counterparties) with at least 30 days' notice of the proposed modifications to the Alternative Benchmark Rate which shall apply in respect of the Conditions and the Swap Agreements for the purposes of determining the floating amount payable by the floating rate payer in respect of the Swap Agreements without a requirement for the consent of the relevant Swap Counterparty to such change in the benchmark rate and to such other related or consequential amendments to the Transaction Documents (including, if applicable, the Swap Agreements) as are necessary or advisable in the reasonable judgment of the Issuer to facilitate the Benchmark Rate Modification and, in the case of such other related or consequential amendments to the Transaction Documents, the Issuer has obtained the consent of any other Transaction Creditors which are not Noteholders in accordance with the provisions of the Incorporated Terms Memorandum.

The Issuer will also be entitled to amend any term or provision of the Conditions with the consent of the Security Trustee, but without the consent of any Noteholder, any Swap Counterparty, the Subordinated Lender, the Arranger, the Lead Manager or any other Person if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Programme to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards authorised under the Securitisation Regulation. Any such amendment shall only become valid, by giving ten (10) Business Days prior notice to the Noteholders and the Rating Agencies in writing, including by email.

ABSTRACT OF THE OTHER PRINCIPAL TRANSACTION DOCUMENTS

Trust Agreement

The Issuer has entered into the Trust Agreement with, *amongst others*, the Security Trustee and VWFS. Under the Trust Agreement the Issuer has instructed and authorised the Security Trustee to act as fiduciary agent for the Transaction Creditors. The Security Trustee is not affiliated with the Issuer or VWFS and maintains no relationships other than arm's length business relationships with the Issuer and VWFS.

The Trust Agreement creates the Trustee Claim of the Security Trustee against the Issuer pursuant to which the Security Trustee shall be entitled to demand that the Issuer makes all payments owed to the Transaction Creditors directly or, in the event of non-performance, to the Security Trustee for transfer of such amounts to the respective Transaction Creditors.

To provide collateral for the Trustee Claim, the Issuer assigns to the Security Trustee all its claims and other rights arising from the German Transaction Documents (with the exception of claims and other rights arising from the Trust Agreement) for the avoidance of doubt (including the rights to unilaterally alter a legal relationship (*unselbständige Gestaltungsrechte*)) and from all present and future German law contracts the Issuer has entered or may enter into from time to time in connection with the Transaction Documents.

The Security Trustee is not obliged to monitor the performance of the duties of the Issuer under the Notes, the Conditions of the Notes, the Subordinated Loan or any other Transaction Documents to which the Issuer is a party. All rights of the Noteholders shall remain at all times and under all circumstances vested in the Noteholders.

In addition, the Issuer pledges to the Security Trustee all its present and future claims against the Security Trustee arising under the Trust Agreement. The parties to the Trust Agreement have agreed that the Security Trustee, under the Trust Agreement, shall act exclusively for the benefit of the Transaction Creditors.

Except as expressly provided for otherwise in the Trust Agreement, the Security Trustee is not required to monitor the fulfilment of the Issuer's obligations under the Notes, the Conditions or any other Transaction Document.

Notwithstanding the provisions of the Trust Agreement, all rights of the Noteholders under the Notes shall remain at all times and under all circumstances vested in the Noteholders.

Subject to the occurrence of a Foreclosure Event, amounts generally will not be due and payable on any Note on any Payment Date prior to the Final Maturity Date of that Note except to the extent there are sufficient funds in the Available Distribution Amount and the General Cash Collateral Amount to pay such amounts in accordance with the Order of Priority of distributions.

Amounts received by the Issuer (or the Cash Administrator on its behalf) which constitute Swap Tax Credits and Swap Replacement Proceeds (only to the extent such Swap Replacement Proceeds are applied directly to pay a Swap Termination Payment due and payable by the Issuer to the outgoing Swap Counterparty) and any Excess Swap Collateral shall, to the extent due and payable under the terms of such Swap Agreement, be paid by the Cash Administrator on behalf of the Issuer directly to the Swap Counterparty without regard to the Order of Priority.

VWFS will be entitled to amend the Trust Agreement with the consent of the Issuer if such amendment is notified to the Security Trustee and the Rating Agencies and that such amendment will not, according to the Security Trustee, be materially prejudicial to the interests of any of the Transaction Creditors and it has received confirmation from the Rating Agencies that the ratings assigned to the Notes will not be adversely affected, unless the Transaction Creditors that are materially affected by such amendment have consented to it. If the amendment relates to the amount, the currency or the timing of the cash-flow received by the Issuer under the Purchased Receivables, the application of such cash-flow by the Issuer, or the ranking of the Swap Counterparties in the Order of Priority, then the consent of each Swap Counterparty will be required.

For the complete text of the Trust Agreement please see "TRUST AGREEMENT" of this Base Prospectus.

The Swap Agreements

The Issuer will enter into a Swap Agreement with respect to each Series of Notes with the respective swap counterparty for such Series of Notes (each swap counterparty so specified being the "**Swap Counterparty**"), as described in the section "*THE SWAP COUNTERPARTIES*" below. Each Swap Agreement will hedge the floating interest rate risk in respect of the applicable Series of Notes.

If a Swap Counterparty suffers a ratings downgrade and ceases to be an Eligible Swap Counterparty, the Issuer may terminate the relevant Swap Agreement if the Swap Counterparty fails, within a set period of time, to take certain actions intended to mitigate the effects of such downgrade. Such actions could include the relevant Swap Counterparty collateralising its obligations as a referenced amount calculated in accordance with a credit support annex to the 2002 ISDA Master Agreement, transferring its obligations to a replacement Swap Counterparty or procuring a guarantee.

Under each Swap Agreement, the Issuer will undertake to pay to the relevant Swap Counterparty on each Payment Date an amount equal to the amount of interest on the aggregate outstanding nominal amount of the Notes on each Payment Date, calculated on the basis of a fixed rate of interest as specified for the relevant Series of Notes in the relevant Final Terms. The Swap Counterparty will undertake to pay to the Issuer on each Payment Date an amount equal to the floating rate of interest on such outstanding nominal amount of the relevant Series of Notes, calculated (a) on the basis of Compounded Daily SONIA plus 1.05 per cent. per annum in case of the Class A Notes and (b) of Compounded Daily SONIA plus 2.05 per cent. per annum in case of the Class B Notes.

Payments under each Swap Agreement will be exchanged on a net basis on each Payment Date. Payments made by the Issuer under the Swap Agreements, comprising (i) Net Swap Payments (being the net amounts with respect to regularly scheduled payments owed by the Issuer to the Swap Counterparty (but excluding termination payments and other amounts payable to the Swap Counterparty under the Swap Agreement)) and (ii) swap termination payments (other than termination payments related to an event of default under the Swap Agreements where the relevant Swap Counterparty is a defaulting party (as defined in the Swap Agreements), or a termination event due to the failure by the relevant Swap Counterparty to take the required action after a downgrade of its credit rating) rank higher in priority than all payments on the Notes.

Payments by the relevant Swap Counterparty to the Issuer under each Swap Agreement (except for payments by the relevant Swap Counterparty into any Counterparty Downgrade Collateral Account relating to such Swap Counterparty) will be made into the Distribution Account and will, to the extent necessary, be increased to ensure that such payments are free and clear of all taxes.

The events of default applicable to the Issuer under the Swap Agreements are limited to if, among other things, the Issuer fails to make a payment under a Swap Agreement when due and such failure is not remedied within three (3) Business Days of notice of such failure being given or certain bankruptcy and insolvency events occurring with respect to the Issuer.

Events of default under the Swap Agreements applicable to the Swap Counterparty include the following:

- (a) failure to make a payment under the Swap Agreements when due, if such failure is not remedied within three (3) Business Days of notice of such failure being given; or
- (b) the occurrence of certain bankruptcy and insolvency events.

Termination events under the Swap Agreements include, among other things, the following:

- (a) illegality of the transactions contemplated by the Swap Agreements;
- (b) an Enforcement Event under the Trust Agreement occurs or prepayment in full, but not in part, of the Notes occurs; or
- (c) failure of the Swap Counterparty to maintain its credit rating at certain levels required by the Swap Agreement, which failure may not constitute a termination event if (in the time set forth in the applicable Swap Agreement) the Swap Counterparty:

- (i) posts an amount of collateral (in the form of cash and/or securities) as calculated in accordance with the credit support annex to each Swap Agreement; or
- (ii) obtains a guarantee from an institution with an acceptable rating; or
- (iii) assigns its rights and obligations under the Swap Agreement to a successor Swap Counterparty with an acceptable rating; or
- (iv) takes such other action in order to maintain the rating of the Notes, or to restore the rating of the Notes to the level it would have been at immediately prior to such downgrade.

A segregated Counterparty Downgrade Collateral Account is established with the Account Bank and security created over such account in favour of the Security Trustee in accordance with provisions in the Account Agreement and the Trust Agreement. Any cash or securities collateral posted to such Counterparty Downgrade Collateral Account as a result of a ratings downgrade (as referred to in paragraph *Termination of the Swap Agreements* above) shall be monitored on a specific collateral ledger and any cash collateral shall bear interest. Such collateral shall be segregated from the Distribution Account and from the general cash flow of the Issuer and shall not constitute Collections. Collateral posted to such Counterparty Downgrade Collateral Account is solely for the purposes of, and in connection with, collateralising the Swap Agreements.

Upon the occurrence of any event of default or termination event specified in a Swap Agreement, the non-Defaulting Party (as defined in the relevant Swap Agreement), an Affected Party or the party affected or burdened by a termination event pursuant to the provisions of the Swap Agreements may, after a period of time set forth in the Swap Agreement, elect to terminate such Swap Agreement. If a Swap Agreement is terminated due to an event of default or a termination event, a Swap Termination Payment may be due to the Swap Counterparty by the Issuer out of its available funds. The amount of any such Swap Termination Payment may be based on the actual cost or market quotations of the cost of entering into a similar swap transaction or such other methods as may be required under the Swap Agreement, in each case in accordance with the procedures set forth in the Swap Agreement. Any such Swap Termination Payment could, if market rates or other conditions have changed materially, be substantial. Under certain circumstances, Swap Termination Payments required to be made by the Issuer to the Swap Counterparty will rank higher in priority than all payments on the Notes. In such event, the Purchased Receivables and the General Cash Collateral Amount may be insufficient to the required payments under the relevant Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments due in respect of the Notes.

If a Swap Agreement is terminated by either party or the respective Swap Counterparty becomes insolvent, the Issuer may not be able to enter into a replacement Swap Agreement immediately or at all. To the extent a replacement swap is not on a timely basis entered into, the amount available to pay the principal of and interest under the Notes will be reduced if the interest rates under such Notes exceed the rate the Issuer would have been required to pay the Swap Counterparty under the terminated Swap Agreement. Under these circumstances the Purchased Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

If a Swap Termination Payment is due to the Swap Counterparty, any Swap Replacement Proceeds shall to the extent of that Swap Termination Payment be paid directly to such Swap Counterparty causing the event of default or termination event without regard to the Order of Priority as specified in the relevant Swap Agreement.

A Swap Counterparty may, at its own cost, transfer its obligations under the Swap Agreement to a third party which is an Eligible Swap Counterparty. There can be no assurance that the credit quality of the replacement Swap Counterparty will ultimately prove as strong as that of the original Swap Counterparty. Any Swap Termination Payments exceeding Swap Replacement Proceeds will be paid to such Swap Counterparty in accordance with the Order of Priority.

Servicing Agreement

Subject to revocation by the Issuer after a Servicer Replacement Event, VWFS is instructed pursuant to the terms of the Servicing Agreement to act as Servicer and to make Collections in accordance with the terms of the Financing Contracts, the Servicing Agreement, any applicable laws, regulations, judgments and other directions or orders to which it may be subject and its Customary Operating Practices, devoting or procuring that there is devoted to the performance of its obligations under the Servicing Agreement at least the same amount of time and attention and that there is exercised the same level of skill, care and diligence in the performance of those obligations, the exercise of its discretions under the Servicing Agreement and its exercise of the rights of the Issuer and the Security Trustee in respect of the Purchased Receivables, the Financing Contracts and the Vehicles as it would if it were administering motor vehicle hire purchase agreements and personal contract purchases in respect of which it held the entire benefit (both legally and beneficially).

VWFS, in its capacity as the Servicer, is entitled to commingle funds representing Collections with its own funds during each Monthly Period in accordance with the following procedure:

- (a) if and so long as the Monthly Remittance Condition is satisfied, VWFS will be entitled to commingle funds representing Collections with its own funds during each Monthly Period and will be required to make a single deposit of such monthly Collections to the Distribution Account on each Payment Date; and
- (b) if and so long as the Monthly Remittance Condition is not satisfied, VWFS will be entitled to commingle funds representing Collections with its own funds during each Monthly Period only in accordance with the procedure outlined in detail in "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT - Commingling".

VWFS as Servicer undertakes to the Issuer that it will, for as long as the Class A Notes or (if possible in accordance with the Eurosystem eligibility criteria or Bank of England eligibility criteria in force from time to time) any other Class of Notes are intended to be held in a manner which can allow Eurosystem eligibility or Bank of England eligibility, make loan level data in such a manner available as required to comply with:

- (a) the Eurosystem eligibility criteria set out in Guideline (EU) 2015/510 of the European Central Bank (the "ECB") of 19 December 2014 on the implementation of the Eurosystem monetary policy framework (ECB/2014/60) (recast), which applies since 1 May 2015, as amended by Guideline (EU) 2019/1032 of the ECB of 10 May 2019 (ECB/2019/11), as amended from time to time; and
- (b) the Bank of England eligibility criteria and transparency criteria for asset backed securities (as set out in Detailed transparency requirements for asset backed securities and covered bonds - Market Notice dated 11 October 2019 as amended and applicable from time to time).

Information as to the present lending business procedures of VWFS are described in the sections entitled "BUSINESS PROCEDURES OF VOLKSWAGEN FINANCIAL SERVICES (UK) LIMITED" and "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT" below, however, VWFS will be permitted to change those business procedures from time to time in its own discretion.

The Servicer is permitted to delegate some or all of its duties to other entities, including its Affiliates and subsidiaries, although the Servicer will remain liable for the performance of any duties that it delegates to another entity.

The Servicer will be entitled to receive a fee on each Payment Date for the Monthly Period in accordance with the Order of Priority. The Servicer will pay all expenses incurred by it in connection with its collection activities and will not be entitled to reimbursement of those expenses. The Servicer will have no responsibility, however, to pay or fund any credit losses with respect to the Purchased Receivables.

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer and is required to appoint a successor servicer in accordance with the provisions of the Servicing Agreement.

Data Protection Trust Agreement

In accordance with the Data Protection Trust Agreement, VWFS, on a Business Day falling no later than 7 Business Days after the Closing Date, will:

- (a) make an encrypted list (with only the names and addresses and contract numbers of the respective Obligor) available to the Issuer (the "**Initial Encrypted List**"); and
- (b) deposit or cause to be deposited with the Data Protection Trustee a sealed containment key (the "**Portfolio Decryption Key**") (which is for the decryption of the Initial Encrypted List of the names and addresses of the respective Obligor for each contract number relating to a Financing Contract which relates to all Purchased Receivables).

On each Payment Date, VWFS further undertakes to update the encrypted list contained in the Initial Encrypted List (or the Additional Encrypted List, as applicable), and to make such updated encrypted list available to the Issuer (the "**Additional Encrypted List**") whilst at the same time ensuring that the Portfolio Decryption Key entrusted to the Data Protection Trustee remains valid and, if not, promptly make a new Portfolio Decryption Key available to the Data Protection Trustee.

The Data Protection Trustee will carefully safeguard the Portfolio Decryption Key and protect it against unauthorised access by any third party. Delivery of the Portfolio Decryption Key is permissible only to (i) (at the request of the Security Trustee) a replacement Servicer or (ii) to the Seller or, at the request of the Seller or the Security Trustee, to the replacement Data Protection Trustee subject to applicable data protection laws and banking secrecy provisions. The Data Protection Trustee has agreed to notify the Obligor of the assignment of the Purchased Receivables to the Issuer and instruct the Obligor to make all payments in respect of the Purchased Receivables to the Distribution Account of the Issuer following delivery to it of a Notification Event Notice.

Modifications

The Incorporated Terms Memorandum, Account Agreement, Deed of Charge and Assignment, Receivables Purchase Agreement and Servicing Agreement provide that save for any correction of a manifest or proven error or variation of a formal, minor or technical nature, any amendment, restatement or variation of a Transaction Document is valid only:

- (a) in case of amendments which do not materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified by the party requesting such amendment to the Security Trustee and the Rating Agencies in writing and it has been demonstrated to the reasonable satisfaction of the Security Trustee that such amendment is not materially prejudicial to the interests of the Noteholders and/or any other Transaction Creditor;
- (b) subject to clause (e) below, in case of amendments which materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified by the party requesting such amendment to the Security Trustee and the Rating Agencies in writing and the Issuer has received the written consent to such amendment from the Security Trustee and the Transaction Creditors that are materially and adversely affected;
- (c) if any of the amendments relate to the amount, the currency or the timing of the cash-flow received by the Issuer under the Purchased Receivables, the application of such cash-flow by the Issuer, or the ranking of the Swap Counterparties in the Order of Priority, then the consent of each Swap Counterparties will be required;
- (d) in case of amendments which materially and adversely affect the interests of the Issuer, the Security Trustee, the Swap Counterparties and/or the Subordinated Lender if such Transaction Parties that are materially and adversely affected have consented to such amendment; and
- (e) any Transaction Document may be amended for the purposes of effecting a Benchmark Rate Modification without the consent of the Noteholders (subject to and in accordance with the mechanism in Condition 14) but with the consent of any other Transaction Creditors that are materially and adversely affected by the modification.

TAXATION

The following information is of a general nature and is not intended as tax advice and does not purport to describe all of the tax considerations that may be relevant to a prospective investor in the Notes. It should be read in conjunction with the section entitled "RISK FACTORS". Potential investors in the Notes should satisfy themselves as to the overall tax consequences of purchasing, holding and/or selling the Notes and, therefore, should consult their professional tax advisors.

The attention of prospective Noteholders is drawn to Condition 10 of the Notes (*Taxes*).

Taxation in Luxembourg

The statements herein regarding certain tax considerations effective in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law.

The following information is of a general nature only, it is not intended to be, nor should it be construed to be, legal or tax advice, and does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Prospective investors in the Notes should therefore consult their own professional advisers as to particular circumstances, the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject as a result of the purchase, ownership and disposition of the Notes and as to their tax position.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), net wealth tax (*impôt sur la fortune*) as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well. Investors may further be subject to other duties, levies or taxes.

Withholding Tax

Under tax law currently in effect and with the possible exception of interest paid to Luxembourg resident individual holders of Notes, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest) or upon payment of principal in case of redemption or repurchase of the Notes.

Payments under the Notes will only be made after deduction or withholding of any mandatory withholding or deductions on account of tax. The Issuer will not be required to pay additional amounts in respect of any such withholding or other deduction for or on account of any present or future taxes, duties or charges of whatever nature. See "*TERMS AND CONDITIONS OF THE NOTES — CONDITION 10 (TAXES)*".

(a) Non-resident Noteholders

Under general tax law currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of the Notes held by non-resident Noteholders.

(b) Resident Noteholders

Subject to the Luxembourg law of 23 December 2005, as amended (the "**Relibi Law**"), there is under general tax laws currently in force no withholding tax on payments of principal, premium or interest made to resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of Notes held by Luxembourg resident Noteholders.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent.

The withholding tax applied in accordance with the Relibi Law will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Relibi Law, as amended, would be subject to withholding tax of 20 per cent.

Income Taxation

(a) Non-resident Noteholders

Non-resident Noteholders, not having a permanent establishment, a permanent representative, or a fixed place of business in Luxembourg to which the Notes or income thereon are attributable, are not subject to income taxes on income accrued or received, redemption premiums or issue discounts, under the Notes nor on capital gains realised on the sale, exchange or disposal of the Notes. Non-resident corporate or individual holders acting in the course of the management of a professional or business undertaking, who have a permanent establishment, a permanent representative, or a fixed place of business in Luxembourg to which or to whom such Notes are attributable, are subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale, exchange or disposal of the Notes.

(b) Resident Noteholders

Luxembourg resident Noteholders will not be liable for any Luxembourg income tax on repayment of principal under the Notes.

(i) resident individual Noteholders

Resident individual Noteholders, acting in the course of the management of his/her private wealth, are subject to Luxembourg income tax at progressive rates in respect of interest or similar income received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Notes has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg) or in a Member State of the European Economic Area (other than a EU Member State).

A gain realised by resident individual Noteholders, acting in the course of the management of his/her private wealth, upon the sale, exchange or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale, exchange or disposal took place more than six (6) months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

Resident Noteholders, acting in the course of the management of a professional or business undertaking must include interest or similar income received, redemption premiums or issue discounts, under the Notes, as well as any gain realised upon the sale, exchange or disposal, in any form whatsoever, of Notes, in their taxable basis, which will be subject to Luxembourg income tax at progressive rates. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

(ii) resident corporate Noteholders

Resident corporate Noteholders must include any interest or similar income received, redemption premiums or issue discounts, under the Notes, as well as any gain realised upon the sale, exchange or disposal, in any form whatsoever, of the Notes, in their taxable income for Luxembourg income tax assessment purposes.

Noteholders that are governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialized investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds not exclusively investing in risk capital are subject neither to income

tax in respect of interest or similar income received, redemption premiums or issue discounts, under the Notes, nor any gain realised upon the sale, exchange or disposal, in any form whatsoever, of the Notes.

Net wealth taxation

Resident corporate Noteholders as well as non-resident corporate Noteholders which maintain a permanent establishment, fixed place of business or a permanent representative in Luxembourg to which the Notes or income thereon are attributable, are subject to wealth tax on such Notes, except if the Noteholders are a family estate management company governed by and compliant with the law of 11 May 2007, as amended, or an undertaking for collective investment governed by the law of 17 December 2010, as amended, or a securitization vehicle governed by and compliant with the law of 22 March 2004 on securitization, as amended, or a company governed by and compliant with the law of 15 June 2004 on venture capital vehicles, as amended, or a specialized investment fund governed by the law of 13 February 2007 on specialized investment funds, as amended or a pension-saving company as well as a pension-saving association governed by and compliant with the law of 13 July 2005, as amended, or a reserved alternative investment fund governed by the law of 23 July 2016, as amended.

Non-resident corporate Noteholders, not having a permanent establishment, a permanent representative, or a fixed place of business in Luxembourg to which the Notes or income thereon are attributable, as well as individual Noteholders, whether he/she is resident of Luxembourg or not, are not subject to wealth tax.

The net wealth tax charge for a given year can be avoided or reduced if a specific reserve, equal to five times the net wealth tax to save, is created before the end of the subsequent tax year and maintained during the five following tax years. The net wealth tax reduction corresponds to one fifth of the reserve created, except that the maximum net wealth tax to be saved is limited to the corporate income tax amount due for the same tax year, including the employment fund surcharge, but before imputation of available tax credits.

Corporate resident Noteholders will further be subject to (a) a minimum net wealth tax of EUR 4,815, if they hold assets such as fixed financial assets, receivables owed to affiliated companies, transferable securities, postal checking accounts, checks and cash, in a proportion that exceeds 90 per cent. of their total balance sheet value and if the total balance sheet value exceeds EUR 350,000, or (b) a minimum net wealth tax between EUR 535 and EUR 32,100 based on the total amount of its assets. Items (e.g., real estate properties or assets allocated to a permanent establishment) located in a treaty country, where the latter has the exclusive taxation right, are not considered for the calculation of the 90 per cent. threshold. Notwithstanding the above mentioned exceptions regarding net wealth tax, the minimum net wealth tax also applies if the resident corporate Noteholders is a securitization company governed by and compliant with the law of 22 March 2004 on securitization, as amended, or an investment company in risk capital governed by and compliant with the law of 15 June 2004 on venture capital vehicles, as amended, or a pension-saving company or a pension-saving association governed by and compliant with the law of 13 July 2005, as amended, or a reserved alternative investment fund investing exclusively in risk capital governed by and compliant with the law of 23 July 2016.

Other taxes

Neither the issuance nor the transfer of Notes will give rise to any Luxembourg stamp duty, value-added tax, issuance tax, registration tax, transfer tax or similar taxes or duties, provided that the relevant issue or transfer agreement is not submitted to registration in Luxembourg which is not *per se* mandatory.

However, a registration duty may be due upon the registration of the Notes in Luxembourg on a voluntary basis.

Where a Noteholder is a resident of Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Notes if embodied in a Luxembourg deed passed in front of a notary or recorded in Luxembourg.

Residence

A holder of the Notes will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Notes or the execution, performance, delivery and/or enforcement in respect thereof.

THE FOREGOING INFORMATION DOES NOT DEAL WITH ALL TYPES OF TAXES NOR WITH THE POSITION OF INDIVIDUAL INVESTORS. PROSPECTIVE INVESTORS SHOULD, THEREFORE, CONSULT THEIR PROFESSIONAL ADVISORS.

VERIFICATION BY PCS

An application has been made to Prime Collateralised Securities (UK) Limited ("**PCS**") for the securitisation transaction described in this Base Prospectus to receive a report from PCS verifying compliance with the criteria stemming from Articles 18, 19, 20, 21 and 22 of the Securitisation Regulation (the "**STS Verification**"). There can be no assurance that the securitisation transaction described in this Base Prospectus will receive the STS Verification and if the securitisation transaction described in this Base Prospectus does receive the STS Verification, this shall not, under any circumstances, affect the liability of VWFS (as the originator for the purposes of the Securitisation Regulation) and the Issuer (as the SSPE for the purposes of the Securitisation Regulation) in respect of their legal obligations under the Securitisation Regulation, nor shall it affect the obligations imposed on institutional investors as set out in Article 5 of the Securitisation Regulation.

The STS Verification is provided by PCS. The STS Verification is not a recommendation to buy, sell or hold securities, is not investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and is not a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended). PCS is not an "expert" as defined in the Securities Act.

PCS is not a law firm and nothing in the STS Verification constitutes legal advice in any jurisdiction. PCS is authorised by the United Kingdom Financial Conduct Authority, pursuant to Article 28 of the Securitisation Regulation, to act as a third party verifying STS compliance. This authorisation covers STS Verifications in the European Union.

By providing the STS Verification in respect of any securities PCS does not express any views about the creditworthiness of the Notes or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for the Notes. Investors should conduct their own research regarding the nature of the STS Verification and must read the information set out in <http://pcsmarket.org>. In the provision of the STS Verification, PCS has based its decision on information provided directly and indirectly by the Seller. PCS does not undertake its own direct verification of the underlying facts stated in the Base Prospectus, deal sheet, documentation or certificates for the Notes and the completion of the STS Verification is not a confirmation or implication that the information provided by or on behalf of the Seller as part of the STS Verification is accurate or complete.

In completing an STS Verification, PCS bases its analysis on the STS criteria appearing in Articles 20 to 26 of the Securitisation Regulation together with, if relevant, the appropriate provisions of Article 43, (together, the "**STS Criteria**"). Unless specifically mentioned in the STS Verification, PCS relies on the English version of the Securitisation Regulation. In addition, Article 19(2) of the Securitisation Regulation requires the European Banking Authorities, from time to time, to issue guidelines and recommendations interpreting the STS criteria. The EBA has issued the EBA STS Guidelines Non-ABCP Securitisations. The task of interpreting individual STS Criteria rests with national competent authorities ("**NCA**s"). Any NCA may publish or otherwise publicly disseminate from time to time interpretations of specific criteria ("**NCA Interpretations**"). The STS criteria, as drafted in the Securitisation Regulation, are subject to a potentially wide variety of interpretations. In compiling an STS Verification, PCS uses its discretion to interpret the STS criteria based on (a) the text of the Securitisation Regulation, (b) any relevant guidelines issued by EBA and (c) any relevant NCA Interpretation. There can be no guarantees that any regulatory authority or any court of law interpreting the STS criteria will agree with the interpretation of PCS. There can be no guarantees that any future guidelines issued by EBA or NCA Interpretations may not differ in their approach from those used by PCS in interpreting any STS criterion prior to the issuance of such new guideline or interpretation. In particular, guidelines issued by EBA are not binding on any NCA. There can be no guarantees that any interpretation by any NCA will be the same as that set out in the EBA Guidelines and therefore used, prior to the publication of such NCA Interpretation, by PCS in completing an STS Verification. Although PCS will use all reasonable endeavours to ascertain the position of any relevant NCA as to STS criteria interpretation, PCS cannot guarantee that it will have been made aware of any NCA Interpretation in cases where such interpretation has not been officially published by the relevant NCA. Accordingly, the provision of an STS Verification is only an opinion by PCS and not a statement of fact. It is not a guarantee or warranty that any national competent authority, court, investor or any other person will accept the STS status of the relevant securitisation.

All PCS Services speak only as of the date on which they are issued. PCS has no obligation to monitor (nor any intention to monitor) any securitisation the subject of any PCS Service. PCS has no obligation and does not undertake to update any PCS Service to account for (a) any change of law or regulatory interpretation or (b) any act or failure to act by any person relating to those STS Criteria that speak to actions taking place following the close of any transaction such as, without limitation, the obligation to continue to provide certain mandated information.

DESCRIPTION OF THE PORTFOLIO

The Receivables Purchase Agreement

On the Closing Date, VWFS will sell to the Issuer and the Issuer will purchase from VWFS all right, title and interest of VWFS in the Initial Receivables. Such sale is made by way of absolute assignment and, accordingly, VWFS, with full title guarantee, and so far as relating to the Scottish Receivables (which will be held in trust), with absolute warrandice, will assign to (or hold on trust for) the Issuer all of its rights, title and interest in and to each Initial Receivable, including to the fullest extent possible under applicable law, all Ancillary Rights related to such Initial Receivable but excluding the Excluded Amounts. These are equitable assignments until they are perfected following the occurrence of a Notification Event.

On each Additional Purchase Date, VWFS may sell to the Issuer and the Issuer may purchase from VWFS all rights, title and interest of VWFS to the Additional Receivables specified by VWFS in the relevant Notice of Sale. Each such sale is made by way of absolute assignment and, accordingly, VWFS, with full title guarantee, and so far as relating to the Scottish Receivables (which will be held in trust), with absolute warrandice, assigned and will assign and agree to assign to or hold on trust for the Issuer all of its rights, title and interest in and to each Additional Receivable, including to the fullest extent possible under applicable law, all Ancillary Rights related to such Additional Receivables but excluding the Excluded Amounts. These will be equitable assignments until they are perfected following the occurrence of a Notification Event.

VWFS is the "originator" for the purposes of Article 2(3) of the Securitisation Regulation. All Receivables included in the Portfolio have been originated by VWFS and are sold to the Issuer by VWFS in its capacity as Seller.

Under the Receivables Purchase Agreement, VWFS will have the right at its option but not the obligation, to require the Issuer to exercise the Clean-Up Call Option and to repurchase the Purchased Receivables from the Issuer at any time when the Aggregate Discounted Receivables Balances of all such Purchased Receivables is less than 10 per cent. of the Maximum Discounted Receivables Balance, provided that all payment obligations under the Notes will be met in full on the exercise of such option. VWFS shall give one month prior written notice of its intention to require the exercise of the Clean-Up Call Option. Such notice shall be published in accordance with Condition 12 of the Notes (the "**Clean-Up Call Option Notice**") and, in addition shall be published in the Servicer Report.

The Clean-Up Call Option Settlement Amount shall be the lesser of:

- a) an amount equal to the outstanding Discounted Receivables Balance which would have become due if the Clean-Up Call Option had not been exercised, calculated on the last calendar day of the month in which the repurchase is to become effective; and
- b) an amount equal to the theoretical present value of the Purchased Receivables remaining to be paid in the future, calculated using a discount rate equal to (i) the weighted average (based on the Note Principal Amount Outstanding of all the Notes and the Subordinated Loan outstanding principal amount as of the end of the Monthly Period) of the fixed rates under the Class A Swap Agreement, the Class B Swap Agreement and an estimate of the hypothetical swap fixed rate (being higher than the fixed rate under both Swap Agreements) theoretically needed to swap the floating rate interest payments under the Subordinated Loan, plus (ii) the Servicer Fee at a rate of 1 per cent. per annum, and plus (iii) 0.03 per cent. for administrative costs and fees. It shall be calculated on the last calendar day of the month in which the repurchase is to become effective.

For the purposes of calculating the Clean-Up Call Option Settlement Amount, the risk of losses inherent to the relevant Purchased Receivables shall be taken into account on the basis of the risk status of such Purchased Receivables assessed by VWFS immediately prior to the buyback becoming effective. The Clean-Up Call Option Settlement Amount shall be due on the Payment Date following the Clean-Up Call Option Notice and, for the purposes of the definition of Collections shall be treated as a Settlement Amount.

The Receivables

The Initial Receivables purchased by the Issuer from the Seller on the Closing Date and the Additional Receivables purchased from the Seller on an Additional Purchase Date (together the "**Purchased**

Receivables) comprise claims against Obligor in respect of payments due under Financing Contracts (excluding Excluded Amounts) for the provision of credit for the purchase of motor vehicles.

Although the borrower ("**Obligor**") is the registered keeper of the vehicle, VWFS retains title to the vehicles. The Financing Contracts contain provisions entitling, but not obliging, the Obligor to purchase the vehicle at the end of the hire period, normally on payment of a specified purchase fee.

The Financing Contracts are governed by English or Scottish law and take the form of hire purchase agreements ("**HP Agreements**" or "**HP No Balloon**") and personal contract purchase agreements ("**PCP Agreements**" or "**PCP**") between VWFS and Obligor.

HP Agreements

Mainly directed at retail Obligor, HP Agreements are available for both new and used vehicles. HP Agreements contain standard rental terms where an initial payment is made and then the balance is amortised in substantially equal monthly instalments. At the end of the term of the HP Agreement, after an additional "option to purchase" fee is paid, the Obligor owns the vehicle.

PCP Agreements

PCP Agreements are used for the financing of new and used vehicles in the retail market. PCP Agreements are similar to HP Agreements but with an additional larger "balloon" final rental payment at the end of the term of the PCP Agreement, where the Obligor can either settle the contract by paying the balloon payment (and thereby purchase the vehicle) or, subject to the vehicle being in a condition acceptable to VWFS and within agreed mileage, return the vehicle to VWFS in full and final settlement of the PCP Agreement.

Where the Obligor chooses to return the vehicle, title in the vehicle passes to the Obligor when the Obligor pays the additional "option to purchase" fee to VWFS (which fee does not form part of the Receivables). Where the obligor chooses to return the vehicle, VWFS then acts as the Obligor's agent in selling the vehicle and the sale proceeds of the vehicle are applied to settle the Final Rental Amount. Any surplus on sale in excess of the Final Rental Amount is retained by VWFS as a fee for acting as the Obligor's agent and is not passed back to the Obligor. The sale proceeds of the vehicle, including any surplus on sale in excess of the Final Rental Amount, are transferred to the Issuer as PCP Recoveries and Enforcement Proceeds. Any shortfall between the sale proceeds and the Final Rental Amount is not recovered from the Obligor.

During the last six months of 2019, in respect of maturing PCP Agreements, 3.86 per cent. of the Obligor returned the vehicle for sale to VWFS.

The Initial Receivables Purchase Price

The Initial Receivables Purchase Price will be paid by the Issuer to VWFS as total consideration with respect to the Initial Receivables, discounted by the Discount Rate (together with the related Ancillary Rights) on the Closing Date.

Additional Receivables Purchase Price

The Additional Receivables Purchase Price is the purchase price in respect of the Additional Receivables calculated as follows:

The Additional Receivables Purchase Price must not exceed the sum of the funds available from (without double counting):

- (i) the issuance of the Further Notes in accordance with clause 3.2 (*Purchase and Sale of the Further Notes*) of the Note Purchase Agreement at the Additional Purchase Date;
- (ii) the amount of funds available from the Order of Priority for the purchase of Additional Receivables at the Additional Purchase Date; and
- (iii) the amount, if any, available on any Purchase Date under the Subordinated Loan.

The Additional Receivables Purchase Price shall equal the sum of:

(i)

- (a) the Additional Discounted Receivables Balance of the Additional Receivables to be purchased under the Receivables Purchase Agreement less the Replenished Additional Discounted Receivables Balance, multiplied by
- (b) one (1) minus 3.92 per cent., less, (where applicable)
- (c) (A) amounts required for the endowment of the Cash Collateral Account with the Cash Collateral Amount and (B) certain costs related to the issue of the Further Notes; and

(ii)

- (a) the Replenished Additional Discounted Receivables Balance, multiplied by
- (b) one (1) minus the Additional Receivables Overcollateralisation Percentage.

The Additional Receivables Purchase Price is to be paid by the Purchaser.

The Additional Receivables Purchase Price shall be free of VAT and shall be debited at the Additional Purchase Date from the Accumulation Account (if not already netted) and/or funded from the issuance of Further Notes. For the avoidance of doubt, no Additional Receivables Purchase Price shall be paid by the Purchaser for Additional Receivables which are transferred to the Purchaser for overcollateralisation purposes.

Representations and Warranties in relation to the Sale of the Purchased Receivables

VWFS represents and warrants to the Issuer and to the Security Trustee, in respect of itself (i) as at the Closing Date in relation to the Initial Receivables, and (ii) as at each Additional Purchase Date in relation to the relevant Additional Receivables, that:

- (a) the Seller is a company duly incorporated under the laws of England with full corporate power, authority and legal right to own its assets and conduct its business as such assets are presently owned and its business is presently conducted and with power to enter into the Receivables Purchase Agreement and the other Transaction Documents to which the Seller is a party and to exercise its rights and perform its obligations thereunder.

- (e) so far as it is aware, there are no proceedings or investigations pending against it before any court, regulatory body, arbitral tribunal or public or administrative body or agency or ruling that would in its opinion if adversely determined have a material and adverse effect on the collectability of the Purchased Receivables, or result in any material impairment of the right or ability of the Seller to carry on its business substantially as now conducted, or result in any material liability on the part of the Seller, or which would render invalid the Transaction Documents to which the Seller is a party or the Purchased Receivables or the obligations of the Seller contemplated in those documents, or which would materially impair the ability of the Seller to perform its obligations under the terms of any Transaction Document to which it is a party.
- (f) the execution of any Transaction Document to which the Seller is a party or the assignment or holding on trust of any Receivables in the manner therein contemplated and the exercise by the Seller of its rights and the performance of its obligations thereunder with regard to such Receivables does not and will not conflict with, or constitute a material default under, any agreement, contract, mortgage, deed of charge or other instrument to which it is a party or by which it or any of its assets is otherwise bound.
- (g) all information furnished by or on behalf of the Seller in writing to any Noteholder for purposes of or in connection with the Transaction Documents or any transaction contemplated under the Transaction Documents is true and accurate in all material respects on and as at the date such information was furnished (except to the extent that such furnished information relates solely to an earlier date, in which case such information is true and accurate in all material respects on and as at such earlier date).

- (k) the Purchased Receivables are originated in the ordinary course of the business of VWFS pursuant to underwriting standards which are no less stringent than those which also apply to Financing Contracts which will not be securitised. In particular, VWFS represents and warrants that it has in place (i) effective systems to apply its standard criteria for granting the Purchased Receivables and (ii) processes for approving and, where relevant, amending, renewing and re-financing the Purchased Receivables, in order to ensure that granting of the Purchased Receivables is based on a thorough assessment of each Obligor's creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Obligor meeting its obligations under the relevant agreement. Furthermore, VWFS represents and warrants that the assessment of each Obligor's creditworthiness shall meet the requirements of Article 8 of Directive 2008/48/EC, in particular, the assessment: (i) will be performed on the basis of sufficient information, where appropriate obtained from the Obligor and, where necessary, on the basis of a consultation of the

relevant database, and (ii) will be repeated before any significant increase in the total amount is granted after the conclusion of the financial contract, in combination with an update of the Obligor's financial information.

Changes to underwriting standards

VWFS as Seller agrees that if it makes any material changes to its underwriting standards, during the Revolving Period, it will promptly provide the Issuer and the Security Trustee with details of such changes together with an explanation of the purpose of such changes. The Issuer will notify such changes to investors in accordance with Condition 12 (*Notices*) without undue delay.

Homogeneity

For the purposes of Article 20(8) of the Securitisation Regulation and Articles 1(a) to (d) of the Commission Delegated Regulation (EU) 2019/1851 ("**HRTS**"), the Purchased Receivables: (i) have been underwritten according to similar underwriting standards, (ii) are serviced according to similar servicing procedures, (iii) fall within the same category of auto loans and leases and (iv) in accordance with the homogeneity factors set forth in Article 20(8) of the Securitisation Regulation and Article 3(5)(b) of the HRTS, the Obligors are all resident or incorporated in one jurisdiction, being the United Kingdom.

Notification of Assignment to Obligors

At any time after the occurrence of a Notification Event, each of the Issuer and the Security Trustee may:

- (a) give notice in its own name (and/or on behalf of the Servicer pursuant to the VWFS Power of Attorney) to all or any of the Obligors of the sale, assignment and assignation of all or any of the Purchased Receivables by delivering a Notification Event Notice; and/or
- (b) direct (and/or require the Servicer to direct) all or any of the Obligors to pay amounts outstanding in respect of Purchased Receivables directly to the Issuer, the Distribution Account or any other account which is specified by the Issuer or the Security Trustee; and/or
- (c) give instructions (and/or require the Servicer to give instructions) to immediately transfer amounts received in respect of Collections to the Distribution Account but (if applicable) which have not already been paid to the Issuer as Collections; and/or
- (d) take such other action and enter into such documents as it reasonably considers to be necessary, appropriate or desirable in order to recover any amount outstanding in respect of Purchased Receivables or to perfect, improve, protect, preserve or enforce their rights against the Obligors in respect of Purchased Receivables (including, without limitation, entering into supplemental transfer documents).

The Purchased Receivables acquired and transferred by assignment or held in trust under the Receivables Purchase Agreement have characteristics that demonstrate capacity to produce funds to service payments due and payable on the Notes.

However, VWFS does not warrant the solvency (credit standing) of the relevant Obligors.

Written-Off Purchased Receivables

If during any Monthly Period, the Seller classifies any Purchased Receivable under a Financing Contract as a Written-Off Purchased Receivable, it may repurchase from the Issuer the benefit of all such Written-Off Purchased Receivables on the following Payment Date (or on any Payment Date thereafter) and on the Payment Date on which such Written-Off Purchased Receivable is repurchased pay consideration of £1 per Purchased Receivable repurchased, paid into the Distribution Account in arrear on such Payment Date.

Redelivery Repurchase Agreement

The Issuer will, on the Closing Date, enter into a Redelivery Repurchase Agreement with VWFS. Subject to an Insolvency Event not having occurred in respect of VWFS if, on any day during a Monthly Period, a Financing Contract related to a Purchased Receivable becomes a Redelivery Financing Contract (such Purchased Receivable being a "**Redelivery Purchased Receivable**"), then on the Payment Date falling after the end of such Monthly Period (or, at the option of VWFS, on the second Payment Date falling after the end of such Monthly Period) (such date being the "**Redelivery Repurchase Date**") VWFS shall repurchase the Redelivery Purchased Receivable from the Issuer for a price equal to the Redelivery Repurchase Price. The Redelivery Repurchase Price is an amount equal to (i) the outstanding principal balance of a Redelivery Purchased Receivable as at the first day of the Monthly Period in which such Purchased Receivable becomes a Redelivery Purchased Receivable together with any arrears outstanding on such date but excluding any future interest payments (calculated on the basis of the Obligor internal rate of return) multiplied by (ii) one (1) minus the Additional Receivables Overcollateralisation Percentage. On the Closing Date, VWFS will repurchase any Redelivery Purchased Receivables existing as at the Closing Date.

The Seller is not obliged to repurchase any Redelivery Purchased Receivable if, on the Redelivery Repurchase Date, such Purchased Receivable is a Delinquent Receivable or a Defaulted Receivable or (for the avoidance of doubt) as a result of the Early Settlement of any Purchased Receivable during the Monthly Period.

THE PURCHASED RECEIVABLES POOL

The characteristics set forth in this section are based on the portfolio of Purchased Receivables as of the Initial Cut-Off Date. The statistical distribution of the characteristics of the portfolio of Purchased Receivables as of the Initial Cut-Off Date are illustrated in the tables below.

As of the Initial Cut-off Date falling on 31 March 2020, the Purchased Receivables:

- had an original term of maturity of 11 to 72 months and a remaining term to maturity between 6 and 71 months;
- had a contract rate of 0 per cent. to 14.9 per cent. and a weighted average contract rate of 6.31 per cent.;"
- were not past due; and
- satisfied the other criteria set forth in the Transaction Documents, including the criteria set forth under "DESCRIPTION OF THE PORTFOLIO" in this Base Prospectus.

The monthly Servicer Report will contain the information outlined in the paragraph entitled "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT - Servicer Report and Duties of the Servicer" of this Base Prospectus. As part of the Servicer Report prepared by the Servicer in connection with the Notes, the Servicer will compute Notes Factor.

The composition, distribution by remaining term, distribution by contract rate and geographic distribution, in each case of the Purchased Receivables as of the Initial Cut-Off Date, are set forth in the tables below.

DELINQUENCIES

The following data indicates, for the auto loan portfolio of VWFS and for a given month the outstanding balance of the receivables which are current, one up to thirty (1-30) days, thirty-one up to sixty (31-60) days, sixty-one up to ninety (61-90) days or more than ninety (90) days in arrears, expressed as a percentage of the total outstanding balance of the auto loan portfolio at the beginning of such period.

The report records the oldest unpaid instalment as the starting point for the calculation of days in arrears. A payment of subsequent instalments does not affect the reference date for this calculation, which was the case in the old delinquency report.

Arrear status credit portfolio VWFS in per cent. of receivables volume (rounded off to two decimal places).

HISTORICAL PERFORMANCE DATA

Historical Performance Data

VWFS has extracted data on the historical performance of the entire managed portfolio for the HP & PCP auto loan portfolio. The tables below show historical data on net losses, for the period from 2002 to 2019 from contracts originated since 2002 Q3 and defaulted before 2019 Q4.

Total Portfolio

The net losses data displayed below are in static format and show the cumulative net losses realised after the specified number of months since origination, for each portfolio of loans originated in a particular month, expressed as a percentage of the original principal balance of that portfolio. Net losses are calculated by deducting the vehicle sales proceeds as well as any other recoveries from the outstanding balances of the respective loans up to the final write-off of the loan (net losses are shown in the month where the write-off of the loan contract has been carried out by the Seller). The data includes standard and balloon loans to corporate and private debtors to finance new and used vehicles. The exposures to which such data relates are substantially similar to those being securitised as they have been originated in accordance with consistent origination procedures, on the basis of similar contractual terms and exposures securitised are selected based on strict eligibility criteria and thus generally perform better than VWFS' managed portfolio as a whole.

The terms used in the following tables have the following meanings:

New Cars: means cars which are first time sold to Obligor.

Used Cars: means cars which are previously owned by other Obligor.

Vintage Loss Curve: means the Cumulative Net Loss Ratio in relation to the contact age expressed as a curve for the whole portfolio and each sub portfolio.

SCHEDULED AMORTISATION OF THE PURCHASED RECEIVABLES

Weighted Average Life of the Notes

Weighted average life of the Notes refers to the average amount of time that will elapse (on a 30/360 basis) from the date of issuance of the Notes to the date of distribution of amounts to the Noteholders distributed in reduction of principal of such Notes (assuming no losses). The weighted average life of the Notes will be influenced by, amongst other things, the rate at which the Purchased Receivables are paid, which may be in the form of scheduled amortisation, prepayments or liquidations.

Purchased Receivables

The following table is prepared on the basis of certain assumptions, as described below, regarding the weighted average characteristics of the Purchased Receivables and the performance thereof.

The table assumes, among other things, that the Issuer holds a pool of purchased receivables with the following characteristics:

- (a) the portfolio is subject to a constant annual rate of prepayment as set out under "CPR";
- (b) no Purchased Receivables are repurchased by the Seller;
- (c) each series of Notes is expected to have the characteristics on Closing Date as set out in the following table:

Class A Notes			
<i>Series</i>	<i>Outstanding Balance</i>	<i>Fixed Rate under the Swap</i>	<i>Amortisation Status</i>
Series 2020-1 Class A Notes	GBP 253,400,000	1.223%	Revolving
Class B Notes			
<i>Series</i>	<i>Outstanding Balance</i>	<i>Fixed Rate under the Swap</i>	<i>Amortisation Status</i>
Series 20120-1 Class B Notes	GBP 29,900,000	2.205%	Revolving

- (d) the Clean-Up Call will be exercised at the earliest Payment Date possible;
- (e) the Purchased Receivables are fully performing (no losses or delinquencies occur for whatever reason, including, for the avoidance of doubt, those occurring as a direct or indirect result of COVID-19);
- (f) the Discount Rate of 5.872 per cent. per annum; and the Monthly Payments are discounted back to the assumed Initial Cut-Off Date;
- (g) the weighted average fixed rate of the fixed rates under the Swap Agreement and of the estimate of the hypothetical swap rate theoretically needed to swap the floating rate payments of the Subordinated Loan is assumed to be 5.134 per cent.;
- (h) third party expenses and servicer fees together are assumed to be 1.03 per cent. per annum of the Aggregate Discounted Receivables Balance;
- (i) no Early Amortisation Event has occurred;
- (j) no tap issuance has been made;
- (k) no extension of the Revolving Period;
- (l) each Series of Notes amortises at the end of the Revolving Period (except the amortising series as at the Closing Date – see table above);

(m) no swap event of default or termination event occurs and no swap payments are due to the Swap Counterparties other than the Net Swap Payments due under item fifth of the pre-enforcement Order of Priority, and

(n) the Subordinated Loan balance is GBP 52,993,364.72.

The approximate average life of the Notes, at various assumed rates of prepayment of the Purchased Receivables, would be as follows whereby "CPR" means constant prepayment rate:

Revolving Series

CPR	Class A Notes			Class B Notes		
	Weighted Average Life	First Principal Payment	Last Principal Payment	Weighted Average Life	First Principal Payment	Last Principal Payment
0%	2.90 years	Apr-21	Mar-24	3.24 years	Dec-21	Mar-24
10%	2.68 years	Apr-21	Mar-24	3.00 years	Sep-21	Mar-24
20%	2.46 years	Apr-21	Feb-24	2.75 years	Aug-21	Feb-24
30%	2.27 years	Apr-21	Jan-24	2.52 years	Jul-21	Jan-24

The exact average life of the Class A Notes and of the Class B Notes cannot be predicted as the actual rate at which the Purchased Receivables will be repaid and a number of other relevant factors are unknown.

The average life of the Class A Notes and of the Class B Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The amortisation of the purchased receivables is subject to factors largely outside the control of the Issuer acting for and on behalf of its Compartment Private Driver UK 2020-1 and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

THE SELLER AND SERVICER

BUSINESS AND ORGANISATION OF VOLKSWAGEN FINANCIAL SERVICES (UK) LIMITED

Auto Finance Business in the United Kingdom

The Company continued to perform strongly in terms of new business written with 382,911 (2017: 390,650) vehicles being financed with the total value funded during the year of £8,134m (2017: £8,150m). New business decreased from £6,200.3m to £5,807.3m, a decrease of 6.3% marginally below the overall decline in the new car market of 6.8%. According to industry commentators the main drivers of the downturn for the market were falling consumer confidence and a supply shortage as a result of regulatory change with the introduction of the new worldwide light vehicle test procedure (WLTP) in September 2018. As in 2017, diesel registrations were down in the year while petrol and alternatively fuelled vehicles recorded increased sales and market share. The Company performed well in the used car sector where advances were £2,326.2m up from £1,949.6m in 2017, this helped support the continued growth of the balance sheet during the year.

Volkswagen Group UK Limited maintained market share in the year at 21.1% (2017:21.1%) with new car registrations year on year decreasing to 498,438 units (2017: 532,874 units). Penetration rate, a measure of the number of new cars funded by the Company as a percentage of total VW Group registrations, decreased marginally in the year to 55.0% (2017: 55.1%) continuing to show strong commitment to our products.

The financial result for the year was positive with Operating profit increasing by 76.6% from £191.8m to £338.7m. This was in part due to higher interest income with continued growth in the book, net lease receivables increased by just under £1bn during the year to £12.5bn and operating lease assets were up from £2.5bn to £2.6bn.

Interest rates remained low with only the second increase in the Bank of England base rate in over a decade in August 2018, the rate now stands at 0.75%. In May 2019 the Company renegotiated Driver UK Master S.A (a private asset backed conduit structure) for a further 12 months with additional funding.

In addition, on 4 May 2018 the Company acquired 100% of the shares of Volkswagen Insurance Services (Great Britain) Limited (VIS) for a total consideration of £6,273,000. The principal activity of VIS is to arrange insurance for vehicle owners of Volkswagen Group vehicles on behalf of retailers. VIS receives commission for this service and the valuation of the business was based on these future income streams. VWFS purchased the book to compliment it's existing insurance commission income stream.

Incorporation, Registered Office and Purpose

VWFS is a wholly owned subsidiary of Volkswagen Finance Overseas B.V. which has its headquarters in Amsterdam, The Netherlands. Volkswagen Finance Overseas B.V. is a wholly owned subsidiary of Volkswagen Financial Services AG which has its headquarters in Braunschweig, Germany. VWFS was incorporated on 11 November 1993 and commenced trading on 1 April 1994. It is currently the second largest (in terms of retail financing) finance subsidiary within the VW Group after the German parent company operation.

Prior to 1994, financial services within the UK were operated under a joint venture agreement, between V.A.G (UK) Limited and Lloyds-Bowmaker (now LUDT) and marketed under the trading name of V.A.G Finance. In 1994 VWFS began to trade within the UK. Core finance case administrative functions were sub-contracted to Lloyds-Bowmaker.

In June 1999, following the development of core operating systems, staffing and processes, VWFS began the origination of finance contracts in order to create its own business portfolio. Existing contracts continued to be administered by Lloyds-Bowmaker.

VWFS provides financial services to support all of the automotive brands within the VW Group. These include Volkswagen (including Volkswagen commercial vehicles), Audi, Bentley, SEAT and Skoda.

Since July 2010, VWFS has also provided financial services to Porsche Cars Great Britain. At the end of November 2016 VWFS acquired the shares of MAN Financial Services P.L.C. (MFS) from its parent company Volkswagen Bank GmbH (VW Bank).

The hire purchase retail portfolio contained £12,486m (2017: £11,567m) of earning assets at December 2018.

VWFS' administrative headquarters are within a purpose built complex located at Milton Keynes, Buckinghamshire, England. At the end of 2018 the company employed 936 staff. Milton Keynes is also the base for the headquarters of Volkswagen Group (UK) Ltd which is the UK importer for Volkswagen (including Volkswagen commercial vehicles), Audi, Skoda and SEAT.

VWFS co-operates closely with approximately 800 dealerships of the VW Group. A dealer can thus offer the Obligor a complete, competent, personal one-stop service from a single source, including the financing. The co-operation between VWFS, the importer and the dealer-partner is established by dealer agreements. Under these agreements, the dealer-partner is given the responsibility for marketing the products and services of the VW Group and VWFS and to service the trade-marked products of the VW Group and VWFS. Dealers receive valuable support in the form of diverse training measures and extensive marketing support.

VWFS is incorporated under the laws of the England as a company with limited liability having its corporate seat at Milton Keynes, United Kingdom and its registered offices at Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes with registered number 02835230.

Origination and Securitisation Expertise

As already set out under the section "Incorporation, Registered Office and Purpose" one of the main purposes of VWFS for almost 3 decades has been the origination, underwriting and servicing of finance contracts of a similar nature to those securitised under this Transaction. The members of its management body and the senior staff of VWFS have adequate knowledge and skills in originating, underwriting and servicing automotive finance receivables, similar to the automotive finance receivables included in the Portfolio, gained through years of practice and continuing education. The members of the management body and VWFS senior staff have been appropriately involved within the governance structure of the functions of originating and underwriting of the Portfolio. Additionally, VWFS has been securitising finance contracts actively since 2002 through private as well as public securitisation transactions, similar to this Transaction. The members of its management body and the senior staff responsible for the securitisation transactions of VWFS have also professional experience in the securitisation of automotive finance receivables of many years, gained through years of practice and continuing education. Other subsidiaries of Volkswagen AG have also been securitising lease receivables and loan receivables all across Europe, Australia, Brazil, Canada, Japan, China, Turkey and USA.

BUSINESS PROCEDURES OF VOLKSWAGEN FINANCIAL SERVICES (UK) LIMITED

Under the Servicing Agreement, the Receivables are to be administered together with all other receivables of VWFS according to VWFS' normal business procedures as they exist from time to time. The Obligors will not be notified of the fact that the receivables from their Financing Contracts have been assigned to the Issuer, except upon the occurrence of a Notification Event.

The normal business procedures of VWFS currently include the following:

Negotiation of the Financing Contract and Appraisal of the Creditworthiness of the Prospective Obligor

Before an application is accepted, VWFS checks the credit standing of the Obligor. Retail applications (consumer and commercial) are assessed against a scorecard and internal policy rules; if the results of the scoring are above a prescribed level and all rules are satisfied the application will approve automatically. For this purpose information from credit reference agencies and data of Obligor profile are brought together into the connect online system.

The scoring system takes into account different criteria and factors. Depending on the respective information which applies to each criterion, the financing application receives a certain amount of points per criterion based on statistical methods and historical experience. The sum of scores gives VWFS an assessment of the risk of granting finance to the respective applicant and every application is awarded a Risk Band (A-D, Z). The scoring process (in particular the weight or the value of the individual scoring criteria and the scoring result) is treated as strictly confidential by VWFS. The performance of the scoring system is monitored regularly by VWFS. Changes to the scoring system are based on the results of regular VWFS statistical analysis.

Applications not automatically accepted by the scoring system are referred to an employee of the new business department for further review and a final decision. The employees of the new business department have a high level of experience in underwriting (generally with at least two years or more experience underwriting and a wider experience within VWFS). Each employee is personally assigned a credit limit up to which she/he may underwrite a loan referred to them.

The Obligor pays a contractually specified monthly instalment at a stipulated payment date, with the number of payments corresponding with the number of months covered by the financing period. In the case of personal contract purchase agreements a larger final instalment is due at the end of the Financing Contract term. Under personal contract purchase agreements the Obligor has the right to return the vehicle at the contract maturity without payment of the balloon payment, provided that if the vehicle has completed greater than the specified number of miles, excess mileage charges are due from the Obligor.

VWFS requests each Obligor to accept a procedure by which the monthly instalments shall be debited directly from the Obligor's bank account. So far over 99 per cent. of all Obligors voluntarily chose to make use of this procedure.

The information provided below further describes the VWFS lending process.

The Lending Approval Process

VWFS operates a linear multi-stage lending approval process. Systemically, only once each particular stage in question has been successfully processed will consideration of the next stage begin. This policy sets out the key questions, tests and standards at each stage of the approval process. Following the system processing for each credit application, it is possible for a customer to achieve an automatic approval which would be automatically communicated to the retailer. Whilst VWFS has 'knock-out criteria', no automated decline process exists and all cases not automatically approved are reviewed by an appropriately skilled individual. This means that none of the rules set in the 7 stage process described below have been breached on origination of any Receivable.

VWFS will conduct a manual review of the application if any of the business or risk rules are flagged. The rules are generated using information obtained from credit reference agencies, application data and

information from internal VWFS systems. VWFS will assess the creditworthiness of every customer before entering into a regulated/unregulated credit or regulated/unregulated hire agreement.

In addition to performing a creditworthiness assessment on a proposed customer, VWFS will also carry out a creditworthiness assessment on any guarantor to a regulated credit agreement or regulated hire agreement, where such a guarantor is proposed. *Creditworthiness and Affordability Assessments*

VWFS fulfil the creditworthiness and affordability criteria via the Connect Online point of sale system. Credit rules are housed in a system called DecisionStrategy and the maintenance and management of those core requirements is managed by the VWFS UK Risk Team. The process flow below shows the key components of the process flow and possible outcomes and rationale to assess customer's creditworthiness and affordability in order to fulfil the FCA's lending expectation. If a credit rule is not passed, i.e. credit referral reasons, it results in a plain English referral reason that is communicated to the underwriter by the private notes section in Connect Online. This referral reason is reviewed by the underwriter and should the creditworthiness and affordability criteria not be met, further work will be undertaken before a decline is communicated to the customer.

Process Flow for Risk and Business Rules

The below details the process flows for the risk and business rules at application / acceptance:

1. **Absolute Rules** - The absolute rules ensure that VWFS product policy is adhered to, including but not limited to the agreement term and deposit percentage. These are usually linked to product policy. These rules control that VWFS does not transact business outside of its product policy
2. **Responsible Lending** - Responsible lending rules are based on data returned from the credit reference agencies and ensure that VWFS adheres to responsible lending rules (for example CIFAS, and customer tracing type rules). These rules also flag potential application fraud and ensure enhanced due diligence processes are adhered to by flagging high-risk individuals, including beneficial owners of companies, who are on the PEPS and Sanctions lists.
3. **Z-Band** - The Z-Band rule is based on the score returned from the credit scoring process. It is expected that manual underwriting decline the application for individuals, partnerships and sole traders if the score returned is below the predetermined cut-off. These rules ensure that VWFS do not transact with a non-creditworthy borrower.
4. **Proposal Rules** - The proposal rules are based on specific proposal related indicators such as current commitment and loan to value. These are similar to absolute rules but where VWFS operate with tolerance based on underwriter assessment. This rule ensures that the product is fit for the customer.
5. **Borrower Unit** - All applications are assessed to establish whether the applicant belongs to a Borrower Unit. If any of the Borrower Unit rules are flagged a manual review will be conducted to assess whether the customer belongs to an existing Borrower Unit or to enable the creation of a new entity-level Borrower Unit. This rule is looking for connected parties to the customer and trying to establish the customer's true exposure.
6. **Risk Rules Consumer & Affordability Rules Consumer** - The consumer risk rules are based on a combination of the score returned from the credit scoring process and whether the applicant has adverse Closed User Group data returned from the credit reference agencies. This allows VWFS to call out high-risk customer profiles. The affordability rules ensure that VWFS conduct a manual assessment of applicants who fail the affordability checks. The application will be referred to the manual underwriting team who will carry out additional checks to assess whether the customer is able to repay the loan in a sustainable manner.
7. **Risk Rules Commercial** - The consumer risk rules are based on a combination of the score returned from the credit scoring process and whether the applicant has adverse Closed User Group data returned from the credit reference agencies. This allows VWFS to call out high-risk customer profiles.

Know Your Customer

VWFS verifies the identity of applicants for credit electronically using credit reference agency data or with driving licences and/or other proofs. VWFS will also follow fraud prevention processes as per its established operating practices.

Collections and Recoveries

VWFS Arrears Management policy is designed to ensure that those customers in arrears or those who have indicated to VWFS that they are struggling to make payments are treated fairly, reasonably and responsibly. It also aims to ensure that customers are clearly informed and that matters are dealt with in a timely manner.

VWFS' collections policy pays specific regard to the Financial Services Authority (FCA) guidance and rules, including Principle 6 and Section 7 of the Consumer Credit Sourcebook (CONC). The below reflects VWFS UK's Arrears Management Policy: Approach - VWFS ensures that:

1. There are clear standards governing the management of arrears;
2. VWFS acts as a responsible lender and the customer is always treated fairly throughout the lifetime of the relationship;
3. Regulatory and industry principles are adhered to;
4. VWFS communicates with customers in a fair, timely, clear and courteous manner and does not put undue pressure on the customer being consistent with the principles of TCF;
5. Customer information is not disclosed to third parties without expressed consent of the customer and that their information is protected in line with the General Data Protection Regulation;
6. Losses are minimised by effectively handling past due accounts, using the most cost effective methods available without compromising customer interest;
7. Customers are not subject to harassment, threatening behaviour or act in any way that may embarrass the customer in public;
8. VWFS will also review policies and procedures in an effort to deliver the best results based on customer needs, business needs and within the regulatory guidelines; and
9. All communications with customers including letters will be reviewed on an annual basis or earlier if necessary.

Overview of the Collections Function

VWFS aims to treat customers with respect, in a calm and professional manner, and demonstrating an empathetic and flexible approach. All customers are individuals, with potentially unique circumstances, which will be taken into consideration when determining the appropriate action taken which ensures fair customer outcomes via justified forbearance and avoids over-forgiveness which is particularly important with a depreciating asset. The function of the department is to work with customers who are experiencing, or indicate to VWFS that they are about to experience financial difficulty, which is, or will adversely affect their ability to make their contractual vehicle finance payments or shortfall balance. At the point of the payment not being made on the agreed date the agreement will fall into arrears and be subject to the collections processes.

In summary VWFS receives regular direct debit payments from Obligors on the due date specified in the Financing Contract. If a payment is not received by VWFS it is usual for VWFS to automatically re-present the direct debit application request. If payment fails for a second time, VWFS will contact the Obligors by multiple contact channels such as telephone, letter and SMS. All Financing Contracts in arrears are managed by a bespoke Experian automated collections system, Tallyman which is risk based.

The aim is to identify, wherever possible, workable arrangements and to allow the customer reasonable time and opportunity to repay amounts where required. These solutions are designed around the customer's personal and financial circumstances, to enable them to retain their vehicle where feasible (feasible is defined as the customer can meet the requirements of the arrangement and this is within established guidelines). Where appropriate, VWFS will signpost the availability of impartial not for profit debt advice services. An FCA fact sheet is also available to VWFS' customers. The customer is provided with a regular statement whilst in arrears and a range of options are considered when agreeing an arrangement to clear the arrears.

Collections and Recoveries advisors have the authority to enable them to work effectively with the customer and have access to a higher authority referral process for accounts that fall outside of their mandate. The team are focused on achieving a good outcome with the customer so where forbearance is being considered the mandate is not applicable. VWFS's advisors are flexible to allow for alternative, affordable payment amounts with the customer. VWFS will always look to understand the customer's financial circumstances, why the customer is experiencing financial difficulties and work with the customer to tailor a payment plan according to their financial circumstances, taking into account whether or not the customer is still in possession of VWFS' vehicle. VWFS will only proceed to debt collection, litigation or repossession action after attempting to agree an acceptable payment plan with the customer.

VWFS has a panel of specialist debt recovery firms who advise on the appropriate actions to take both before and leading to/during legal proceedings. Procedures differ dependent upon the geographic location of the agreement holder i.e. whether the customer is situated within the legal jurisdictions of England and Wales, Scotland or Northern Ireland.

VWFS ensures that its Collections employees are trained to an appropriate standard both in induction and during the course of their employment. Training will include: induction, role specific, I-Learns, ongoing competency, coaching and performance management.

VWFS may also update its business procedures as a result of significant events beyond its control, including those related to the Corona Pandemic, in order to reflect market or industry practice or as may be required by applicable laws, regulations, judgments and other directions or orders to which it or any Purchased Receivable may be subject (for example in allowing payment holidays and agreeing not to pursue arrears for a certain period of time).

Collections standards

VWFS Collections Department promotes a professional service at all times and must meet the following conduct standards. VWFS will also provide adequate and appropriate training to colleagues to meet the conduct requirements as detailed below:

1. VWFS will not act in any way that could adversely impact on the customer's confidence that VWFS is a business where the fair treatment of customers is central to its culture;
2. VWFS will take reasonable steps to demonstrate that all members of VWFS and its outsourced partners comply with the requirements of the FCA Handbook, specifically those requirements contained in CONC;
3. When providing information to customers, VWFS will aim to display the information clearly and in a manner the customer will understand;
4. VWFS will not subject customers to aggressive or oppressive behaviour. This includes acting in a threatening manner towards the customer;
5. VWFS will not unfairly coerce or try to pressure customers;
6. VWFS will not take advantage of a customer's lack of knowledge or understanding of debt and debt collection activities;
7. VWFS will negotiate with customers to reach a sustainable, realistic arrangement to clear arrears;
8. VWFS will never misrepresent VWFS legal position, or the legal position of the customer's liability;
9. VWFS will not contact the customer at unreasonable times;
10. VWFS will not instruct any third parties to visit the customer at an inappropriate location, such as a hospital or their place of work, unless this has previously been agreed with the customer or the contract is with a company and the visit is to the company premises;
11. As appropriate, VWFS will explain to the customer that free and independent debt advice is available;
12. If the customer indicates that they dispute the debt, VWFS will cease debt recovery activities until the complaint has been fully investigated;

13. VWFS will not apply to the court for an order for sale or submit a bankruptcy petition without having fully explored all other options. This is a rare action for VWFS to undertake and will only ever be taken with the approval of the Head of Collections Operations;
14. VWFS will not threaten to commence court action, including an application for a charging order or order for sale, in order to pressurise a customer in default or arrears difficulties to pay more than they can reasonably afford but will instead provide factual information relating to consequences of non-payments;
15. VWFS will provide information of any arrears and balance owing to the customer or person acting on behalf of the customer where the customer offers a payment lower than the total amount owing;
16. VWFS will provide to the customer, upon request, information on the status of their account where VWFS has decided to stop pursuing the debt;
17. VWFS contracts with customers work within UK laws in terms of contracting, however where the vehicle has moved jurisdictions the team will deal within any other geographical jurisdiction.
18. VWFS will take reasonable steps with all of its outsourced partners to ensure they act within all regulatory guidelines with VWFS' customers in relation to debt collection visits;
19. VWFS will not misrepresent its authority or status when dealing with customers; and
20. VWFS will ensure that all customer information is dealt with in accordance with its Data Protection Policy and Outsourcing Policy.

Payment Plans & Proposals

If a Customer advises they are developing a repayment plan, VWFS will make it clear that it is willing to listen to their proposals. If a Customer advises they are developing a repayment plan – including if the Customer advises that a DMC is assisting in the formulation of the plan – VWFS will take details from the Customer as to when they believe the plan will be finalised. VWFS will ensure these details are noted in the VWFS system and provide 'breathing space' for the customer where relevant. However the customer will continue to receive VWFS' computerised arrears letters in order that the customer is kept up to date with their agreement. VWFS does not support the use of continuous payment authority for itself or via its external third parties.

Forbearance

When a customer falls into an arrears position VWFS will treat the customer with empathy and, where appropriate, with justified forbearance. VWFS will enable the customer to make the payments up to the original term of the agreement and will only consider extending collection past the end of the contract in cases where a higher authority referral process has been used or the contract has been terminated by VWFS.

To ensure repayments are sustainable and affordable for the customer, where applicable VWFS will utilise the Income and Expenditure form when agreeing arrears repayment plans with customers and will never pressurise customers to pay more than they can afford.

VWFS do not charge additional interest on live arrears contracts. VWFS will charge statutory interest after a judgment has been obtained by its panel of law firms. These partners have the authority to suspend application or collection of this statutory interest as part of the forbearance tools. VWFS does not in principal support the long term use of payment holidays or small token payments whilst the contract is live and the vehicle remains with the customer. This is due to the value of the vehicle depreciating every month, which would in turn increase the customer indebtedness and lead to a detrimental outcome for the customer. Where the vehicle has been recovered and a shortfall debt remains, forbearance tools will be used appropriately.

Performing Accounts and Pre Arrears Accounts

Customers are encouraged to contact VWFS if they foresee difficulty in maintaining their current payments. The customers' circumstances will be discussed and VWFS will try to establish the reasons behind potential future non-payment and signpost the customers' options. *Vulnerable Customers:*

Under the FCA's definition a vulnerable consumer is someone who, due to their personal circumstances, is especially susceptible to detriment. VWFS recognises that vulnerability can impact its customers at any

time whether temporary or permanent. The situations and circumstances of vulnerable individuals are diverse, complex and dynamic: the experience of vulnerability is unpredictable, and it can change over time. Therefore VWFS should be flexible in its approach when identifying and dealing with vulnerable customers. Should a customer find themselves in an arrears position, the VWFS Collections and Recoveries Advisor will establish the reasons for missed payments and whether the issues are short or long term, utilising the approved collections and recoveries tools set out in the procedures manuals.

How VWFS recognize vulnerability - Initial notification of vulnerability may come from the customer themselves or a third party, through various channels of communication e.g. telephone, email or letters. Vulnerability is a sensitive matter. By using techniques / tools available to advisors, it will help break down those barriers and outline what support VWFS can offer to help its customers. When a customer contacts VWFS it may be initially difficult to identify if they have vulnerability - it could help to consider some of the language, words, phrases and behaviours they may display

Procedures are in place to cover all acceptable repayment options that will be extended to customers. This includes authorities of agents and management to agree to such payment options. The use of tools such as an Income and Expenditure Form is useful in understanding the customers' arrears and difficulties in meeting their contractual monthly instalments. Supporting documentation may be requested, this will be detailed in VWFS operational procedures.

Termination Procedure

Where it is not possible to rectify the arrears that have arisen under a Financing Contract, VWFS' collections department follows a thorough collections process. Once all appropriate reminder notices have been issued (e.g. a default notice is served in respect of a Regulated Financing Contract) and expired, a termination notice is issued. Once the Financing Contract has been terminated, VWFS secures the legal return of the Vehicles as quickly as possible using the most appropriate methods through repossession agents or if the Obligor has paid one-third or more of the total amount payable under the relevant Regulated Financing Contract, a return of goods action via VWFS' panel of law firms.

Upon termination of a Financing Contract, the Obligor is required to pay the full balance or the Financing Contract is transferred to one of VWFS' contracted repossession agencies to make contact with the Obligor. Under CCA guidelines, the Obligor is advised of this by letter when the Financing Contract is allocated to the agent.

The respective agency will either secure the return of the Vehicle, by arranging for it to be delivered to a nominated auction site, or will collect payment of the balance outstanding under the Financing Contract.

When a vehicle arrives at the nominated auction site, it is scanned upon entry and is entered into the auction stock management system. Vehicles are then sold in a series of auctions. Some auctions are specific to vehicles owned by VWFS.

If any liability remains outstanding under the Financing Contract following the sale of the vehicle, the Obligor will be advised of the outstanding amount by letter. If the Obligor is unable to clear this remaining liability in full then VWFS' collections department would consider agreeing a payment plan with the Obligor. Where an Obligor is unable to pay its liabilities in full, in exceptional circumstances, in accordance with the Servicer's Customary Operating Practices VWFS may consider a reduced settlement, where the renounced amount will be written off. This will be permissible under the Servicer's Customary Operating Practices when there is no realistic prospect for an improvement of the Obligor's economic circumstances.

VWFS will only proceed to litigation or repossession as a last resort and only after attempting and exhausting all other options to agree an acceptable payment plan with the Obligor. The advice of the appointed legal firm is obtained before taking any action in relation to a Financing Contract where litigation and legal proceedings are being actively pursued.

Charged-Off Receivables

"Charged-Off Receivable" means a Terminated Receivable upon the occurrence of the earlier of the following events (i) the Vehicle associated to a Terminated Receivable is being sold or written-off (as having a value of zero) or (ii) the value of the associated Terminated Receivable (excluding the Vehicle) is written off in accordance with the Servicer's Customary Operating Practices.

Referral to 3rd Party Suppliers

As discussed above VWFS appoints outsourced partners and other third partner suppliers that have been appointed to support the work of the department. Contracts are required between both parties to ensure that their approach is in line with VWFS' policies and the requirements of the regulator.

These outsourced partners will be managed in line with the Arrears Management Policy and in relation to CONC 1.2.2.R. This ensures that VWFS partners are aligned to the VWFS culture and controls and can evidence that it is embedded in all processes and practises. This includes, but is not limited to the requirement to comply with its business and regulatory framework including CONC 7. The litigation and vehicle recovery processes cover the specific steps VWFS takes to demonstrate oversight of these outsourced activities.

Referral to third Party Suppliers for the purposes of debt collection, litigation or repossession of a vehicle is initiated by the VWFS Collections Operations department.

Third party suppliers can action the below activities on behalf of VWFS:

1. Repossession Agents
 - (a) Collect customer vehicles
 - (b) Transport vehicles to nominated vehicle auction house(s)
 - (c) Field investigations when requested by VWFS
2. Litigation, Probate Specialists and Debt Collection Agencies
 - (a) Collect arrears
 - (b) Negotiate settlements within approved mandates
 - (c) Issue legal proceedings
 - (d) Management of Bankruptcy and Insolvency cases

Audits

The internal audit department of Volkswagen Financial Services AG audits VWFS. Its controlling procedures include audits of Obligor receivables with respect to their amounts and their punctual payment. Under English law the annual financial statements of a company must be audited by an independent audit company.

Auditors

ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT

VWFS has agreed to act as Servicer under the Servicing Agreement. In this capacity, VWFS has agreed to perform the following tasks according to its usual business practices as they exist from time to time:

- (a) service and collect the Receivables in accordance with the Servicing Agreement;
- (b) as long as the Monthly Remittance Condition is satisfied, transfer by the Payment Date of each month to the Distribution Account the Collections relating to the Monthly Period (and if the Monthly Remittance Condition is no longer satisfied, take the action set out in "Commingling" below);
- (c) repossess and sell Vehicles upon any default by any Obligor or sell the Vehicles upon termination of the Financing Contract where the Vehicle is returned to the Servicer (save to the extent the Receivable relating to such Financing Contract is a Redelivery Purchased Receivable and has been repurchased by VWFS under the Redelivery Repurchase Agreement on the Redelivery Repurchase Date); and
- (d) perform other tasks incidental to the above.

For the purpose of compliance with the requirements stemming from Article 21(9) of the Securitisation Regulation, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, losses, charge offs, recoveries, payment holidays and other asset performance remedies are applied (if applicable) in accordance with VWFS's Customary Operating Practices.

In the Servicing Agreement, VWFS agrees with the Issuer and the Security Trustee that it shall, in performing the Services, comply with its Customary Operating Practices and, in particular:

- (i) shall not agree to any material amendment to or variation of any Financing Contract except in accordance with its Customary Operating Practices; and
- (ii) in relation to any default by an Obligor under or in connection with a Financing Contract, may exercise discretion in applying its Customary Operating Practices in accordance with the Servicing Agreement.

Commingling

VWFS, in its capacity as the Servicer, will be entitled to commingle funds representing Collections with its own funds during each Monthly Period in accordance with the following procedure:

- (a) if and as long as the Monthly Remittance Condition is satisfied, VWFS will be entitled to commingle funds representing Collections with its own funds during each Monthly Period and will be required to make a single transfer of such Collections to the Distribution Account on the relevant Payment Date;
- (b) if and as long as the Monthly Remittance Condition is not satisfied, VWFS will be entitled to commingle funds representing Collections with its own funds during each Monthly Period provided that, no later than fourteen (14) calendar days after the first day on which the Monthly Remittance Condition has not been satisfied (the "**Monthly Collateral Start Date**"), VWFS shall:
 - (i) advance an amount equal to sum of the Monthly Collateral Part 1 and the Monthly Collateral Part 2 for the Monthly Period in which the Monthly Collateral Start Date falls, plus, if the Monthly Collateral Start Date falls on a date prior to the Payment Date falling in such Monthly Period, an amount equal to sum of the Monthly Collateral Part 1 and the Monthly Collateral Part 2 in respect of the preceding Monthly Period;
 - (ii) for any subsequent Monthly Period in which the Monthly Remittance Condition continues to not be satisfied (save in respect of any Monthly Collateral posted under limb (b)(i) above):

- (1) on the fifteenth (15th) calendar day of the month preceding the first day of such Monthly Period, determine the amount representing the Monthly Collateral Part 1 in respect of the Monthly Period relating to such Payment Date and advance an amount equal to the Monthly Collateral Part 1 to the Distribution Account to be retained until the Payment Date relating to such Monthly Period; and
 - (2) on the first (1st) calendar day of the Monthly Period relating to such Payment Date, on the next following Business Day, determine the amount representing the Monthly Collateral Part 2 in respect of the Monthly Period relating to such Payment Date and advance an amount equal to the Monthly Collateral Part 2 to the Distribution Account to be retained until the Payment Date relating to such Monthly Period;
- (c) provided it complies with its posting obligations in paragraph (b) above and its obligation to transfer Collections to the Distribution Account on the relevant Payment Date in accordance with the Servicing Agreement, VWFS will be entitled to hold, use and invest at its own risk the Collections without segregating such funds from its other funds and VWFS will be required to make a single transfer of Collections and other amounts collected by it to the Distribution Account on the relevant Payment Date. Otherwise, Collections and other amounts collected by it will be required to be remitted by it to the Distribution Account on the third Business Day after receipt of such amounts;
- (d) on any Payment Date, VWFS' obligation to pay Collections for the relevant Monthly Period into the Distribution Account may be netted against its claim for repayment of the Monthly Collateral Part 1 and the Monthly Collateral Part 2 for such Monthly Period and such Monthly Collateral Part 1 and Monthly Collateral Part 2 (after netting) will form part of the Available Distribution Amount on such Payment Date. If for such Monthly Period the Servicer Report shows (a) that the sum of the Monthly Collateral Part 1 and the Monthly Collateral Part 2 which has been transferred by VWFS for the relevant Monthly Period exceeds the Collections received by VWFS for such Monthly Period, such excess shall be released to VWFS outside the Order of Priority on the relevant Payment Date or (b) that the Collections received by VWFS for such Monthly Period exceed the sum of Monthly Collateral Part 1 and the Monthly Collateral Part 2 which has been transferred by VWFS for the relevant Monthly Period, such excess shall be paid into the Distribution Account by VWFS on the relevant Payment Date; and
- (e) if the Monthly Remittance Condition is satisfied again, any Monthly Collateral Part 1 and Monthly Collateral Part 2 standing to the credit of the Distribution Account shall be released to VWFS outside the Order of Priority on the next Payment Date following such satisfaction.

- (c) recover amounts from Obligors that are not paid when due;
- (d) enforce all obligations of Obligors under the Financing Contracts; and

in each case on behalf of the Issuer and the Security Trustee in an efficient and timely fashion in accordance with the provisions of the Financing Contracts and its Customary Operating Practices.

In case an action needs to be taken in relation to an Obligor, the Servicer may, in accordance with its Customary Operating Practices:

- (a) take such action as may be necessary or desirable or as the Servicer determines (including, if necessary, court proceedings and the employment by the Servicer as disclosed agent for the Issuer of solicitors to carry out any necessary court or other proceedings) against any Obligor in relation to a defaulted Purchased Receivable; and
- (b) on request keep the Issuer or the Security Trustee informed (respectively) of all material actions and decisions taken in each case following its Customary Operating Practices.

Subject to and in accordance with the applicable Order of Priority and the Servicing Agreement, as consideration for the provision by it of the Services, the Servicer will be entitled to receive the Servicer Fee on each Payment Date in arrear.

Based on the Seller's, the Servicer's and the Issuer's understanding of the spirit of Article 20(7) of the Securitisation Regulation and the EBA STS Guidelines applicable to Non-ABCP Securitisations, the Seller, the Servicer and the Issuer agree not to undertake active portfolio management of the Purchased Receivables included in the Portfolio on a discretionary basis.

After deducting any fees incurred in the sale of such Vehicle, the Servicer shall treat the remaining proceeds (except to the extent that the same relate to any Written-Off Purchased Receivables) as Collections and credit such amounts to the Distribution Account in accordance with the Servicing Agreement.

VWFS may, acting in accordance with its Customary Operating Practices, agree to a COVID-19 Extension in respect of a maturing Purchased Receivable under which the related Financing Contract is a PCP Agreement. VWFS will pay a deemed collection to the Issuer in an amount equal to the COVID-19 Settlement Amount on the Payment Date following the end of the Monthly Period in which such COVID-19 Extension has occurred. Following payment of the COVID-19 Settlement Amount such Purchased Receivable shall be treated as discharged with no further payments or recoveries in respect of such Purchased Receivable being transferred to the Issuer.

RATINGS

As at the date of this Base Prospectus the relevant Class A Notes are rated AAA_{sf} by Creditreform and AAAsf by Fitch.

With respect to the relevant Class A Notes, the rating of AAA_{sf} is the highest rating that Creditreform assigns to long-term structured finance debts and AAAsf is the highest rating that Fitch assigns to long-term structured finance debts.

The rating of the relevant Class A Notes addresses the ultimate payment of principal and timely payment of interest according to the Conditions. The rating takes into consideration the characteristics of the Receivables and the structural, legal, tax and Issuer-related aspects associated with the relevant Notes.

The ratings assigned to the relevant Notes should be evaluated independently from similar ratings on other types of securities. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time. In the event that the ratings initially assigned to any Series of Class A Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Series of Class A Notes.

The Issuer has not requested a rating of the relevant Notes by any rating agency other than the Rating Agencies; there can be no assurance, however, as to whether any other rating agency will rate the Notes or, if it does, what rating would be assigned by such other rating agency. The rating assigned to the Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

References to ratings of Creditreform and Fitch in this Base Prospectus shall refer to www.creditreform.de and www.fitchratings.com, respectively.

Meaning of Ratings

Rating	Rating Agency	Meaning
AAA _{sf}	Creditreform	Highest level of creditworthiness, lowest default risk
AAAsf	Fitch	'AAA' ratings denote the lowest expectation of default risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

Compartment

The board of directors of the Company may, in accordance with the terms of the Luxembourg Securitisation Law, and in particular its article 5, create one or more Compartments within the Company.

The board of directors is entitled to create one or more compartments (referencing the assets of the Company relating to an issue by the Company of securities), in each case, corresponding to a separate part of the Company's estate.

Compartment Private Driver UK 2020-1 is the eighth Compartment of the Company. The Company has already created Compartment Driver UK two, Compartment Driver UK three, Compartment Private Driver UK 2016-1, Compartment Private Driver UK 2018-1, Compartment Driver UK four, Compartment Driver UK five and Compartment Driver UK six.

As between investors, each compartment of the Company shall be treated as a separate entity. Rights of creditors and investors of the Company that (i) relate to a compartment or (ii) have arisen in connection with the creation, the operation or the liquidation of a compartment are strictly limited to the assets of that compartment which shall be exclusively available to satisfy such creditors and investors. Creditors and investors of the Company whose rights are not related to a specific compartment of the Company shall have no rights to the assets of any such compartment. Unless otherwise provided for in the resolution of the board of directors of the Company creating such compartment, no resolution of the board of directors of the Company may amend the resolution creating such compartment or to directly affect the rights of the creditors and investors whose rights relate to such compartment without the prior approval of the creditors and investors whose rights relate to such compartment. Any decision of the board of directors taken in breach of this provision shall be void.

Without prejudice to what is stated in the precedent paragraph each compartment of the Company may be separately liquidated without such liquidation resulting in the liquidation of another compartment of the Company or of the Company itself.

If as of any payment date of the assets relating to a compartment (including a hedging agreement entered into by the Company in connection with a compartment) the total amount of monies received under the assets of that compartment exceeds the payments to be made by the Company under the same compartment, the board may use the excess amount to pay off the claims of those creditors of the Company whose claims cannot be allocated to a particular compartment.

The assets allocated to a compartment are exclusively available to (1) the investors in that compartment (the investors), (2) the creditors whose claims have arisen in connection with the creation, operation or liquidation of that compartment and who are provided for in the priority of payments provisions of the relevant issue documentation (the transaction creditors), (3) the creditors whose claims have arisen in connection with the creation, operation or liquidation of that compartment and who are not provided for in the priority of payments provisions of the relevant issue documentation (the compartment-specific claims creditors and, together with the transaction creditors, the creditors) and (4), subject to the provisions of the next following paragraph, the creditors whose claims have not arisen in connection with the creation, operation or liquidation of a compartment and who have not waived their recourse to the assets of any compartment of the Company (the non compartment-specific claims creditors).

The rights of the non compartment-specific claims creditors can be allocated by the Company by decision of the board, on a half year basis in arrear, to all the compartments, on an equal basis and pro rata temporis for compartments created within such half year, where the relevant issue documentation expressly authorises non compartment-specific claims creditors to have recourse against the assets allocated to such compartments. Such right of a non compartment-specific claims creditor against a compartment are hereinafter referred to as the pro rata rights.

The investors and the creditors acknowledge and accept that once all the assets allocated to the compartment under which they have invested or in respect of which their claims have arisen, have been realised, they are not entitled to take any further steps against the Company to recover any further sums due and the right to receive any such sum shall be extinguished. Each non compartment-specific claims creditor acknowledges and accepts that once all the assets allocated to a compartment in respect of which it has pro rata rights, have been realised, it is not entitled to take any further steps against the Company to recover such pro rata rights and the right to receive any sum in respect of the pro rata rights shall be extinguished.

The compartment-specific claims creditors and the non compartment-specific claims creditors expressly accept, and shall be deemed to have accepted by entering into contractual obligations with the Company, that priority of payment and waterfall provisions, limited recourse provisions and non-petition provisions will be included in the relevant issue documentations and they expressly accept, and shall be deemed to have accepted the consequences of such priority of payments and waterfall provisions, limited recourse provisions and non-petition provisions.

The rights of the shareholders of the Company are limited to the assets of the Company which are not allocated to a compartment.

With board resolution dated 10 March 2020 the Company created Compartment Private Driver UK 2020-1. With board resolution dated 15 April 2020, the Issuer authorised the transaction and the issuance of the Notes.

- 8.2 The amount of interest payable in respect of all Class A Notes on any Payment Date shall be calculated in the manner set out in Condition 8.3 by applying the Class A Notes Interest Rate for the relevant Interest Period pursuant to Condition 8.3 to the principal amount outstanding immediately prior to the relevant Payment Date and multiplying the result by the actual number of days in the relevant Interest Period divided by 365 and rounding the result to the nearest full penny, all as determined by the Interest Determination Agent (the "**Interest Determination Agent**").
- 8.3 The interest rate calculated pursuant to Condition 8.2 shall be the sum (subject to a floor of zero) of Compounded Daily SONIA plus the relevant margin as set out in the relevant Final Terms (the "**Margin**") per annum, provided that if Compounded Daily SONIA plus the Margin for the Class A Notes is less than zero, the Class A Notes Interest Rate will be deemed to be zero (the "**Class A Notes Interest Rate**").

- 8.5 Notwithstanding the provisions of these Conditions, in the event the Bank of England publishes guidance as to (i) how SONIA is to be determined or (ii) any rate that is to replace the SONIA Reference Rate, the Servicer in conjunction with the Issuer (and in consultation with the Class A and B Noteholders) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA, for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.
- 8.6 In the event that Compounded Daily SONIA cannot be determined in accordance with the foregoing provisions by the Interest Determination Agent, Compounded Daily SONIA shall be (i) that determined as at the last preceding Interest Determination Date or (ii) if there is no such preceding Interest Determination Date, the initial Compounded Daily SONIA which would have been applicable to the Class A Notes for the first Interest Period had the Class A Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the first Interest Payment Date.
- 8.7 On the occurrence of the events described in Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*) (the "**Relevant Time**"), the Issuer (acting on the advice of the Servicer) shall, without undue delay, use commercially reasonable endeavours to propose an Alternative Benchmark Rate in accordance with Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*) (the "**Relevant Condition**"). For the avoidance of doubt, if an Alternative Benchmark Rate proposed by or on behalf of the Issuer (including any Alternative Benchmark Rate which was proposed prior to the Relevant Time pursuant to the Relevant Condition) has failed to be implemented in accordance with the Relevant Condition as a result of Noteholder objections to the modification, the Issuer shall not be obliged to propose an Alternative Benchmark Rate under this Condition 8.
- 8.8 In these Conditions (except where otherwise defined), the expression:

"**London Banking Day**" means any day upon which banks are open for general banking business in London (excluding for the avoidance of doubt any bank holidays or a Saturday or a Sunday).

"**Compounded Daily SONIA**" means the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Interest Determination Agent as at the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

"**d**" is the number of calendar days in the relevant Interest Period;

"**d₀**" is the number of London Banking Days in the relevant Interest Period;

"**i**" is a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Period;

"**LBD**" means a London Banking Day;

"**n_i**", for any day "i", means the number of calendar days from and including such day "i" up to but excluding the following London Banking Day; and

8.9 Accrued Interest not paid on the Class A Notes on the Payment Date related to the Interest Period in which it accrued, will be an Interest Shortfall with respect to the Class A Notes and will constitute a Foreclosure Event if such Interest Shortfall continues for a period of five Business Days.

9. **Payment obligations; Agents**

9.1 On each Payment Date following the end of the Revolving Period, the Issuer shall, subject to Condition 5.3, pay to each holder of a Class A Note interest at the Class A Notes Interest Rate on the Series Nominal Amount outstanding immediately prior to the relevant Payment Date, and on each Payment Date the Class A Note qualifies as an Amortising Series of Class A Notes, the Class A Amortisation Amount applicable to such Series of Class A Notes in accordance with the Order of Priority. The record date shall be the close of the Business Day (in the ICSDs' city) prior to the relevant Payment Date.

9.2 Sums which are to be paid to the Class A Noteholders shall be rounded to the nearest full penny amount for each of the Class A Notes. The amount of such rounding down to the nearest full penny amount shall be used on the next following Payment Date and any surplus carried over to the following Payment Date. The Servicer shall be entitled to any amount resulting from rounding differences of less than GBP 500 remaining on the Class A Final Maturity Date (as defined below).

9.3 Payments of principal and interest, if any, on the Notes shall be made by the Paying Agent on the Issuer's behalf for further payment to Clearstream Luxembourg and Euroclear or to its order for credit to the relevant account holders of Euroclear and Clearstream Luxembourg. All Payments in respect of any Note made by, or on behalf of, the Issuer to, or to the order of Euroclear or Clearstream Luxembourg shall discharge the liability of the Issuer under such Note to the extent of sums so paid.

- 14.2 Subject to giving ten (10) Business Days prior notice to the Noteholders and the Rating Agencies, by publishing such notice with the Luxembourg Stock Exchange (www.bourse.lu), the Issuer will be entitled to amend any term or provision of the Conditions with the consent of the Security Trustee, but without the consent of any Noteholder, the Swap Counterparties, the Subordinated Lender, the Arranger, the Lead Manager or any other Person if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Programme to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards authorised under the Securitisation Regulation.

 - (b) the Issuer has provided the Transaction Creditors (including the Swap Counterparties) with at least 30 days' notice of the proposed modifications:
 - (i) to the Alternative Benchmark Rate which shall apply in respect of the Conditions and the Swap Agreement for the purposes of determining the floating amount payable by the floating rate payer in respect of the Swap Agreements without a requirement for the consent of the Swap Counterparties to such change in the benchmark rate; and
 - (ii) to such other related or consequential amendments to the Transaction Documents (including, if applicable, the Swap Agreements) as are necessary or advisable in the reasonable judgment of the Issuer to facilitate the Benchmark Rate Modification and the Issuer has obtained the consent of any other Transaction Creditors which are not Noteholders in accordance with the provisions of the Incorporated Terms Memorandum;
 - (c) the Seller pays all fees, costs and expenses incurred by the Issuer and the Security Trustee in connection with such Benchmark Rate Modification;

- (d) such Benchmark Rate Modification is being undertaken by the Servicer, on behalf of the Issuer, due to:

 - (ii) the insolvency or cessation of business of the SONIA Administrator (in circumstances where no successor SONIA administrator has been appointed);
 - (iii) a public statement or the publication of information by or on behalf of the SONIA Administrator announcing that it has ceased or will cease to provide SONIA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide SONIA with effect from a date no later than 6 months after the proposed effective date of such Benchmark Rate Modification;

 - (v) a public statement or publication of information by the regulatory supervisor of the SONIA Administrator, the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority that means SONIA may no longer be used or that its use is or will be subject to restrictions or adverse consequences from a date no later than 6 months after the proposed effective date of such Benchmark Rate Modification;
 - (vi) a change in generally accepted market practice in the publicly listed asset backed floating rate notes market to refer to a benchmark rate endorsed in a public statement by the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Rates, despite the continued existence of SONIA;
 - (vii) it becomes unlawful for the Paying Agent, the Issuer or the Interest Determination Agent to calculate any payments to be made to any Noteholder using SONIA;
 - (viii) the reasonable expectation of the Servicer that any of the events specified in subparagraphs (i), (ii) or (vii) above will occur or exist within six months of the proposed effective date of such Benchmark Rate Modification;
 - (ix) a Benchmark Rate Modification is being proposed pursuant to Condition 14.9, and
- (e) such Alternative Benchmark Rate is:
- (i) a benchmark rate published, endorsed, approved or recognised by the Bank of England, the Financial Conduct Authority or Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates (which, for the avoidance of doubt, may be an alternative benchmark rate together with a specified adjustment factor which may increase or decrease the relevant Alternative Benchmark Rate);

- (iii) a benchmark rate utilised in a publicly-listed new issue of Sterling denominated asset backed floating rate notes where the originator of the relevant assets is an Affiliate of VWFS; or
- (iv) such other benchmark rate as the Servicer reasonably determines provided that this option may only be used if the Servicer certifies to the Security Trustee that, in the reasonable opinion of the Servicer, conditions 13.3(e)(1) to (3) are not applicable and/or practicable in the context of the Transaction, and sets out the rationale in the Benchmark Rate Modification Certificate for choosing the Alternative Benchmark Rate;

14.4 The Servicer on the Issuer's behalf, shall (i) provide the Security Trustee with an initial draft of the Benchmark Rate Modification Certificate at least 30 calendar days prior to the date on which it is proposed that the Benchmark Rate Modification would take effect and (ii) provide the Security Trustee with a signed copy of the final Benchmark Rate Modification Certificate on the date on which the Benchmark Rate Modification shall take effect (the "**Benchmark Rate Modification Effective Date**").

- (e) confirmation that either:
 - (i) the Servicer, on behalf of the Issuer, has obtained from each of the Rating Agencies written confirmation (or certifies in the Benchmark Rate Modification Certificate that it has been unable to obtain written confirmation, but has received oral confirmation from an appropriately authorised person at each of the Rating Agencies) that the proposed Benchmark Rate Modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such Rating Agency and would not result in any Rating Agency or (y) placing any Class A Notes on rating watch negative (or equivalent) and, if relevant, delivers a copy of each such confirmation to the Issuer and the Security Trustee with the Benchmark Rate Modification Certificate; or
 - (ii) the Servicer on behalf of the Issuer certifies to the Security Trustee in the Benchmark Rate Modification Certificate that the Rating Agencies have been informed of the proposed modification and neither of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such

Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent).

- 14.6 If the Noteholders representing at least 10 per cent. of the Note Principal Amount Outstanding of the Class A Notes then outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within the notification period referred to above that such Noteholders do not consent to the Benchmark Rate Modification, then such Benchmark Rate Modification will not be made in respect of the Class A Notes unless all Class A Noteholders unanimously consent in favour of the Benchmark Rate Modification, in accordance with Part B of the German Debenture Act.
- 14.7 Other than where specifically provided in this Condition 14 or any Transaction Document, when implementing any modification pursuant to this Condition 14, the Security Trustee shall not consider the interests of the Noteholders, any other Transaction Creditors or any other person and shall act and rely solely and without further investigation, on any Benchmark Rate Modification Certificate or evidence provided to it by the Servicer on behalf of the Issuer or the relevant Transaction Party, as the case may be, pursuant to this Condition 14 and shall not be liable to the Class A Noteholders, any other Transaction Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.
- 14.8 Any Benchmark Rate Modification shall be binding on all the Class A Noteholders and shall be notified by the Servicer, on behalf of the Issuer, at least 10 Business Days prior to the Benchmark Rate Modification Effective Date to:
- (a) so long as any of the Class A Notes rated by the Rating Agencies remains outstanding, each Rating Agency;
 - (b) the Transaction Creditors (including, for the avoidance of doubt, the Swap Counterparties); and
 - (c) the Class A Noteholders in accordance with Condition 12 (*Notices*).
- 14.9 Following the making of a Benchmark Rate Modification, if it becomes generally accepted market practice in the publicly listed asset backed floating rate notes market to use a benchmark rate of interest which is different from the Alternative Benchmark Rate which had already been adopted by the Issuer in respect of the Class A Notes pursuant to a Benchmark Rate Modification, the Issuer is entitled to propose a further Benchmark Rate Modification pursuant to this Condition 14.

- 8.6 In the event that Compounded Daily SONIA cannot be determined in accordance with the foregoing provisions by the Interest Determination Agent, Compounded Daily SONIA shall be (i) that determined as at the last preceding Interest Determination Date or (ii) if there is no such preceding Interest Determination Date, the initial Compounded Daily SONIA which would have been applicable to the Class B Notes for the first Interest Period had the Class B Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the first Interest Payment Date.
- 8.7 On the occurrence of the events described in Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*) (the "**Relevant Time**"), the Issuer (acting on the advice of the Servicer) shall, without undue delay, use commercially reasonable endeavours to propose an Alternative Benchmark Rate in accordance with Condition 14 (*Amendments to the Conditions and Benchmark Rate Modification*) (the "**Relevant Condition**"). For the avoidance of doubt, if an Alternative Benchmark Rate proposed by or on behalf of the Issuer (including any Alternative Benchmark Rate which was proposed prior to the Relevant Time pursuant to the Relevant Condition) has failed to be implemented in accordance with the Relevant Condition as a result of Noteholder objections to the modification, the Issuer shall not be obliged to propose an Alternative Benchmark Rate under this Condition 8.
- 8.8 In these Conditions (except where otherwise defined), the expression:

"**London Banking Day**" means any day upon which banks are open for general banking business in London (excluding for the avoidance of doubt any bank holidays or a Saturday or a Sunday).

"**Compounded Daily SONIA**" means the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Interest Determination Agent as at the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**d₀**" is the number of London Banking Days in the relevant Interest Period;

"**i**" is a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Period;

"**LBD**" means a London Banking Day;

"**n_i**", for any day "i", means the number of calendar days from and including such day "i" up to but excluding the following London Banking Day; and

"**p**" means, for any Interest Period, 5 London Banking Days; and

"**SONIA_{i-pLBD}**" means, in respect of any London Banking Day falling in the relevant Interest Period, SONIA for the London Banking Day falling "p" London Banking Days prior to that Business Day "i".

- 8.9 Accrued Interest not paid on the Class B Notes on the Payment Date related to the Interest Period in which it accrued will be an "**Interest Shortfall**" with respect to the Class B Notes and will be

carried over to the next Payment Date and, if any Class A Note is still outstanding, will not constitute a Foreclosure Event as defined in clause 17.1 of the Trust Agreement

- 8.10 On each Payment Date, the Issuer shall, subject to Condition 5.3, pay to the Class B Noteholders interest at the Class B Notes Interest Rate on the nominal amount of the Class B Notes outstanding immediately prior to the respective Payment Date.

9. **Payment obligations; Agents**

- 9.1 On each Payment Date following the end of the Revolving Period, the Issuer shall, subject to Condition 5.3, pay to each holder of a Class B Note interest at the Class B Notes Interest Rate on the Series Nominal Amount outstanding immediately prior to the relevant Payment Date, and on each Payment Date the Class B Note qualifies as an Amortising Series of Class B Notes, the Class B Amortisation Amount applicable to such Series of Class B Notes in accordance with the Order of Priority. The record date shall be the close of the Business Day (in the ICSDs' city) prior to the relevant Payment Date.

- 9.2 Sums which are to be paid to the Class B Noteholders shall be rounded to the nearest full penny amount for each of the Class B Notes. The amount of such rounding down to the nearest full penny amount shall be used on the next following Payment Date and any surplus carried over to the following Payment Date. The Servicer shall be entitled to any amount resulting from rounding differences of less than GBP 500 remaining on the Class B Final Maturity Date (as defined below).

- 9.3 Payments of principal and interest, if any, on the Notes shall be made by the Paying Agent on the Issuer's behalf for further payment to Clearstream Luxembourg and Euroclear or to its order for credit to the relevant account holders of Euroclear and Clearstream Luxembourg. All Payments in respect of any Note made by, or on behalf of, the Issuer to, or to the order of Euroclear or Clearstream Luxembourg shall discharge the liability of the Issuer under such Note to the extent of sums so paid.

- 9.4 The first Payment Date for the Class B Notes shall be specified in the relevant Final Terms. The final payment of the then outstanding principal amount plus interest thereon is expected to take place on or before the Payment Date as set out in the relevant Final Terms (the "**Scheduled Repayment Date**").

- 9.5 Subject to the occurrence of an Enforcement Event, all payments of interest on and principal of the Class B Notes will be due and payable at the latest in full on the Final Maturity Date of the relevant Series of Class B Notes as set out in the relevant Final Terms (each a "**Final Maturity Date**").

- 9.6 Provided that the Noteholders have received a notice from the Issuer in accordance with Condition 12 substantially in the form set out in Schedule 1 to these Conditions no later than one month prior to the then current revolving period expiration date applicable to the relevant Series of Notes held by such Noteholder (as specified in the Final Terms or as previously extended, the "**Series Revolving Period Expiration Date**"), all of the holders of the relevant Series of Class B Notes, acting together collectively, shall have the right (but not the obligation) exercisable by written notice to the Principal Paying Agent, the Registrar, the Security Trustee and the Issuer (in the form of Schedule 2) to these Conditions to be received not later than on the tenth Business Day immediately preceding the then current Series Revolving Period Expiration Date to request:

- (a) the extension of the Series Revolving Period Expiration Date for a period specified in the relevant notice;
- (b) an amendment to the Margin; and
- (c) the extension of the Final Maturity Date for a period to be specified in the relevant notice, which shall be equal to the period specified in such notice for the extension of the Series Revolving Period Expiration Date.

- 9.7 Any amendments so requested shall become effective only if (A) (i) the Issuer has received confirmation from the Rating Agencies that the rating of the Class B Notes (to the extent rated) will not be affected by such amendments, or (ii) the Rating Agencies have confirmed that the

assignment of new ratings are not lower than the rating for the then outstanding Class B Notes before the Series Revolving Period Expiration Date was extended, or, as applicable, the Issuer has received a new rating confirmation stating the same rating as the Class B Notes prior to the amendments; and (B) by no later than the third Business Day prior to the then current Series Revolving Period Expiration Date, the Issuer has confirmed by notice to the holders of the Class B Notes in the form prescribed by Condition 12 that it has received such confirmation and that it agrees to the requested amendments; and (C) that the Issuer had arranged sufficient interest hedging for the amended Series Revolving Period Expiration Date.

- 9.8 The Issuer shall procure that the amendments that have become effective in accordance with these provisions will be notified to the Principal Paying Agent for further communication to the Common Depository for Euroclear and Clearstream, Luxembourg immediately after the notice from the holders of the Class B Notes specified under (c) in the previous paragraph has been given. In case one of the Registered Holder of a Series of Class B Note does extend its Series Revolving Period Expiration Date, Scheduled Repayment Date and Final Maturity Date, the Final Maturity Date for all Class B Notes outstanding will automatically be extended by one year in order to align all Final Maturity Dates.
- 9.9 Payments by the Paying Agent, which may also include a substitute or alternative paying agent pursuant to Condition 9.10, shall be made from the Issuer's Accounts with Elavon Financial Services DAC (the "**Account Bank**") without having to execute an affidavit or fulfil any formalities other than the compliance with tax, currency exchange or other regulations of the country where the payment takes place. The Issuer is entitled to transfer paid-in amounts to the Account Bank prior to the Payment Date and leave with the Account Bank any amounts not claimed by the Noteholders upon maturity.
- 9.10 Elavon Financial Services DAC in its capacity as the Paying Agent, the Interest Determination Agent and the Registrar, shall act solely as the agent of the Issuer and shall not maintain an agency or trust relationship with the holders of the Class A Notes. The Issuer may appoint a new registrar, a new paying agent and/or a new interest determination agent, or if there are grounds to do so, appoint an alternative registrar, paying agent and/or an alternative interest determination agent and revoke the appointment of the Registrar, Paying Agent and/or the Interest Determination Agent. Appointments and revocations thereof shall be announced pursuant to Condition 12. The Issuer will ensure that during the term of the Notes and as long as the Notes are listed on the official list and admitted to trading on the regulated market of the Luxembourg Stock Exchange a paying agent will be appointed at all times and that it will be released from the restrictions of § 181 of the German Civil Code (*Bürgerliches Gesetzbuch*).

10. **Taxes**

Payments shall only be made after the deduction and withholding of current or future taxes, levies or government charges, regardless of their nature, which are imposed, raised or collected (hereinafter collectively referred to as "taxes") on the basis of the applicable laws of, or for the account of, an authority or government agency authorised to levy taxes or of any country which claims fiscal jurisdiction, to the extent that such a collection is prescribed by applicable law (or pursuant to FATCA). The Issuer shall render an account of the deducted or withheld taxes accruing to the competent government agencies and shall, upon a Class B Noteholder's request, provide proof thereof. It is not obliged to pay any additional amounts as a result of the deduction or withholding.

11. **Replacement of Issuer**

- 11.1 The Issuer is at any time entitled to appoint another company (the "**New Issuer**") in place of the Issuer as debtor for all obligations arising from and in connection with the Notes insofar as (i) the New Issuer assumes all rights and duties of the Issuer under or pursuant to the Class A Notes, the Class B Notes and any other Transaction Documents by means of an agreement with the Issuer; provided further, the Security is, upon the Issuer's replacement, to be held by the Security Trustee for the purpose of securing the obligations of the New Issuer, (ii) no further expenses or legal disadvantages of any kind arise for the Class A Noteholders, the Class B Noteholders or the Subordinated Lender of the Subordinated Loan Agreement from such an assumption of debt and

this fact has been established in legal opinions which can be examined at the premises of the Paying Agent, (iii) the New Issuer provides proof that it has obtained all of the necessary governmental approvals in the country in which it has its corporate seat and that it may fulfil all of the duties arising out of or in connection with the Trust Agreement without discrimination against the Noteholders or the Subordinated Lender of the Subordinated Loan Agreement as a whole, (iv) the Issuer and the New Issuer conclude such agreements and execute such documents which the Security Trustee considers necessary for the effectiveness of the replacement, and (v) the New Issuer is incorporated under a tax neutral jurisdiction. Upon fulfilment of the aforementioned conditions, the New Issuer shall in every respect replace the Issuer, and the Issuer shall be released from all obligations relating to the function of an issuer vis-à-vis the Class A Noteholders under or in connection with the Class A Notes, the Class B Noteholders under or in connection with the Class B Notes and the Subordinated Lender under or in connection with the Subordinated Loan Agreement.

11.2 Such replacement of the Issuer must be published in accordance with Condition 12.

11.3 In the event of such replacement of the Issuer, each reference to the Issuer in these Conditions of the Class B Notes shall be deemed to be a reference to the New Issuer.

12. **Notices**

12.1 Notices to the Noteholders will be validly given if transmitted individually to the address set out in the Register for such Noteholder.

12.2 As long as the Global Note is registered in the Name of the Registered Holder notices to Noteholders may be validly given if transmitted to Euroclear and Clearstream Luxembourg for further communication to the persons shown as holders of the Notes in their records. Any notice so given shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream Luxembourg.

12.3 In addition, as long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of such exchange so require, all notices to the Noteholders regarding the Notes shall be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). Any notice referred to above shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was published on the website of the Luxembourg Stock Exchange (www.bourse.lu). Should an official listing be absent, then such notices shall be published in the German Federal Gazette (Bundesanzeiger).

12.4 Additionally, investor reports with the information set forth in Condition 6 will be made available to the Noteholders via the website of Volkswagen Financial Services AG (<https://www.vwfs.com/investor-relations/volkswagen-leasing-gmbh/refinancing.html#>). The Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

13. **Miscellaneous**

13.1 The form and content of the Class B Notes and all of the rights and obligations of the Class B Noteholders, the Issuer, the Paying Agent, the Registrar and the Servicer under these Class B Notes shall be governed by and subject in all respects to the laws of Germany.

13.2 Should any of the provisions hereof be or become invalid in whole or in part, the other provisions shall remain in force.

13.3 The place of performance and venue for legal proceedings is Frankfurt am Main, Germany. The German courts have jurisdiction for the annulment of the Global Note in the event of loss or destruction.

13.4 For any legal proceedings brought in connection with these Conditions of the Notes which have been initiated against the Issuer in a court of Germany, the Issuer grants Intertrust (Deutschland) GmbH, Eschersheimer Landstraße 14, 60322 Frankfurt am Main, Germany, the authority to accept service of process. The Issuer undertakes to maintain an agent for accepting such service in Germany for as long as any of the Notes are outstanding.

13.5 The Class B Noteholders may agree to amendments of the Conditions applicable to Class B Notes by majority vote and may appoint a noteholder's representative (*gemeinsamer Vertreter*) for all Class B Noteholders for the preservation of their rights (§ 5, paragraph (1) sentence 1 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*)).

14. Amendments to Conditions and Benchmark Rate Modification

14.1 Save for purposes of complying with the Securitisation Regulation in accordance with Condition 14.2 or in respect of a Benchmark Rate Modification undertaken in accordance with Condition 14.3 below, the Conditions of the Class B Notes may only be modified through contractual agreement to be concluded between the Issuer and all Class B Noteholders as provided for in Sec. 4 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*) with a prior notification to the Rating Agencies or by a Noteholder's resolution adopted with unanimous consent of the Noteholders of the Class B Notes pursuant to Sections 5 to 22 of the aforementioned act.

14.2 Subject to giving ten (10) Business Days prior notice to the Noteholders and the Rating Agencies, by publishing such notice with the Luxembourg Stock Exchange (www.bourse.lu), the Issuer will be entitled to amend any term or provision of the Conditions with the consent of the Security Trustee, but without the consent of any Noteholder, the Swap Counterparties, the Subordinated Lender, the Arranger, the Lead Manager or any other Person if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Programme to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards authorised under the Securitisation Regulation.

14.3 The Servicer, on behalf of the Issuer, has the right to amend these Conditions and any Transaction Document for the purpose of changing the benchmark rate in respect of the Notes from Compounded Daily SONIA to an alternative benchmark rate (any such rate, an "**Alternative Benchmark Rate**") (which rate shall apply for the purposes of determining the floating amount payable by the floating rate payer in respect of the Swap Agreements without a requirement for the consent of the relevant Swap Counterparty to such change in the benchmark rate) and making such other related or consequential amendments to the Transaction Documents as are necessary or advisable in the reasonable judgment of the Issuer to facilitate the changes envisaged pursuant to this Condition 14 (a "**Benchmark Rate Modification**"), provided that in relation to any amendment under this Condition 14 the Servicer, on behalf of the Issuer, certifies to the Security Trustee in writing (such certificate, a "**Benchmark Rate Modification Certificate**") that:

- (a) the Issuer has provided at least 30 days' notice to the Class B Noteholders of the proposed modification in accordance with Condition 12 (*Notices*), and the Noteholders representing at least 10 per cent. of the Note Principal Amount Outstanding of the Class B Notes have not contacted the Security Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Security Trustee that such Noteholders do not consent to the modification;
- (b) the Issuer has provided the Transaction Creditors (including the Swap Counterparties) with at least 30 days' notice of the proposed modifications:
 - (i) to the Alternative Benchmark Rate which shall apply in respect of the Conditions and the Swap Agreement for the purposes of determining the floating amount payable by the floating rate payer in respect of the Swap Agreements without a requirement for the consent of the Swap Counterparties to such change in the benchmark rate; and
 - (ii) to such other related or consequential amendments to the Transaction Documents (including, if applicable, the Swap Agreements) as are necessary or advisable in the reasonable judgment of the Issuer to facilitate the Benchmark Rate Modification and the Issuer has obtained the consent of any other Transaction

Creditors which are not Noteholders in accordance with the provisions of the Incorporated Terms Memorandum;

- (c) the Seller pays all fees, costs and expenses incurred by the Issuer and the Security Trustee in connection with such Benchmark Rate Modification;
- (d) such Benchmark Rate Modification is being undertaken by the Servicer, on behalf of the Issuer, due to:
 - (i) a material disruption to SONIA, a material adverse change in the methodology of calculating SONIA or SONIA ceasing to exist or be published or the Administrator of SONIA having used a fallback methodology for calculating SONIA for a period of at least 30 calendar days;
 - (ii) the insolvency or cessation of business of the SONIA Administrator (in circumstances where no successor SONIA administrator has been appointed);
 - (iii) a public statement or the publication of information by or on behalf of the SONIA Administrator announcing that it has ceased or will cease to provide SONIA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide SONIA with effect from a date no later than 6 months after the proposed effective date of such Benchmark Rate Modification;
 - (iv) a public statement or publication of information by the regulatory supervisor of the SONIA Administrator, the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority, an Insolvency Official with jurisdiction over the SONIA Administrator, or a court or entity with similar insolvency or resolution authority over the Administrator for SONIA, which states that the SONIA Administrator has ceased or will cease to provide SONIA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide SONIA with effect from a date no later than 6 months after the proposed effective date of such Benchmark Rate Modification;
 - (v) a public statement or publication of information by the regulatory supervisor of the SONIA Administrator, the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority that means SONIA may no longer be used or that its use is or will be subject to restrictions or adverse consequences from a date no later than 6 months after the proposed effective date of such Benchmark Rate Modification;
 - (vi) a change in generally accepted market practice in the publicly listed asset backed floating rate notes market to refer to a benchmark rate endorsed in a public statement by the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Rates, despite the continued existence of SONIA;
 - (vii) it becomes unlawful for the Paying Agent, the Issuer or the Interest Determination Agent to calculate any payments to be made to any Noteholder using SONIA;
 - (viii) the reasonable expectation of the Servicer that any of the events specified in subparagraphs (i), (ii) or (vii) above will occur or exist within six months of the proposed effective date of such Benchmark Rate Modification;
 - (ix) a Benchmark Rate Modification is being proposed pursuant to Condition 14.9, and
- (e) such Alternative Benchmark Rate is:

- (i) a benchmark rate published, endorsed, approved or recognised by the Bank of England, the Financial Conduct Authority or Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates (which, for the avoidance of doubt, may be an alternative benchmark rate together with a specified adjustment factor which may increase or decrease the relevant Alternative Benchmark Rate);
- (ii) a benchmark rate utilised in a material number of publicly-listed new issues of Sterling denominated asset backed floating rate notes prior to the effective date of such Benchmark Rate Modification;
- (iii) a benchmark rate utilised in a publicly-listed new issue of Sterling denominated asset backed floating rate notes where the originator of the relevant assets is an Affiliate of VWFS; or
- (iv) such other benchmark rate as the Servicer reasonably determines provided that this option may only be used if the Servicer certifies to the Security Trustee that, in the reasonable opinion of the Servicer, conditions 13.3(e)(1) to (3) are not applicable and/or practicable in the context of the Transaction, and sets out the rationale in the Benchmark Rate Modification Certificate for choosing the Alternative Benchmark Rate;

14.4 The Servicer on the Issuer's behalf, shall (i) provide the Security Trustee with an initial draft of the Benchmark Rate Modification Certificate at least 30 calendar days prior to the date on which it is proposed that the Benchmark Rate Modification would take effect and (ii) provide the Security Trustee with a signed copy of the final Benchmark Rate Modification Certificate on the date on which the Benchmark Rate Modification shall take effect (the "**Benchmark Rate Modification Effective Date**").

14.5 The Servicer, on behalf of the Issuer, shall provide at least 30 days' notice to the Class A Noteholders of the proposed modification in accordance with Condition 12 (*Notices*) (the "**Benchmark Rate Modification Noteholder Notice**"). The Benchmark Rate Modification Noteholder Notice shall include the following:

- (a) details of how the Noteholders representing at least 10 per cent. of the Note Principal Amount Outstanding of the Class B Notes then outstanding may object to the proposed Benchmark Rate Modification;
- (b) confirmation of the sub-paragraph(s) of Condition 14.3(d) under which the Benchmark Rate Modification is being proposed;
- (c) confirmation of the Alternative Benchmark Rate and, where Condition 14.3(e)(4) is being applied, the rationale for choosing the proposed Alternative Benchmark Rate;
- (d) details of any consequential modifications that the Issuer has agreed will be made to the Swap Agreements to which it is a party (if any) for the purpose of aligning the Swap Agreements with the proposed Benchmark Rate Modification, if the proposed Benchmark Rate Modification takes effect;
- (e) confirmation that either:
 - (i) the Servicer, on behalf of the Issuer, has obtained from each of the Rating Agencies written confirmation (or certifies in the Benchmark Rate Modification Certificate that it has been unable to obtain written confirmation, but has received oral confirmation from an appropriately authorised person at each of the Rating Agencies) that the proposed Benchmark Rate Modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class B Notes by such Rating Agency and would not result in any Rating Agency or (y) placing any Class B Notes on rating watch negative (or equivalent) and, if

relevant, delivers a copy of each such confirmation to the Issuer and the Security Trustee with the Benchmark Rate Modification Certificate; or

- (ii) the Servicer on behalf of the Issuer certifies to the Security Trustee in the Benchmark Rate Modification Certificate that the Rating Agencies have been informed of the proposed modification and neither of the Rating Agencies has indicated that such modification would result in or (x) such Rating Agency placing any Notes on rating watch negative (or equivalent).

- 14.6 If the Noteholders representing at least 10 per cent. of the Note Principal Amount Outstanding of the Class B Notes then outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within the notification period referred to above that such Noteholders do not consent to the Benchmark Rate Modification, then such Benchmark Rate Modification will not be made in respect of the Class A Notes unless all Class B Noteholders unanimously consent in favour of the Benchmark Rate Modification, in accordance with Part B of the German Debenture Act.
- 14.7 Other than where specifically provided in this Condition 14 or any Transaction Document, when implementing any modification pursuant to this Condition 14, the Security Trustee shall not consider the interests of the Noteholders, any other Transaction Creditors or any other person and shall act and rely solely and without further investigation, on any Benchmark Rate Modification Certificate or evidence provided to it by the Servicer on behalf of the Issuer or the relevant Transaction Party, as the case may be, pursuant to this Condition 14 and shall not be liable to the Class B Noteholders, any other Transaction Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.
- 14.8 Any Benchmark Rate Modification shall be binding on all the Class B Noteholders and shall be notified by the Servicer, on behalf of the Issuer, at least 10 Business Days prior to the Benchmark Rate Modification Effective Date to:
- (a) the Transaction Creditors (including, for the avoidance of doubt, the Swap Counterparties); and
 - (b) the Class B Noteholders in accordance with Condition 12 (*Notices*).
- 14.9 Following the making of a Benchmark Rate Modification, if it becomes generally accepted market practice in the publicly listed asset backed floating rate notes market to use a benchmark rate of interest which is different from the Alternative Benchmark Rate which had already been adopted by the Issuer in respect of the Class B Notes pursuant to a Benchmark Rate Modification, the Issuer is entitled to propose a further Benchmark Rate Modification pursuant to this Condition 14.

1.1 Definitions

- (a) Unless otherwise defined herein or the context requires otherwise, capitalised terms used in this Agreement shall have the meanings ascribed to them in clause 1 of the Master Definitions Schedule (the "**Master Definitions Schedule**") of the Incorporated Terms Memorandum dated on or about 27 April 2020, as amended from time to time and as amended and signed by the each of the Transaction Parties for purposes of identification (the "**Incorporated Terms Memorandum**"). The terms of the Incorporated Terms Memorandum are hereby expressly incorporated into this Agreement by reference.
- (b) In the event of any conflict between the Incorporated Terms Memorandum and this Agreement, this Agreement shall prevail.

1.2 Interpretation

Terms in this Agreement, except where otherwise stated or where the context otherwise requires, shall be interpreted in the same way as set forth in clause 2 of the Master Definitions Schedule.

1.3 Common Terms

(a) Incorporation of Common Terms

Except as provided below, the Common Terms apply to this Agreement and shall be binding on the Transaction Parties to this Agreement as if set out in full in this Agreement.

(b) Common Terms

In the event of any conflict between the provisions of the Common Terms and the provisions of this Agreement, the provisions of this Agreement shall prevail, subject always to compliance with clause 10 (*Non-Petition and Limited Recourse*) of the Common Terms.

(c) Governing law and jurisdiction

This Agreement and all matters (including non-contractual duties and claims) arising from or connected with it shall be governed by German law in accordance with clause 14 (*Governing Law*) of the Common Terms. Clause 15 (*Jurisdiction*) of the Common Terms applies to this Agreement as if set out in full in this Agreement.

2. Duties of the Security Trustee

This Agreement establishes the rights and obligations of the Security Trustee to carry out the tasks assigned to it in this Agreement. Unless otherwise set forth in this Agreement, the Security Trustee is not obliged to supervise the discharge of the payment and other obligations of the Issuer arising from the Funding and the Transaction Documents or to carry out duties which are the responsibility of the management of the Issuer.

3. Position of the Security Trustee in relation to the Transaction Creditors

- 3.1 The Security Trustee carries out the duties specified in this Agreement as a trustee for the benefit of the Transaction Creditors. The Security Trustee shall exercise its duties hereunder with particular regard to the interests of the Transaction Creditors, giving priority to the interests of each

Transaction Creditor in accordance with the Order of Priority, especially to the interests of the Noteholders.

- 3.2 This Agreement grants all Transaction Creditors the right to demand that the Security Trustee performs its duties under clause 2 (*Duties of the Security Trustee*) and all its other duties hereunder in accordance with this Agreement, and therefore this Agreement constitutes in favour of the Transaction Creditors that are not (validly) parties to this Agreement (in particular the Noteholders) a contract for the benefit of a third party pursuant to section 328 (*echter Vertrag zugunsten Dritter*) of the German Civil Code. The rights of the Issuer pursuant to clause 4.3 (*Position of the Security Trustee in Relation to the Issuer*) shall not be affected.

4. **Position of the Security Trustee in relation to the Issuer**

- 4.1 With respect to the Security, the Security Trustee is legally a secured party (*Sicherungsnehmer*) in relation to the Issuer. Accordingly, to the extent that any rights and claims are assigned by the Issuer to the Security Trustee for security purposes in accordance with clause 5 (*Assignment for Security Purposes*), in insolvency proceedings on the Security Trustee's estate, such rights would be segregated (*Aussonderungsrecht*) as assets of the Issuer held in trust.

- 4.2 The Issuer hereby grants the Security Trustee a separate trustee claim (the "**Trustee Claim**"), entitling the Security Trustee to demand from the Issuer:

- (a) that any present or future obligation of the Issuer in relation to the Noteholders be fulfilled;
- (b) that any present or future obligation of the Issuer in relation to a Transaction Creditor of the Transaction Documents be fulfilled; and
- (c) (if the Issuer is in default in respect of any Secured Obligation(s) and insolvency proceedings have not been instituted against the estate of the Security Trustee) that any payment owed under the respective Secured Obligation will be made to the Security Trustee for onward payment to the Transaction Creditors and discharge the Issuer's obligation accordingly.

The right of the Issuer to make payments to the respective Transaction Creditor shall remain unaffected. The Trustee Claim in whole or in part may be enforced separately from the relevant Transaction Creditor's claim related thereto. In the case of a payment pursuant to clause 4.2(c) hereof, the Issuer shall have a claim against the Security Trustee for onward payment to the respective Transaction Creditors.

- 4.3 The obligations of the Security Trustee under this Agreement are owed exclusively to the Transaction Creditors, except for the obligations and declarations of the Security Trustee to the Issuer pursuant to clause 4.1, the last sentence of clause 4.2, clause 11, clause 32 and clauses 38 through 39 hereof.

5. **Assignment for Security purposes**

- 5.1 The Issuer hereby assigns to the Security Trustee for security purposes (*Sicherungsabtretung*) all its claims and other rights arising from the German Transaction Documents (with the exception of claims and other rights arising from this Agreement, but including the rights to unilaterally alter a legal relationship (*unselbständige Gestaltungsrechte*)) and from all present and future German law contracts the Issuer has entered into or may enter into in connection with the Notes, the Subordinated Loan, the Swap Agreements or the Receivables. The Security Trustee hereby accepts such assignments.

- 5.2 The assignments for security purposes pursuant to clause 5.1 are subject to the condition precedent that the German Transaction Documents (for the avoidance of doubt excluding this Agreement) are signed.

- 5.3 If an express or implied current account relationship exists or is later established between the Issuer and a third party, the Issuer hereby assigns to the Security Trustee - without prejudice to the generality of the provisions in clause 5.1 - the right to receive a periodic account statement and the

right to payment of present or future balances (including a final net balance determined upon the institution of any insolvency proceedings according to the Applicable Insolvency Law regarding the estate of Driver UK Multi-Compartment S.A.), as well as the right to terminate the current account relationship and to the determination and payment of the closing net balance upon termination.

6. **Pledge**

The Issuer hereby pledges to the Security Trustee all its present and future claims against the Security Trustee arising under this Agreement. The Issuer hereby gives notice to the Security Trustee of such pledge and the Security Trustee hereby confirms the receipt of such notice.

7. **Security Purpose**

The assignment for security purposes pursuant to clauses 5.1 and 5.2 and the pledge pursuant to clause 6 (*Pledge*) serve to secure the Trustee Claim. In addition, the assignment pursuant to clauses 5.1 and 5.2 is made for the purpose of securing the rights of the Transaction Creditors against the Issuer arising under the Funding and the Transaction Documents and any potential obligations on the grounds of any invalidity or unenforceability of any Funding or any Transaction Documents, in particular claims on the grounds of unjustified enrichment (*ungerechtfertigte Bereicherung*).

8. **Authority to collect; assumption of obligations; further assignment**

8.1 The Issuer is authorised to collect, to have collected, to realise and to have realised in the ordinary course of its business or otherwise to use, the rights assigned for security purposes pursuant to clause 5 (*Assignment for Security Purposes*) and the rights pledged pursuant to clause 6 (*Pledge*) and to exercise or have exercised the unilateral rights (*Gestaltungsrechte*) pertaining to such rights and the rights and assets assigned for security purposes pursuant to the Deed of Charge and Assignment and the Assignment in Security.

8.2 The authority provided in clause 8.1 above is deemed to be granted only to the extent that all obligations of the Issuer are fulfilled in accordance with the Order of Priority prior to a Foreclosure Event. The authority may be revoked by the Security Trustee if this is necessary in the opinion of the Security Trustee to avoid endangering the Security or their value. The authority shall automatically terminate upon the occurrence of a Foreclosure Event pursuant to clause 17 (*Foreclosure on the Security; Foreclosure Event*) hereof.

8.3 The Security Trustee shall, in its relationship to the Issuer and to the Seller, comply with the continuing duties of care of the Issuer arising from the Receivables Purchase Agreement and the Servicing Agreement (including the treatment of the transfer to the Issuer as an equitable assignment). Such continuing duties shall not include, in particular, the payment obligations of the Issuer (i) pursuant to clause 3 (*Sale of the Initial Receivables*) and clause 4 (*Sales of Additional Receivables*) of the Receivables Purchase Agreement, or (ii) as compensation for damages.

8.4

(a) The Security Trustee is authorised to assign the Security assigned in accordance with clause 5 (*Assignment for Security purposes*) for security purposes:

- (i) in the event the Security Trustee is replaced and all Security is assigned to a new security trustee (the "**New Security Trustee**"); or
- (ii) upon occurrence of a Foreclosure Event pursuant to clause 17 (*Foreclosure on the Security; Foreclosure Event*) hereof; or
- (iii) as long as Volkswagen Financial Services (UK) Limited is the Servicer, Volkswagen Financial Services (UK) Limited has given its consent to such assignment or if it unreasonably withholds its consent; such a withholding of consent shall as a rule be considered unreasonable if a transfer does not affect the interests of the Seller, the Obligors or the Issuer and the Transaction Creditors risk substantial disadvantages without such a transfer.

- (b) In the case of an assignment pursuant to clause 8.4(a)(i) above, the Security Trustee shall be obliged to agree with the respective transferee that the transferee shall assume the obligations of Security Trustee pursuant to clause 8.3 above.

9. Representation of the Issuer

9.1 The Issuer represents to the Security Trustee that:

- (a) the Security granted hereunder has not already been assigned, pledged or otherwise encumbered to a third party by the Issuer; and
- (b) the Issuer has not established any third-party rights on or in connection with the Security.

9.2 The Issuer shall pay damages pursuant to section 280(1) in connection with section 280(3) (*Schadensersatz statt der Leistung*) of the German Civil Code if the legal existence of the Security transferred for security purposes in accordance with this Agreement is invalid as a consequence of an action by the Issuer contrary to clause 9.1 above.

10. Representations of the Security Trustee

The Security Trustee represents and warrants to the Issuer:

- (a) that it is legally competent and in a position to perform the duties assigned to it in this Agreement in accordance with the provisions of this Agreement; and
- (b) it has and will continue to have its centre of main interests (as that term is used in Article 3(l) of the EU Insolvency Regulation) in Germany and has not and will not have an establishment (being a place of operations where a company carries out non-transitory economic activity within human means and assets and as that term is used in Article 2(10) of the EU Insolvency Regulation outside of Germany.

11. Release of Security

11.1 As soon as the Issuer has fully and finally discharged all obligations secured by this Agreement, the Security Trustee shall promptly retransfer any remaining Security transferred to it under this Agreement and that it still holds at such time to or to the order of the Issuer. The Security Trustee undertakes to notify each shareholder of the Issuer of the full satisfaction of all obligations secured hereunder and of the retransfer of the Security. For the purpose of release, the Security Trustee may rely on evidence which shows that all moneys necessary for the satisfaction of the obligations secured by this Agreement have been transferred to the Paying Agent who then forwarded the proceeds. A confirmation of the Paying Agent will be sufficient evidence for the purpose of the preceding sentence.

11.2 Subject to the provisions in the Transaction Documents, as soon as the Security has been released, the Transaction and all Transaction Documents shall automatically terminate.

12. Acceptance, safekeeping and review of documents; notification of the Issuer

12.1 The Security Trustee shall accept the documents which are delivered to it in connection with the reporting of the Seller pursuant to clause 3 (*Sale of the Initial Receivables*), clause 4 (*Sales of Additional Receivables*) and clause 10 (*Repurchase*) of the Receivables Purchase Agreement and paragraph 2.17 (*Reporting duties and duties under the Swap Agreements*) of Schedule 1 (*Services to be provided by the Servicer*) of the Servicing Agreement and shall:

- (a) keep such documents for one year after the termination of this Agreement and, at the discretion of the Issuer, thereafter either destroy such documents or deliver the same to the Issuer or to the Seller; or
- (b) forward the documents to the New Security Trustee if the Security Trustee is replaced in accordance with clauses 30 (*Termination by the Security Trustee for Good Cause*) through 32 (*Transfer of Security; Costs; Publication*) of this Agreement.

12.2 The Security Trustee shall to a reasonable extent check the conformity of the documents provided to it in accordance with paragraph 2.17 (*Reporting Duties and duties under the Swap Agreements*) of Schedule 1 (*Services to be provided by the Servicer*) of the Servicing Agreement without being obliged to recalculate the figures. If this does not reveal any indication of a breach of duties or any risk for the Security, the Security Trustee is not obliged to examine such documents any further. If, on the basis of such checks, the Security Trustee comes to the conclusion that a Transaction Creditor is not properly fulfilling its obligations under a Transaction Document, the Security Trustee shall promptly inform the directors of the Issuer thereof. The right of the Security Trustee to obtain additional information from the Seller shall not be affected hereby.

13. **Accounts**

13.1 The terms of the Accounts are set out in the Account Agreement. Should the Account Bank cease to have the Account Bank Required Rating or fails to maintain an Account Bank Required Guarantee, Account Bank shall use all endeavours within its control during the remedy period as specified by the relevant Rating Agency which on the date of this Base Prospectus is sixty (60) calendar days for Fitch and thirty (30) calendar days for Creditreform to assist the Issuer to, and the Issuer shall: (i) transfer the Accounts held with it to an Eligible Collateral Bank or (ii) find an irrevocable and unconditional guarantor providing the Account Bank Required Guarantee. If within this remedy period none of the measures set out under (i) through (ii) above is taken, the Issuer shall terminate the Account Agreement, provided that such termination shall not take effect until the transition of the Issuer's banking arrangements has been completed. The outgoing Account Bank shall, in case of a termination, reimburse (on a pro rata basis) to the Issuer any up-front fees paid by the Issuer for periods after the date on which the substitution of the Account Bank is taking effect. In case of a termination as a result of the Account Bank failing to maintain an Account Bank Required Guarantee or if its short-term or long-term ratings fall below the Account Bank Required Rating, the outgoing Account Bank shall reimburse the Issuer for the costs (including legal costs and administration costs) or pay any costs incurred for the purpose of appointing a Successor Bank up to an amount of GBP 15,000 (the "**Account Bank Replacement Cost**"). For the avoidance of doubt, such Account Bank Replacement Cost shall cover any and all replacement costs incurred in respect of a replacement of Elavon Financial Services DAC, U.K. Branch as Account Bank and U.S. Bank Global Corporate Trust Limited as Cash Administrator.

13.2 Should one of the Accounts be terminated either by the Account Bank or by the Issuer, the Issuer shall promptly inform the Security Trustee of such termination. The Issuer shall, together with the Security Trustee, open an account, on conditions as close as possible to those previously received with the Successor Bank, which has at least the Account Bank Required Ratings or has an Account Bank Required Guarantee. The Issuer shall conclude a new Account Agreement with the Successor Bank as counterparty, and with the consent of the Security Trustee the new Account Agreement shall include a provision in which the Successor Bank undertakes to promptly notify the other contract parties of any drop in its rating.

13.3 Should one of the Accounts be opened with a Successor Bank, and the Issuer or the Security Trustee receives a notice pursuant to clause 13.1 above, then within the remedy period as specified by the relevant Rating Agency which on the date of this Base Prospectus is sixty (60) calendar days for Fitch and thirty (30) calendar days for Creditreform after the Account Bank cease to have the Account Bank Required Rating or fails to maintain an Account Bank Required Guarantee, the Security Trustee shall open the relevant Issuer account with another Successor Bank in accordance with the procedure laid out in clause 13.2 above on behalf of the Issuer and terminate the relevant Issuer account with the previous Successor Bank.

13.4 For the avoidance of doubt, in case one of the Accounts is at any time held with a Successor Bank, and the Issuer or the Security Trustee receives a notice pursuant to clause 13.1 above with regard to the Successor Bank, then the procedure laid out in clauses 13.2 and 13.3 shall also apply for such Successor Bank.

14. **Actions of the Issuer requiring Consent**

If the Issuer requests that the Security Trustee grant its consent as required pursuant to clause 37 (*Negative Undertakings*), the Security Trustee may grant or withhold the requested consent at its

discretion, taking into account the reasonable interests of the Transaction Creditors in accordance with clause 3.1 hereof.

15. Breach of obligations by the Issuer

- 15.1 If the Security Trustee in the course of its activities becomes aware that the existence or the value of the Security is at risk due to any failure of the Issuer to properly comply with its obligations under this Agreement, the Security Trustee shall, subject to the provisions in clause 15.2 below, deliver a notice to the Issuer in reasonable detail of such failure (with a copy to the Servicer) and, if the Issuer does not remedy such failure within 90 days after the delivery of such notice, the Security Trustee shall at its discretion take or induce all actions which in the opinion of the Security Trustee are warranted to avoid such threat. To the extent that the Issuer does not comply with its obligations pursuant to clause 35 (*Undertakings of the Issuer in Respect of the Security*) hereof in respect of the Security and does not remedy such failure within the ninety (90) day period after the notice set forth above, the Security Trustee is in particular authorised and obliged to exercise all rights arising under the Transaction Documents on behalf of the Issuer.
- 15.2 The Security Trustee shall only intervene in accordance with clause 15.1 above if and to the extent that it is assured that it will be indemnified to its satisfaction, at its discretion either by reimbursement of costs or in any other way it deems appropriate, against all costs and expenses resulting from its activities (including fees for retaining counsel, banks, auditors, or other experts as well as the expenses for retaining third parties to perform certain duties) and against all liability, obligations, and attempts to bring any action in or out of court. Clause 33 (*Standard of Care*) of this Agreement shall not be affected hereby.

16. Power of Attorney

The Issuer hereby grants by way of security power of attorney to the Security Trustee, waiving the restrictions set forth in section 181 of the German Civil Code, and with the right to grant substitute power of attorney, to act in the name of the Issuer with respect to all rights of the Issuer arising under the Transaction Documents (except for the rights vis-à-vis the Security Trustee). Such power of attorney is irrevocable. It shall expire as soon as a New Security Trustee has been appointed pursuant to clauses 30 (*Termination by the Security Trustee for Good Cause*) through 32 (*Transfer of Security; Costs; Publication*) of this Agreement and the Issuer has issued a power of attorney to such New Security Trustee having the same contents as the above power of attorney. The Security Trustee shall only act under this power of attorney in the context of its rights and obligations pursuant to this Agreement.

17. Foreclosure on the Security; Foreclosure Event

- 17.1 The Security shall be subject to foreclosure upon the occurrence of a Foreclosure Event. A Foreclosure Event shall occur when:
- (a) with respect to the Issuer an Insolvency Event occurs;
 - (b) the Issuer defaults in the payment of any interest on the most senior Class of Notes then outstanding when the same becomes due and payable, and such default continues for a period of five (5) Business Days; or
 - (c) the Issuer defaults in the payment of principal of any Note on the Final Maturity Date.

It is understood that the interest and principal on the Subordinated Loan and on the Notes (other than interest on the Class A Notes) will not be due and payable on any Payment Date (other than the Final Maturity Date) except to the extent there are sufficient funds in the Available Distribution Amount to pay such amounts in accordance with the Order of Priority.

The Security Trustee shall promptly and without undue delay give an Enforcement Notice to the Noteholders of the relevant Class and the Subordinated Lender and notify the Rating Agencies of the occurrence of a Foreclosure Event.

17.2 After the occurrence of a Foreclosure Event, the Security Trustee will at its reasonable discretion foreclose or cause foreclosure on the Security, provided that Security granted under the Deed of Charge and Assignment shall be subject to enforcement in accordance with the provisions therein. Unless compelling grounds to the contrary exist, the foreclosure shall be performed by collecting payments made into the Accounts on the Security or, inter alia, by assignment pursuant to clause 8.4(a) (*Authority to Collect; Assumption of Obligations; Further Assignment*). The provisions of the Corporate Services Agreement shall be unaffected by the foreclosure of the Security (subject to the provisions of clause 8.4 (*Authority to Collect; Assumption of Obligations; Further Assignment*) hereof).

17.3 Within fifteen (15) days after the occurrence of a Foreclosure Event, the Security Trustee shall give notice to the Noteholders, the Swap Counterparties and the Subordinated Lender, specifying the manner in which it intends to foreclose on the Security, in particular, whether it intends to sell the Security, and apply the proceeds from such foreclosure to satisfy the obligations of the Issuer, subject to the Order of Priority set out in clause 21 hereof. If, within sixty (60) days after the publication of such notice, the Security Trustee receives written notice from a Noteholder or Noteholders, together representing more than 50 per cent of the aggregate outstanding principal amount of the Class A Notes, or, provided that no Class A Notes are outstanding, the Class B Notes, objecting to the action proposed in the Security Trustee's notice, the Security Trustee shall not undertake such action (other than the collection of payments on the accounts for the Security). For the avoidance of doubt, upon the occurrence of an Enforcement Event, the Security Trustee is not automatically required to liquidate the Purchased Receivables at market value.

18. **Payments upon Occurrence of a Foreclosure Event**

18.1 Upon the occurrence of a Foreclosure Event, the Security may be claimed exclusively by the Security Trustee. Payments on such Security thereafter will have effect only if made to the Security Trustee.

18.2 After the occurrence of the Foreclosure Event, payments on the obligations of the Issuer may not be made as long as, in the opinion of the Security Trustee, such payment will jeopardise the fulfilment of any later maturing obligation of the Issuer with higher rank.

18.3 In the case of payments on the Notes or the Subordinated Loan, the Security Trustee shall provide the Noteholders and the Subordinated Lender with advance notice of the Payment Date pursuant to the Conditions of the relevant Class of Notes or the Subordinated Loan Agreement. In the case of such payment to the Noteholders, the Security Trustee is only responsible for making the relevant amount available to the Paying Agent. In order to do so, the Security Trustee shall rely on the records of the Registrar in relation to any determination of the principal amount outstanding of each Global Note and on the records that each of the Relevant Clearing Systems holds for its customers which reflect the amount of such customer's interest in the Notes.

18.4 After all Secured Obligations have been fulfilled, the Security Trustee shall release any remaining Security and pay out any remaining amounts to the Issuer.

19. **Continuing Duties**

Clauses 12 (Acceptance, Safekeeping, and Review of Documents; Notification of the Issuer) through 15 (Breach of Obligations by the Issuer) of this Agreement shall continue to apply after a Foreclosure Event has occurred.

20. **Distribution Account; Accumulation Account; Counterparty Downgrade Collateral Account; Swap Provisions**

20.1 The Distribution Account shall be used for the fulfilment of the payment obligations of the Issuer.

20.2 The Issuer shall ensure that all payments made to the Issuer (other than the collateral under the Swap Agreements and Swap Termination Payments which shall be deposited in accordance with clauses 20.6 and 20.8 below) shall be made by way of a bank transfer to or deposit or in any other way into the Distribution Account.

- 20.3 The Issuer has entered into the Swap Agreements, to hedge the floating rate interest exposure on the Class A Notes and the Class B Notes. The Issuer may, from time to time, enter into one or more replacement Swap Agreements with one or more replacement Swap Counterparty in the event that a Swap Agreement is terminated prior to its scheduled expiration pursuant to an "event of default" where the Swap Counterparty is the Defaulting Party (as defined in the relevant Swap Agreement) or "termination event" under the Swap Agreement. The replacement Class A Swap Agreement and the Class B Swap Agreement will have initial notional amounts equal to the aggregate principal amounts of the Class A Notes and the Class B Notes, respectively, on the Issue Date. The notional amount of each Swap Agreement will decrease by the amount of any principal payments on the applicable Class A Notes or Class B Notes.
- 20.4 In the event that a Swap Counterparty is required to collateralise its obligations pursuant to the terms of the Swap Agreement such amounts will be held in the Counterparty Downgrade Collateral Account and any such amounts deposited therein will be held on trust for the Swap Counterparty. The Counterparty Downgrade Collateral Account shall be segregated from the Distribution Account and from the general cash flow of the Issuer. Collateral deposited in such Counterparty Downgrade Collateral Account shall not constitute Available Distribution Amounts and shall be monitored on a specific collateral ledger. Amounts standing to the credit of the Counterparty Downgrade Collateral Account (or securities deposited therein) shall secure solely the payment obligations of the Swap Counterparty to the Issuer under the Swap Agreement. The amounts in the Counterparty Downgrade Collateral Account will be applied in or towards satisfaction of the respective Swap Counterparty's obligations to the Issuer upon termination of the respective Swap Agreement. Any Excess Swap Collateral owing to the respective Swap Counterparty pursuant to such Swap Agreement shall not be available to Transaction Creditors and shall be returned to such Swap Counterparty in accordance with the applicable Swap Agreement and outside of the Order of Priority. Any Swap Tax Credits will be applied to the Swap Counterparty outside of the Order of Priority. The respective Swap Counterparty shall bear any costs and expenses in connection with the Counterparty Downgrade Collateral Account. If the Issuer incurs any liabilities, costs or expenses in connection with the Counterparty Downgrade Collateral Account, the respective Swap Counterparty shall reimburse the Issuer immediately upon request from the Issuer.
- 20.5 The Servicer shall calculate and provide, by delivery of the Servicer Report, written notification to a Swap Counterparty and to the Security Trustee of the notional amount of each Swap Agreement as of each Payment Date on or before the Servicer Report Performance Date in the month of the related Payment Date. The Interest Determination Agent shall provide the Servicer with the calculation of SONIA. The Servicer shall provide the calculation of SONIA to the Security Trustee under this Agreement and shall forward the amounts calculated by the calculation agent under each Swap Agreement in respect of all payments due under such Swap Agreement on each Payment Date, including Net Swap Receipts and Swap Termination Payments, payable in accordance with clause 21 (*Order of Priority*) below, and shall provide written notification of such amounts to the Swap Counterparty and to the Security Trustee prior to such Payment Date. The parties hereto hereby acknowledge that with respect to the obligations under each Swap Agreement of the parties thereto, all calculations shall be performed by the calculation agent as appointed under the relevant Swap Agreement.
- 20.6 In the event of any early termination of the transaction under any Swap Agreement any Swap Termination Payments received by the Issuer or the Security Trustee on behalf of the Issuer from the related Swap Counterparty will be remitted to such Counterparty Downgrade Collateral Account.
- 20.7 The Issuer shall promptly, following the early termination of the Swap Agreement due to an "event of default" or "termination event" (each as defined in the applicable Swap Agreement) and in accordance with the terms of the Swap Agreement, enter into a replacement Swap Agreement with an Eligible Swap Counterparty to the extent possible and practicable through application of amounts in the Counterparty Downgrade Collateral Account (after returning any Excess Swap Collateral to the Swap Counterparty).
- 20.8 Subject to clause 20.11, on each Payment Date following the termination of a Swap Agreement, funds standing to the credit of the Counterparty Downgrade Collateral Account (after returning any Excess Swap Collateral to the Swap Counterparty) shall be used to cover any shortfalls in the

amounts payable under items *first* through *tenth* according to the Order of Priority set out in clause 21.3 (*Order of Priority*) or items *first* through *ninth* in the Order of Priority set out in clause 21.5 (*Order of Priority*), as applicable, provided that in no event will the amount withdrawn from the Counterparty Downgrade Collateral Account for such purpose exceed the amount of Net Swap Receipts that would have been required to be paid to the Issuer on such Payment Date under the terminated Swap Agreement had there been no termination of such Swap Agreement.

- 20.9 Any Swap Replacement Proceeds which are received by the Issuer or the Security Trustee on behalf of the Issuer from a replacement Swap Counterparty will be remitted directly to the Counterparty Downgrade Collateral Account. Such Swap Replacement Proceeds shall be applied in payment of any Swap Termination Payments to the Swap Counterparty under the initial Swap Agreement outside the Order of Priority. If Swap Replacement Proceeds are insufficient to pay the Swap Termination Payment due to the initial Swap Counterparty, any shortfall shall be paid in accordance with the Order of Priority. If Swap Replacement Proceeds exceed the Swap Termination Payment due to the initial Swap Counterparty, any excess shall be treated as part of the Available Distribution Amount.
- 20.10 Upon payment of all amounts payable under the Notes the sums remaining in the Counterparty Downgrade Collateral Account shall be paid according to the following order of priority:
- (a) *first*, to the Subordinated Lender amounts payable in respect of accrued and unpaid interest on the Subordinated Loan (including, without limitation, overdue interest);
 - (b) *second*, to the Subordinated Lender, until the aggregate principal amount of the Subordinated Loan has been reduced to zero; and
 - (c) *third*, to pay all remaining excess to VWFS by way of a final success fee.
- 20.11 The Issuer will on the date of this Agreement establish at the Account Bank the Accumulation Account to collect during the Revolving Period payments as set forth in the ninth and tenth items, of the Order of Priority according to clause 21.3. During the Revolving Period, amounts on deposit in the Accumulation Account shall be used by the Issuer for the purchase of Additional Receivables from the Seller according to the terms for the purchase of Additional Receivables as set forth in clause 4 (*Sales of Additional Receivables*) of the Receivables Purchase Agreement. The determination made by such expert shall be final and binding upon the Issuer and the Security Trustee. It is understood that the additional tasks to be performed by the Security Trustee will not be delayed, but instead will be continued as if the Issuer and the Security Trustee would have agreed on a fee immediately.

27. **Reimbursement of Expenses**

The Issuer shall bear all reasonable costs and disbursements (including costs for legal advice and costs of other experts) incurred by the Security Trustee (other than in relation to tax on its own income, profits or gains or any FATCA Deduction) in connection with the performance of its duties under this Agreement, including the costs and disbursements in connection with the creation, holding, and foreclosure on the Security.

Each of the Note Purchasers has entered into the Note Purchase Agreement with the Issuer. Each Note Purchaser has agreed to comply with the selling restrictions set out below.

The issuance of the Notes is not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section 20 of the U.S. Risk Retention Rules. "U.S. Risk Retention Rules" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended, adopted pursuant to the requirements of Section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

The Notes at all times may not, without the prior consent of the Seller, be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of "U.S. person" in Regulation S.

Each purchaser of Notes, including beneficial interests therein, will be deemed, and in certain circumstances will be required, to represent and agree that: (1) it is not a Risk Retention U.S. Person (2) it is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note; and (3) it is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

The Notes may not be sold to, or for the account or benefit of, U.S. persons except (i) pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act and (ii) in accordance with an exemption from the U.S. Risk Retention Rules.

Article 7 and Article 22 of the Securitisation Regulation

For the purposes of Article 7 and Article 22 of the Securitisation Regulation the Servicer (on behalf of the Seller as the originator for the purposes of the Securitisation Regulation) confirms and (where applicable) will make available the following information:

- (a) Before pricing of the Notes, for the purpose of compliance with Article 22(1) of the Securitisation Regulation, the Servicer will make available to investors and potential investors information on static and dynamic historical default and loss performance, for a period of at least 5 years. In this regard, see the section "*HISTORICAL PERFORMANCE DATA*" of this Base Prospectus.
- (b) For the purpose of compliance with Article 22(2) of the Securitisation Regulation, the Servicer confirms that a sample of Financing Contracts has been externally verified by an appropriate and independent party prior to the date of this Base Prospectus (see also the section "*THE PURCHASED RECEIVABLES POOL*") (as well as an agreed upon procedures review, amongst other things, of the conformity of the Financing Contracts in the Portfolio with certain of the Eligibility Criteria (where applicable)) . For the purposes of

the verification a confidence level of at least 95% was applied. The Servicer confirms no significant adverse findings have been found. The independent party has also performed agreed upon procedures on the data included in the stratification tables in the section "THE PURCHASED RECEIVABLES" in order to verify that the stratification tables are accurate. The Servicer confirms no significant adverse findings have been found. Based on the review by the independent party, the Servicer confirms that to the best of its knowledge such information is accurate and in accordance with the facts and does not omit anything likely to affect its import.

- (c) Before pricing of the Notes, for the purpose of compliance with Article 22(3) of the Securitisation Regulation, the Servicer will make available a cashflow liability model of the Transaction on the website of Moodys Analytics <https://www.sfportal.com/deal/summary/YBI.DRIVERUK20201> which precisely represents the contractual relationship between the Purchased Receivables and the payments flowing between the Seller, investors in the Notes. Such cashflow model will be available after the Closing Date to investors on an ongoing basis and to potential investors on request.
- (d) For the purpose of compliance with Article 22(4) of the Securitisation Regulation, the Servicer confirms that, so far as it is aware, information on environmental performance of the Vehicles relating to the Purchased Receivables is not available to be reported pursuant to Article 22(4). The Servicer confirms that once information on environmental performance of the Vehicles relating to the Purchased Receivables is available and able to be reported, it will make such information available to investors on an ongoing basis in order to comply with the requirements of Article 22(4) of the Securitisation Regulation.
- (e) Before pricing of the Notes and within 15 days of the Closing Date, for the purposes of compliance with Article 22(5) and Article 7(1)(b) of the Securitisation Regulation, the Servicer will make available certain Transaction Documents and the Base Prospectus. Such Transaction Documents in final form will be available after the Closing Date to investors on an ongoing basis and to potential investors on request.
- (f) Before pricing of the Notes in initial form and on or around the Closing Date in final form, for the purposes of compliance with Article 7(1)(d) of the Securitisation Regulation, the Servicer will make available the STS notification referred to in Article 27 of the Securitisation Regulation on the website of the European Data Warehouse (www.eurodw.eu).

- (h) For the purposes of Article 7(1)(f) of the Securitisation Regulation the Issuer will, without delay, publish any inside information relating to the Transaction. The Servicer is not required to comply with Article 7(1)(f).
